PART I - BUSINESS AND GENERAL INFORMATION

Item 1. Business

Business Development

Wellex Industries, Incorporated (the "Parent Company") was incorporated in the Philippines on October 19, 1956 primarily to engage in the business of mining and exploration and was formerly known as Republic Resources and Development Corporation (REDECO).

On February 11, 1995, the SEC approved the Company's amendment in its Articles of Incorporation. The Company changes its primary purpose from mining activities to development operation of all types of business enterprises, including but not limited to enterprises engaged in the business of real estate development. Mining, however, continues to be one of the Company's secondary purposes.

The Parent Company's change in name was approved by the Securities and Exchange Commission (SEC) on September 18, 1997. The Parent Company extended its corporate life for another fifty years up to October 19, 2056 which was approved by the Securities and Exchange Commission (SEC) on July 20, 2007.

On November 20, 2008, the Board of Director and stockholders approved the amendment of its Articles of Incorporation amending the Parent Company's primary purpose. The Parent Company's primary purpose was changed to employment of capital for the purpose of assisting mining enterprises. The Parent Company's secondary purpose, however, remains for operation of all types of business enterprises, such as property holding and development, management, manufacturing, investments and other business. The amendment was approved by the SEC on April 3, 2009.

The Parent Company's shares are listed and traded on the Philippine Stock Exchange (PSE).

The Parent Company and its subsidiary, Plastic City Industrial Corporation (PCIC) (collectively referred to herein as the "Group"). PCIC has ceased its manufacturing and commercial operations but PCIC subsidiaries continue to lease out their warehouses and building facilities.

The registered office address of the Parent Company is located at 35th Flr, One Corporate Center, Dona Julia Vargas Ave., cor. Meralco Ave., Ortigas Center, Pasig City, Philippines.

Business Development of Subsidiary:

Due to difficult business situation which besieged the plastic manufacturing sector, subsidiary of Wellex Industries namely, Plastic City Industrial Corporation (PCIC) has decided to temporarily cease its manufacturing and commercial operations. The continued losses and cessation of operations were due mainly to scarcity of raw materials, increase in production costs in electricity, power and raw materials coupled with keen competition brought about the influx of imported goods. Due to the cessation of operations, the Group is now concentrating in leasing out its warehouse facilities.

Business of Wellex Industries, Inc.

(i) Principal products and services

Wellex Industries Inc. has a primary purpose of engaging in the business of mining and oil exploration. In prior years, the Company's business of mining and oil exploration was secondary to real estate development. The purpose of the amendment of the primary purpose was essentially to enable the Company to ride the crest of a resurgent mining industry including oil exploration of the country's offshore oil fields. The Company's strategy is to identify mining properties with proven mineral deposits particularly nickel, chromite, gold and copper covered by Mineral Production Sharing Agreements (MPSAs) and to negotiate for either a buy-out or enter into viable joint venture agreement. For its oil and mineral exploration activities, the Company has identified and conducted initial discussions with potential investors.

However, the continuing global financial crises dampened the metal and oil prices that adversely affected the investment environment of mining and oil and mineral exploration industry of the country.

Wellex Industries, Inc. also has investment on its subsidiary, PCIC.

Plastic City Industrial Corporation

In November 1999, the Company formalized the entry of Plastic City Industrial Corporation (PCIC) into the Wellex Industries, Inc. family. PCIC has the Philippines' first fully-integrated manufacturer of plastic products used in a number of industries.

From its humble beginnings as a plastic scrap palletizing operation in 1969, PCIC became the forefront of the plastics industry until year 2002, a year when the company was greatly affected by economic crisis. It was then the company was forced to stop its operation.

PCIC's plants are located on a 50-hectare property north of Metro Manila in Valenzuela City. Plastic City is an industrial metropolis in itself.

The PCIC subsidiaries stopped operations in 2002.

(ii) Export Sales

Wellex Industries, Inc. and its subsidiary are not engaged in export sales.

(iii) Distribution Methods of the Products

Since the Parent Company's subsidiary ceased in manufacturing and commercial operations, there are no distributions of products.

(iv) Publicly-announced new product or services

Wellex Industries, Inc. and its subsidiary have no new publicly-announced product or service.

(v) Competition

Since the Parent Company's subsidiary ceased manufacturing and commercial operations and currently focusing on temporarily leasing out its warehouse facilities, the company has limited competitors for warehousing space in Canumay Area, Valenzuela City.

(vi) Sources and availability of raw materials and principal supplier

Since the Parent Company's subsidiary has ceased in manufacturing and commercial operations, purchases and use of raw materials have stopped.

(vii) Dependence on one or few major customers

Wellex Industries, Inc. and its subsidiary are not dependent on any one industry, company or customers.

(viii) Transactions with and/or dependence on related parties

Since the Parent Company's subsidiary ceased manufacturing and commercial operations, there are no major transactions with related parties save for the disclosures in financial statements.

(ix) Patent, Trademark, Copyright, Franchise, Concession or Royalty Agreement

Wellex Industries, Inc. and its subsidiary are not covered with any patent, trademark, copyright, franchise, concession or royalty agreement.

(x) Government Approval of Principal Products or Services

There is no need for any further government approval on principal products of Wellex Industries, Inc. and its subsidiary. All existing permits and licenses are valid and are renewed upon expiration thereof.

(xi) Effect of Existing or Probable Governmental Regulations on Business

Since the Parent Company's subsidiary ceased manufacturing and commercial operations there are no existing or probable governmental regulations on business.

(xii) Estimate of the Amount Spent During Each Year of the Last Three Calendar Years on Research and Development Activities

There are minimal research and development in Wellex Industries Inc. and its subsidiary.

(xiii) Cost and Effects of Compliance with Environmental Laws

Since the Parent Company's subsidiary ceased in manufacturing and commercial operations, there are minimal cost associated with compliance of environmental laws.

(xiv) Total Number of Fulltime Employees (as of December 31, 2025):

Wellex Industries Inc. and its' subsidiary have eighteen (18) regular employees. There are no Collective Bargaining Agreements (CBA). There has been no strike or any similar threat for the last 3 years; also, there are no supplemental and incentive arrangements with its employees. The number of employees may be increased only upon entry of new investors.

(xv) Major Risk

Since the Parent Company's subsidiary are ceased in manufacturing and commercial operations, there are no major risk forecasted for the company as a whole.

Additional Requirements as to Certain Issues or Issuers

Not Applicable

Item 2. Properties

Description of Properties

The Parent Company has properties in Rodriguez (formerly Montalban), Rizal, with an aggregate cost of ₱51,782,495 and ₱51,782,495 as at December 31, 2025 and 2024. Land was received in exchange for its shares of stock in accordance with stock-for-assets swap arrangement entered into with various affiliates.

Land with aggregate carrying amount of ₱6,484,920 as at December 31, 2022 and total area of 49,884 sqm. which was under litigation was swapped with another property which is about the same size and location that was owned by certain individuals. On April 14, 2023, a Deed of Absolute Sale was executed on the swapping of these properties. With the risk involved on the property which was under litigation, the Company sold the said property lower than its cost or total selling price of ₱5,790,121 and incurred loss on sale in the amount of ₱694,799 for the year ended December 31, 2023. On the property acquired, total purchase price was ₱5,932,415 with total area of 50,056 sqm.

During the year 2024, the Parent Company recorded back a previously foreclosed property (as third party mortgagor) located in Pasig City with an area of 2,868 sqm. by virtue of an affiliate's case Order issued by the Supreme Court on September 15, 2021 declaring the foreclosure proceedings last November 24, 2009 as Null and Void. A partial compliance to the Writ of Execution issued last October 18, 2024 was implemented by reconstituting TCT No. PT-101859 (under new TCT No. 011-2023000787) and restoring actual possession of the property. The Parent Company closed its advances to Polymax Worldwide Limited (party to the case) amounting to ₱105,060,000, recorded an investment property amounting to its old book value of ₱186,420,000 and a recovery of impairment loss of ₱81,360,000.

Total investment properties and its improvements located in Rodriguez (formerly Montalban) and Pasig City of the Parent Company as of December 31, 2025 and 2024 amounted to ₱239,503,308 and ₱238,202,495, respectively.

Except from restrictions described above, there are no other restrictions on the realizability of its investment properties and no other contractual obligations to purchase, construct or develop investment properties or for repairs, maintenance and enhancements.

Properties of the Company's Subsidiary under Plastic City Industrial Corporation are as follows:

LAND

Properties at any one time or another are subject, in the ordinary course of business, to certain liens and/or encumbrance in favor of their respective bank creditors on short term basis for short term bank facilities, whether or not there are outstanding obligations thereto. None of the stated properties are under any lease contract.

The company has no intention of acquiring property for the next twelve (12) months.

Item 3. Legal Proceedings

In connection with the case:

G.R. No. 249337 entitled, "Waterfront Philippines, Inc. (WPI), Wellex Industries, Inc. (WIN), and The Wellex Group, Inc. (TWGI) vs. Social Security System (SSS)" with Supreme Court Decision dated July 6, 2021, below cases were filed:

- *Civil Case No. Q-04-52629 entitled "Social Security System vs. Waterfront Philippines, Inc., Wellex Industries, Inc. & The Wellex Group, Inc." filed before the Regional Trial Court of Quezon City for Claim for Sum of Money with Damages*
 - a. This is originally a claim for sum of money with damages filed by the Social Security System (SSS) against Waterfront Philippines, Inc. (WPI), Wellex Industries, Inc. (WIN) and The Wellex Group, Inc. (TWGI) for the non-payment of the Contract of Loan with Real Estate Mortgage and Assignment of Shares with Option to Convert to Shares of Stock (subject contract) in the amount of ₱375,000,000 before the RTC Branch 76 of Quezon City
 - b. The RTC rendered its Decision ordering WPI to return the ₱375,000,000 to SSS and for the latter to reconvey to WIN the properties covered by TCT Nos. N-153395 and N-153396 ("subject properties"). SSS was directed to return: (1) to TWGI, the stock certificates representing the 235,000,000 shares of WPI; (2) to WIN, the stock certificates representing the 80,000,000 shares of WIN; and (3) to WPI, the original copies of the TCTs submitted as proposed additional collaterals.
 - c. SSS appealed before the Court of Appeals (CA). The CA Decision granted the appeal, reversed and set aside the RTC Decision and ordered WPI to satisfy the deficiency under the subject contract in the sum of ₱841,567,136.85 due to SSS.
 - d. The Supreme Court reversed and set aside the CA Decision. It declared the subject contract and the Certificate of Sale null and void, and ordered the parties, in mutual restitution, to return what has been received under the subject contract, together with any income, fruits or dividends realized therefrom. It ordered WPI to pay SSS ₱375,000,000 plus legal interest. It ordered SSS to, among others, a) return to WPI the amount of ₱35,827,695.87 it paid on the principal of the loan, subject to legal interest, and to reconvey to WIN the subject properties (used as collaterals) with all the income derived from said properties. It also said that any income earned from the subject properties and any dividends received from the stock certificates, must be returned with a legal interest.
 - e. There is no pending incident before the RTC as of this report.

- *C.A.-G.R. SP No. 183716 entitled “Social Security System vs. The Honorable Renato M. Pambid, Waterfront Philippines, Inc., Wellex Industries, Inc. & The Wellex Group, Inc.”*
 - a. This incident pertains to the execution proceedings Civil Case No. Q-04-52629 before the RTC. In the Order dated August 17, 2023, the RTC approved the amount of ₱1,217,072,054.79 as the amount payable to SSS by WPI pursuant to the Supreme Court Decision, and the amount of ₱109,571,709.91 as the amount payable to WPI by SSS. It also found that the payment of reasonable rentals to WIN is proper for the period that it was deprived of possession of the subject properties, considering that the subject contract and the Certificate of Sale were declared null and void by the Supreme Court. It approved the total amount of ₱849,382,594.99 as the rental due to WPI (WIN assigned to WPI all of its rights, title and interests in and to the income earned from the subject properties).
 - b. The RTC applied the provisions on legal compensation (set off) and found that WPI still owes and should return to SSS the net amount of ₱258,117,749.89 (₱1,217,072,054.79 less ₱958,954,304.90). It ordered SSS to reconvey to WIN the subject properties. The RTC denied SSS’ motion for reconsideration in the Order dated January 12, 2024.
 - c. SSS filed a petition for certiorari under Rule 65 before the Court of Appeals challenging the RTC Orders.
 - d. This is already awaiting the decision of the Court of Appeals.

- *CA-G.R. SP No.187166 entitled ““Social Security System vs. Hon. The Honorable Renato M. Pambid, Waterfront Philippines, Inc., Wellex Industries, Inc. & The Wellex Group, Inc.” filed before the Court of Appeals for Petition for Certiorari (with Application for Temporary Restraining Order and/or Preliminary Injunction)*
 - a. This incident also pertains to the execution proceedings Civil Case No. Q-04-52629 before the RTC
 - b. The real estate mortgage (in the Contract of Loan with Real Estate Mortgage and Assignment of Shares with Option to Convert to Shares of Stock) covers two (2) parcels of land registered in the name of WIN and covered TCT Nos. N-153395 and N-153396 (subject properties). During the proceedings, SSS caused the foreclosure sale, and purchased and caused the registration of the subject properties in its name under TCT No. 281261 and TCT No. 281262.
 - c. After the RTC approved the set off of SSS’ and WPI’s obligations, WPI paid SSS ₱258,117,749.89 as balance, but SSS did not reconvey the subject properties.
 - d. WPI, WIN and TWGI filed a Motion to Direct the Register of Deeds of Quezon City to Cancel TCT Nos. N-281261 and N-281262 and to Reinstate TCT Nos. N-153395 and N-153396. SSS filed a Comment.
 - e. In the Order dated August 6, 2024, the RTC divested SSS of the title to the subject properties and ordered the Register of Deeds to cancel TCT Nos. N-281261 and N-281262 in the name of WIN. It denied the SSS’ motion for reconsideration and motion for inhibition in the Order dated October 3, 2024.
 - f. SSS filed a petition for certiorari under Rule 65 before the Court of Appeals challenging the RTC Orders.
 - g. This is awaiting the order of the Court of Appeals to file comment on the petition for certiorari.

Dividends

The Parent Company's Articles of Incorporation states that dividends may be declared only out of the unrestricted retained earnings. The Group has declared no cash dividends on its common shares for the previous years. The Group's financial statements as of December 31, 2025 reflect negative retained earnings. Thus, unless the Group's retained earnings position changes, the directors will not be able to legally declare any dividends on its common shares.

Wellex Industries Inc. and its subsidiaries has no restrictions that limit the ability to pay dividends on common equity.

Recent Sales of Unregistered or Exempt Securities

There are no recent sales of unregistered or exempt securities.

Item 6. Management's Discussion and Analysis or Plan Operation

Plan of Operation

Years ago, the Group ceased its downstream plastic manufacturing and commercial operations due to high production costs and stiff competition from Chinese imports. The Group's operations were refocused to leasing out its warehouse facilities. The Group has, since then, reorganized its operations and its warehouse are currently almost fully occupied by tenants despite the market difficulties brought about by the departure of the Chinese entrepreneurs servicing the POGO industry.

The Group still intends to re-enter the real estate market, specifically the repositioning of its 21-hectare industrial estate in Valenzuela City into a mixed-use project, and the development of industrial estates/subdivisions in new locations, for which it has already gained sufficient expertise with its existing operations.

In order to reinvigorate the economy, the government has declared that mining entities will be allowed to renew operations. With this welcome development, the Parent Company has reevaluated the acquisition of mining companies with existing Mineral Product Service Agreement (MPSA) with the Mines and Geosciences Bureau (MGB). This is in the hope that these proposed targets will ride the upward trend in the industry. Both metal and non-metal operations, including target companies involved in construction aggregates have been studied in greater detail.

Of several potentials, the Parent Company has narrowed the selection process to two target projects, and a more stringent business analysis is being conducted by the Company's mining consultants. The parent company will of course, fully comply with stringent requirements of the Department of Environment and Natural Resources (DENR).

Projected Plan For The Next Twelve (12) Months:

The Group did not pursue the Agreement with Avida Land Corporation (ALC) for the development of the 21-hectare property in Valenzuela City. The project will now be undertaken in joint venture with Philippine Estate Corporation (PHES), an affiliate, and will involve the conversion of the industrial estate into a mixed-use hub with complimentary commercial, office and residential zones. The Group are certain that this shift in character will greatly increase the value of the property and will encourage the development and growth of a new Central Business District for Valenzuela City. The commencement of the redevelopment, however, will depend on the strengthening of real estate demand for mid-market projects. With the warehouses vacated by long term lessees (San Miguel group), the Group is planning to convert such warehouse into sports hub which are now in demand for indoor sports like badminton and pickle ball. Such plan will still be discussed and planned with the Group's contractors in the mid part of 2026.

Business and Operations

Based on current operation, the Group's cash requirements can be generated internally from rental income from the remaining warehouse lease contracts. The management believes that resources are sufficient for projected leasing plans for the next twelve months. However, should there be an opportunity for an interested business acquisition as related above, there might be a need to raise funds via a stock rights offering with the local course and selling of Group's raw land to interested buyers at reasonable price. In any case, the Group has substantial amount of trade receivables and receivables from related parties which are realizable upon demand.

Project Research and Development

The Group will also explore new business opportunities in the development of industrial estates, and to this end, ocular inspections for suitable raw land for development into industrial estates and logistics hubs are being carried out in Cavite, Laguna, Batangas and Bulacan. Discussions have been carried out with local government city planning officials in order to determine which sites are candidates for long-term success, and we are in constant communication with urban planners and construction engineers in order to fully understand the financial feasibility models for the development of these industrial estates and logistics hubs. As of the end of 2025, shortlisted locations are still for presentation of feasibility studies of contracted engineers and various permits are being secured and will project to start finalization of proposals by the last quarter of 2026.

Manpower and Capital Asset Requirements

Project manpower will be outsourced when needed. Technical and managerial positions will be filled when future operations commence in either the mining sector or industrial estate development. A capital-infusion and build-up program will address the Group's financial standing, the size and timing of which will be directly related to the planned entry into new business endeavors.

Despite the stabilization of global travel and renewed business interest in the Philippines, new territorial issues with claim have arisen at the West Philippine Sea. This, together with the economic turbulence brought about by the war in Ukraine, Venezuelan conflict and the civil unrest in Iran, has made management cautious about entering into new business ventures.

Given the enumerated programs, the Group is confident in its ability to continue as a going concern and have prepared the financial statements on that basis.

Management's Discussion and Analysis

Key Performance Indicators

The Company and its subsidiaries determine their performance on the following five (5) key performance indicators.

1. **Revenue Growth** – the Group gauge its performances by determining rental income and the number of tenants for the year. For the year ended December 31, 2025, the Group has an average of ₱857,263 rental income per tenant (with 28 areas being leased out) as compared to last year's ₱930,376 rental income per tenant (with 35 areas being leased out). Total rental income for the year ended December 31, 2025 and 2024 are ₱24,003,357 and ₱32,563,156, respectively or decrease of 26% due to nonrenewal of lease contracts of long term clients such as San Miguel Brewery, Inc. which ended the lease contract last April 30, 2025. The Group continuous to manage rental rates and spaces to generate more income, take care of it for existing tenants and invite other potential clients.
2. **Receivables** – the company assesses the collection receivables and management of credit line by determining the past due ratio done thru the aging receivables. The company considers receivables over 60 days as past due. This is derived by dividing past due receivables by the total outstanding receivable.
3. **Gross Profit Margin** – this is derived by dividing the gross profit over the revenues amount.
4. **Working Capital** – to meet the obligations of the company, it is measured by determining current assets over current obligations.
5. **Advances by the Affiliates** – this is to determine, how much the obligations of the company of which, the affiliated companies are responsible in paying the liabilities. Total amount added/(deducted) on advances from affiliates for the year ended December 31, 2025 and 2024 are ₱1,328,762 and ₱2,680,423, respectively.

Indicator	2025	2024
Average Revenue Per Tenant	(7.86%)	22.85%
Receivables (Past Due Ratio)	99.38%	98.91%
Gross Profit Rate	66.66%	60.80%
Working Capital	529.47%	423.98%
Advances Ratio	0.33%	0.67%

For the year 2025, all working capital requirements came from the rental income generated by the subsidiaries and collection of advances from affiliates.

Financial Highlights

The following table shows the comparative operating data and financial statements of the Company for the years ending December 31, 2025 and 2024.

	As of December 31	
	2025	2024
<i>Income Statement</i>		
Rental Income	₱ 24,003,357	₱ 32,563,156
Total Expenses	(33,552,633)	(32,253,681)
Income (Loss) from Continuing Operations	(9,549,276)	309,475
Other income (expenses)	900,138	202,008,519
Finance cost	(772,560)	(774,049)
Income tax expense – current & deferred	(1,702,223)	(2,591,752)
Net Income (Loss) for the year	(11,123,921)	198,952,193
Earnings (Loss) Per Share	(0.0034)	0.0607
<i>Balance Sheet</i>		
Current Assets	53,327,927	60,258,331
Noncurrent Assets	1,753,008,120	1,759,983,157
Total Assets	1,806,336,047	1,820,241,488

Total Liabilities	415,259,394	418,040,914
Stockholder's equity	1,391,076,653	1,402,200,574
Total Liabilities & Equity	₱1,806,336,047	₱1,820,241,488

CHANGES IN RESULTS OF OPERATION

Revenues and Earnings per share

Total revenues for the year 2025 and 2024 are ₱24M and ₱32.6M, respectively. The Group has ceased manufacturing and commercial operations since 2002 and currently disposed to lease out its warehouse facilities. For the year 2025, revenue decreased by ₱8.6M or 26.38% as compared to year 2024 as the number of tenants and areas being leased out has decreased (e.g. nonrenewal of lease contract of San Miguel Brewery, Inc. For 2025, total number of tenants are twenty-four (24) leasing out twenty-eight (28) areas as compared to thirty-two tenants (32) leasing out thirty-five (35) areas. With the competition for warehousing facilities in the market, some tenants didn't renew their lease contracts thus contributing the in the decrease in rental revenue in 2025.

Earnings (loss) per share comparisons from year 2025 and 2024 as follows: (₱0.0034) and ₱0.0607 respectively.

Cost and Expenses and Other Income (Expenses)

Total expenses as reflected on the table consist of direct cost, operating expenses and other income (expenses) and finance cost.

Direct cost consists primarily of depreciation, security services, repairs and maintenance, property taxes and insurance. Direct cost for 2025 decreased by ₱4.8M or 37.5% as compared to last year due to the following: lower property taxes paid for the current year by ₱1.8M, lower security services by ₱2.4M due to vacated warehouses by San Miguel group and fewer repairs and maintenance cost which decreased by ₱0.6M.

Total operating expenses for 2025 increased by ₱6.1M or 31.28% with net effect of increase in taxes and licenses by ₱2.5M, increase in security services by ₱2.3M, decrease in salaries and wages by ₱1.1M, increase in professional fees by ₱0.9M, increase in repairs and maintenance by ₱2.2M, decrease in commission by ₱0.2M, increase in listing and maintenance fees by ₱0.2M, increase in outside services by ₱0.4M and increase in other administrative expense by ₱1.1M.

The Group also reported an other income (loss) amounting to ₱0.9M and ₱202M in 2025 and 2024, respectively or a decrease of ₱201.1M or 99.55%. This account is comprised of interest income from savings account and interest income on advances to related parties, reversal (provision) for expected credit losses (ECL), gain from sale of assets and other income (expenses) earned and incurred other than the ordinary course of business of the company. During 2024, the company reversed an impairment loss on investment properties recorded in previous years amounting to ₱81.4M and a recovery of expected credit losses on advances to related parties amounting to ₱119.7M. While in 2025, other income/(expense) were mainly pertains to interest income on advances to affiliates and in banks of ₱0.9M and ₱0.010M, respectively and reversal of ECL for trade and receivables by ₱0.04M.

CHANGES IN FINANCIAL CONDITION

Current Assets

Cash

The Group's cash in 2025 decreased by ₱7.6 million or 59.74% as compared to 2024 due to the following activities: (a) net cash used in operating activities is (₱12.8 million), (b) net cash provided by investing activities is ₱4.8 million and (c) net cash provided by financing activities is ₱0.4 million).

Receivables

This account consists of trade receivables, advances to third parties, rental, reimbursable utilities expenses from tenants of PCIC and others. Rental receivables are collectible monthly based on terms of the contract. Total trade and other receivables amounted to ₱30.7M and ₱30.5M in 2025 and 2024, respectively. In 2025, trade and other receivables increase by ₱0.2M or 0.66% due to net effect of increase in advances to third parties by ₱0.7M, decrease in rent receivable by ₱0.1M and decrease in other receivable by ₱0.3M. Allowance for ECL was also increased by ₱0.1M due to additional provision for expected credit losses on advances to third parties.

Prepaid expenses and other current assets

Recorded balances of this account is ₱17.5M and ₱17.1M as of December 31, 2025 and 2025, respectively. This account increased by ₱0.4M or 2.34% due to usage of creditable withholding taxes of ₱0.7M against tax due for the year, recognition of input VAT by ₱0.9M and increase in other prepayments by ₱0.2M. The carrying amounts of the creditable withholding tax and input taxes are reduced to the extent that they are no longer probable that sufficient income tax due and revenue subject to VAT, respectively, will be available to allow all or part of the creditable withholding and input taxes to be utilized.

As of December 31, 2025, no provision for impairment has been recorded since management believes that the accounts are fully realizable.

Noncurrent Assets

Advances to Affiliates

This account consists of advances made by the company to finance the working capital requirements of its subsidiaries.

The recorded balance as of December 31, 2025 and 2024 amounted to ₱29.2 million and ₱34.3 million, respectively. Decrease by ₱5.1 million or 14.87% was due to offsetting arrangements wherein payment for office rental and utilities, management fee, refunded advances for working capital requirements during the year and interest income charged on the outstanding advances were offset (deducted) from the balance of advances (see Note 19 of the audited financial statements).

Investment Properties

This account consists of land, land improvements and buildings and improvements held primarily to earn rentals and for capital appreciation and future development. The land and buildings and improvements were situated in Valenzuela, Pasig and Rodriguez (formerly Montalban) Rizal. Total amount is ₱1,188,686,486 and ₱1,190,192,822 as of December 31, 2025 and 2024, respectively

During the year 2024, the Parent Company recorded back a previously foreclosed property (as third party mortgagor) located in Pasig City with an area of 2,868 sqm. by virtue of an affiliate's case Order issued by the Supreme Court on September 15, 2021 declaring the foreclosure proceedings last November 24,

2009 as Null and Void. A partial compliance to the Writ of Execution issued last October 18, 2024 was implemented by reconstituting TCT No. PT-101859 (under new TCT No. 011-2023000787) and restoring actual possession of the property. The Parent Company closed its advances to Polymax Worldwide Limited (party to the case) amounting to ₱105,060,000 and recorded an investment property amounting to its old book value of ₱186,420,000 and a recovery of impairment loss of ₱81,360,000.

The fair values are based combination of appraisal done by an independent appraiser on various dates in 2024 and using the market approach, in which the fair value is based on prices recently paid for similar assets, with adjustment made to the indicated market prices to reflect condition and utility of the appraised asset relative to the market comparable.

The fair values of the land were arrived using the sales comparison approach. The comparative approach, considers the sales of similar or substitute properties and related market data, and establishes a value estimate by process involving comparison. The value of the building and improvements was arrived at using the cost approach. In the cost approach, an estimate is made of the current replacement/reproduction cost, new of the replaceable property in accordance with the prevailing market prices for materials, equipment, labor, contractor's overhead, profit, fees and all other attendant costs associated with its acquisition, installation and construction in place, but without provision for overtime or bonuses for labor and premiums for materials.

The aggregate fair value of the investment properties amounted to ₱4,012,200,013 and ₱4,393,513,600 as at December 31, 2025 and 2024, respectively.

Interest in a Joint Operation

In July 1997, the Group, together with International Polymer Corp. (IPC), Pacific Rehouse Corp.(PRC) and Ropeman International Corp. (RIC), entered into a Joint Venture Agreement (the "Agreement") as Owners with Philippine Estates Corporation (PHES), as Developer. Under the agreement, the owners contributed land with an approximate area of 29.56 hectares located in Canumay, Valenzuela City, whereby PHES will develop into industrial estate in accordance with the plans mutually agreed by venturers.

The developer is entitled to forty percent (40%) of the net proceeds after deducting all relevant taxes, marketing and administrative expenses, and the remaining sixty percent (60%) of shall constitute the owners share, divided proportionately to the areas of property contributed.

As at December 31, 2025 and 2024, outstanding receivable from PHES amounted to ₱10,897,335, which pertains to the Group's share in the sale of lot, net of expenses.

No liabilities, revenue and expenses recognized in relation to the joint venture in 2025 and 2024.

Property and Equipment

This consists of buildings and improvements, machinery and equipment, transportation equipment and tools and furniture and fixtures of PCIC subsidiaries used for the manufacture of plastic products and food processing. As of December 2025 and 2024, total property and equipment is ₱0.1M and ₱0.4M or decrease by ₱0.3 million or 75% was mainly due additional depreciation and reversal of right-of-use asset which pertains to expired lease contract.

Total depreciation charged to operating expenses amounted to ₱0.3M, ₱0.3M and ₱1.0M in 2025, 2024 and 2023, respectively.

Fully depreciated property and equipment still in use as at December 31, 2025 and 2024 amounted to ₱567.9M and ₱564.4M, respectively.

Other Assets

This consists mainly of Refundable Deposits. An amount of ₱0.1M and ₱0.1M was recorded in year 2025 and 2024, respectively.

Current Liabilities

Accounts Payable

This account consists of trade payables to various suppliers of PCIC subsidiaries, deferred rental and government liabilities.

The amount recorded in year 2025 and 2024 are ₱7.1M and ₱8.3M, respectively or a decrease by ₱1.2M or 14.46% due mainly to the following: increase in accounts payable by ₱2.3M, decrease in deferred rental by ₱2.6M and decrease in government liabilities by ₱0.9M.

Accounts payable pertain to the amount due to suppliers which are payable from thirty (30) to ninety (90) days from the date of purchase and do not bear any interest.

Deferred rental represents advance rental paid by the lessees.

Government liabilities pertain to VAT payable, tax withheld from payment to suppliers, employee's compensation and statutory contributions to SSS, PHIC and HDMF.

Government liabilities

Advances from Lessee

Lease contracts include payment of advance rental by the lessee which shall be refunded without interest on the expiration of the lease or pre-termination of the lease period, less any corresponding obligation and damages. Outstanding advances from lessees amounted to ₱2,893,062 and ₱5,658,449 as at December 31, 2025 and 2024, respectively or a decrease by ₱2.8M or 48.87% due to nonrenewal of lease contract of San Miguel group.

Advances from Related Parties

This represents non-interest bearing cash advances extended by the affiliates and stockholders to the Company and its subsidiaries for working capital requirements. An increase of ₱1.3M or 0.33% was due to additional cash advances from related parties in 2025.

Lease Liability

The present value of lease liability – current amounted to ₱46,930 and ₱137,908 in 2025 and 2024, respectively or a decreased by ₱90,978 or 65.97% while the present value of lease liability – noncurrent amounted to nil and ₱46,930 in 2025 and 2024, respectively.

(i) Summary of Material Trends, Events and Uncertainties

Below is the list of legal matters of the Group, which are fully disclosed in Item3, Legal Proceedings:

In connection with the case:

G.R. No. 249337 entitled, "Waterfront Philippines, Inc. (WPI), Wellex Industries, Inc. (WIN), and The Wellex Group, Inc. (TWGI) vs. Social Security System (SSS)" with Supreme Court Decision dated July 6, 2021, below cases were filed:

- Civil Case No. Q-04-52629 entitled "Social Security System vs. Waterfront Philippines, Inc., Wellex Industries, Inc. & The Wellex Group, Inc." filed before the Regional Trial Court of Quezon City for Claim for Sum of Money with Damages
- C.A.-G.R. SP No. 183716 entitled "Social Security System vs. The Honorable Renato M. Pambid, Waterfront Philippines, Inc., Wellex Industries, Inc. & The Wellex Group, Inc."
- CA-G.R. SP No.187166 entitled ""Social Security System vs. Hon. The Honorable Renato M. Pambid, Waterfront Philippines, Inc., Wellex Industries, Inc. & The Wellex Group, Inc." filed before the Court of Appeals for Petition for Certiorari (with Application for Temporary Restraining Order and/or Preliminary Injunction)

(ii) Events that will Trigger Direct of Contingent Financial Obligation

Since the Plastic City Industrial Corporation ceased in manufacturing and commercial operations there are no events that will trigger direct of contingent financial obligation that is material to Wellex Industries Inc. including any default or acceleration of an obligation.

(iii) Material Off-Balance Sheet Transactions, Arrangements, Obligations

There are no material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of Wellex Industries Inc. with unconsolidated entities or other persons created during the reporting period. The present activity of the company is focused on reorganizing its operations in preparation for its new businesses.

(iv) Commitment for Capital Expenditures

Since the Plastic City Industrial Corporation ceased in manufacturing and commercial operation there are no commitments on major capital expenditures.

(v) Any Known Trends, Events of Uncertainties (Material Impact on Net Sales / Net Income)

The Group has ceased its manufacturing and commercial operations since 2002 and currently disposed to lease out its warehouse facilities. Rental Income recorded for the year 2025 compared to 2024 decreased by 26.29% due to nonrenewal of lease contract by San Miguel group. As of December 31, 2025, there are twenty-four (24) lessees occupying Twenty-eight (28) areas such as the warehouses, shipyards, open spaces and extensions inside the Plastic City premise.

Current ratio (current assets over current liabilities) as of December 31, 2025 is 529.47% with current assets of ₱53.3M over ₱10.1M current liabilities. The Group's policy to address liquidity risk is to maintain a balance between continuity of funding through cash advances from the Parent Company and affiliates. Payment of current liabilities such as government taxes, employees' premium contributions, etc. was funded through these cash advances. The Group does not expect to pay its liabilities to related parties within twelve months after the reporting date. Furthermore, advances from affiliates and stockholders were settled through assignment and offsetting among the Group.

On December 16, 2020, TWGI issued promissory note amounting to ₱46,578,262 for five years maturing December 15, 2025 and bear an interest of 2% per annum. The term of the loan was further extended the maturity for another five (5) years or until December 15, 2030 at the same interest rate per annum. Interest income earned amounted to ₱931,565 and ₱931,565 in 2025 and 2024, respectively (see Note 16).

(vi) Significant Element of Income or Loss That Did Not Arise from Continuing Operation

The Group adopted PFRS 16 using the modified retrospective approach, with recognition of transitional adjustments on deficit as at January 1, 2019, without restatement of comparative figures.

The Company has adopted the PFRS 9 Financial Instruments from January 1, 2018 and resulted in changes in accounting policies and adjusted amounts recognized in the financial statements. The comparative figures have been restated to comply with the transitional provisions in PFRS 9.

PFRS 9, Financial Instruments (2014). PFRS 9, Financial Instruments replaces PAS 39 Financial Instruments" Recognition and Measurement, bringing together all three aspects of the accounting for financial instruments: classification and measurement, impairment, and hedge accounting. The standard requires all recognized financial assets that are within the scope of PAS 39 to be subsequently measured at amortized cost or at fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely for payments of principal and interest on the outstanding balance are generally measured at amortized cost at the end of subsequent reporting periods. All other debts investments and equity investments are measured at their fair values at the end of subsequent reporting periods. For financial liabilities that are designated as at fair value through profit or loss, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income would create or increase an accounting mismatch in profit or loss. Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to profit or loss.

The Company has adopted the PFRS 9 *Financial Instruments* from January 1, 2018 and resulted in changes in accounting policies and adjusted amounts recognized in the financial statements. The comparative figures have been restated to comply with the transitional provisions in PFRS 9.

(vii) Material Changes on Line Items in Financial Statements

Material changes on line items in financial statements are presented under the captions 'Changes in Financial Condition' and 'Changes in Results of Operation'.

(viii) Effect of Seasonal Changes in the Financial Condition or Results of Operations

The financial condition or results of operations is not affected by any seasonal change.

(ix) Financial Risk Disclosure

The Group is exposed to a variety of financial risks which results from both its operating and financing activities. The Group's risk management is coordinated with the Group, in close cooperation with the BOD, and focuses on actively securing the short-term cash flows by minimizing the exposure to financial markets.

The Group does not actively engage in the trading of financial assets for speculative purposes nor does it write options.

The most significant financial risks to which the Parent Company is exposed to are described below.

Credit risk

Credit risk refers to the risk that counterparty will default its contractual obligation resulting in financial loss to the Group. The Group's credit risk is primarily attributable to its financial assets which composed of cash, trade and other receivables, instalment contract receivables and advances to related parties.

The Group's exposure to credit risk arises from default of the counterparty with a maximum exposure equal to the carrying amount of these instruments are shown on the face of Statements of Financial Position.

None of the Group's financial assets are secured by collateral or other credit enhancements, except for cash as described below:

Credit risk exposure

The Group's maximum exposure to credit risk without taking into account any collateral held or other credit enhancements arises from the carrying amount financial assets recognized in the consolidated statements of financial position. In order to minimize credit risk, the Group has developed and maintained internal credit risk grading to categorize exposures according to their degree of risk of default. The Group uses its own trading records to rate its major customers and other debtors.

None of the Group's financial assets are secured by collateral or other credit enhancements, except for cash as described below.

Cash in bank

The credit risk for cash in banks is considered negligible, since the counterparties are reputable banks with high quality external credit ratings. Cash in banks are insured by Philippine Deposit Insurance Corporation up to a maximum coverage ₱500,000 for every depositor per banking institution.

Trade and other receivables

Credit risk arising from rental income from leasing of buildings is primarily managed through a tenant selection process. Prospective tenants are evaluated on the basis of payment track record and other credit information. In accordance with the provisions of the lease contracts, the lessees are required to deposit with the Group security deposits and advance rentals which helps reduce the Group's credit risk exposure in case of defaults by the tenants.

For existing tenants, the Group has put in place a monitoring and follow-up system. Receivables are aged and analyzed on a continuous basis to minimize credit risk associated with these receivables.

The Group has applied simplified approach to measure the loss allowance at lifetime ECL on trade and other receivables.

Advances to related parties

For advances to related parties, the Group has applied the simplified approach to measure the loss allowance using management's adopted policy on ECL. The Group determines the ECL on these items by using a provision matrix, estimated based on historical credit loss experience based on the past due status of the debtors, adjusted as appropriate to reflect current conditions and estimates of future economic conditions.

To measure the ECL, trade and other receivables, and advances to related parties have been grouped based on shared credit risk characteristics and the days past due. The Group has therefore concluded that the expected loss rates for trade and other receivables, and advances to related parties are a reasonable approximation of the loss rates for the financial assets.

The management continues to review trade and other receivables and advances to related parties for any legally enforceable right to offset with liabilities with the expressed intention of the borrower to settle on a net basis.

Impaired accounts represent account of third parties and related parties that have not paid for a long time and for which the Group believes that a portion of the receivables may not be collected. The allowance is estimated based on the Group's estimate for accounts which it believes may no longer be collected.

Equity Price risk

Equity price risk is the risk that the fair value of equity instrument decreases as a result of changes in the value of individual stocks. The Groups exposure to equity price risk arises from investments held by the Group and classified in the Groups statements of financial position as financial asset at FVOCI.

Equity instruments designated at FVOCI in unquoted price are held for strategic rather than trading purposes. The Group does not actively trade these investments.

If the price of the financial assets at FVOCI had been 10% higher/lower the net income before tax for the year ended December 31, 2025 and 2024 would decrease/increase by ₱1,250,000.

Liquidity risk

The Group's policy is to maintain a balance between continuity of funding through cash advances from related parties.

Substantial portion of the Group's financial liabilities consist of advances from related parties. There are no specific terms of advances agreed with the related parties. The Group does not expect to pay its liabilities with related parties nor expect related parties to collect within twelve (12) months after the reporting date. Furthermore, advances from affiliates and stockholders were settled through assignment and offsetting among the Group.

(x) Disclosure under SEC Memorandum Circular No. 3, Series of 2012

PFRS 9, Financial Instruments (2014). PFRS 9, Financial Instruments replaces PAS 39 Financial Instruments" Recognition and Measurement, bringing together all three aspects of the accounting for financial instruments: classification and measurement, impairment, and hedge accounting. The standard requires all recognized financial assets that are within the scope of PAS 39 to be subsequently measured at amortized cost or at fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely for payments of principal and interest on the outstanding balance are generally measured at amortized cost at the end of subsequent reporting periods. All other debts investments and equity investments are measured at their fair values at the end of subsequent reporting periods. For financial liabilities that are designated as at fair value through profit or loss, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income would create or increase an accounting mismatch in profit or loss. Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to profit or loss.

The Group has applied the PFRS 9 starting 2018.

Item 7. Financial Statements

The consolidated Financial Statements and related Notes to Financial Statements of the Company are incorporated herein by reference and attached as an integral part of this Annual Report.

Other Relevant Information

The Company has adopted the PFRS 9 *Financial Instruments* from January 1, 2018 and resulted in changes in accounting policies and adjusted amounts recognized in the financial statements. The comparative figures have been restated to comply with the transitional provisions in PFRS 9.

The Group adopted PFRS 16 using the modified retrospective approach, with recognition of transitional adjustments on deficit as at January 1, 2019, without restatement of comparative figures.

See attached Notes to Consolidated Financial Statements for a detailed description of the changes in accounting policies and procedures.

Item 8. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure Information on Independent Accountant and other Related Matters**External Audit Fees and Services**

Audit and related fees (exclusive of VAT and out-of-pocket expenses) for Wellex Industries, Inc. and subsidiaries is ₱1,260,000 in 2025 and ₱1,215,000 in 2024 for expressing an opinion on the financial statements and assistance in preparing the annual income tax return. Any deficiencies in internal control and detected misstatements and fraudulent or illegal acts are other information given to the attention of the management. Audit committee's approval policies and procedures for the above services – the committee will evaluate the proposals from known external audit firms. The review will focus on quality of service, commitment to deadline and fees as a whole, and no one factor should necessarily be determinable.

Diaz Murillo Dalupan and Company, CPAs (DMDC), upon recommendation by the Audit Committee of the Board of Directors composed of Mr. Aristeo R. Cruz as Chairman and Mr. Josaias T. Dela Cruz and Mr. Ruben D. Torres as members, was appointed as the principal external auditors for the year 2025. The selection of external auditors is made on the basis of credibility, professional reputation, accreditation with the Securities and Exchange Commission and affiliation with a reputable foreign partner. The professional fees of the external auditors are approved by the Company after approval by the stockholders of the engagement and prior to the commencement of each audit season. In compliance with SEC Rule 68 paragraph 3(b)(iv) (Rotation of External Auditors), and as adopted by the Company, external auditors or engagement partners are rotated or changed every five years or earlier. Mr. Jozel Francisco C. Santos was the lead engagement partner from 2014 to 2015, Ms. Rosemary D. De Mesa in 2016 to 2018, Mr. Elirie S. Arañas for the year 2024 and Mr. Richard Noel M. Ponce in 2019-2023 and for the year 2025.

Changes and disagreements with Accountants on Accounting and Financial Disclosure

No independent accountant who was previously engaged as the principal accountant to audit Wellex Industries Inc. Financial Statements, on an independent accountant on whom the principal accountant expressed reliance in its report regarding a significant subsidiary, has resigned (or indicated it has declined to stand for re-election after the completion of the current audit) or was dismissed in the two most recent fiscal years or any subsequent interim period. Furthermore, there was no disagreement with the former accountant on any matter of accounting principles or practices, financial statement disclosures, or auditing scope or procedure.

PART III – CONTROL AND COMPENSATION INFORMATION

Item 9. Directors and Executive Officers of the Issuer

Directors, including Independent Directors and Executive Officers

There are eleven (11) members of the board, three (3) of whom are independent directors. Names, ages, citizenship and position and office of all directors and executive officers.

Terms of Office as a Director

The Directors of the Company are elected at the annual stockholders' meeting to hold office until the next succeeding annual meeting and until their respective successors have been elected and qualified. Thus, the term of the office of each director is one year, until the Board of Directors at its first meeting following the Meeting of the Stockholders has elected their successors annually. Their respective terms of office are until the corresponding meeting of the Board of Directors in the next year or until the successor shall have been elected or shall have qualified.

Business experiences during the past five years and other directorships.

WELLEX INDUSTRIES, INC.

LISTED IN THE PHILIPPINE STOCK EXCHANGE

STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

The management of **WELLEX INDUSTRIES, INC.** is responsible for the preparation and fair presentation of the financial statements including the schedules attached therein, for the years ended **December 31, 2025 and 2024**, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein, and submits the same to the stockholders or members.

Diaz Murillo Dalupan and Company, the independent auditors, appointed by the stockholders has audited the financial statements of the Company in accordance with Philippine Standards on Auditing, and in its report to the stockholders, has expressed its opinion on the fairness of presentation upon completion of such audit.

Independent Auditors' Report

Statement Required by Rule 68, Part I, Section 3.F,
Revised Securities Regulation Code (SRC)

To the Board of Directors and Stockholders of
WELLEX INDUSTRIES INCORPORATED
35th Floor, One Corporate Center
Doña Julia Vargas Ave., cor. Meralco Ave.
Ortigas Center, Pasig City, Philippines

We have audited the accompanying financial statements of **Wellex Industries Incorporated** (the 'Parent Company'), as at and for the year ended December 31, 2025, on which we have rendered the attached report dated April 13, 2026. In connection with our audit, we obtained a certification from the Parent Company's corporate secretary as to the number of stockholders and their corresponding shareholdings as at December 31, 2025. In relation to the certification issued by the corporate secretary, we conducted certain tests necessary to validate the related Parent Company's entries and balances.

In compliance with Revised SRC Rule 68 and based on the certification received from the Parent Company's corporate secretary and the results of the work performed, as at December 31, 2025, the Parent Company has seven hundred eighty-four (784) stockholders owning one hundred (100) or more shares each.

Independent Auditor's Report

To the Board of Directors and Stockholders of
WELLEX INDUSTRIES INCORPORATED
35th Floor, One Corporate Center
Doña Julia Vargas Ave., cor. Meralco Avenue
Ortigas Center, Pasig City, Philippines

Report on the Audits of the Financial Statements

Opinion

We have audited the Parent Company financial statements of **Wellex Industries Incorporated** (the 'Parent Company'), which comprise the statements of financial position as at December 31, 2025 and 2024, and the statements of comprehensive income, statements of changes in equity and statements of cash flows for each of the three years in the period ended December 31, 2025, and notes to financial statements, including material accounting policy information.

In our opinion, the accompanying Parent Company financial statements present fairly, in all material respects, the financial position of the Parent Company as at December 31, 2025 and 2024, and its financial performance and its cash flows for each of the three years in the period ended December 31, 2025, in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSA). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are independent of the Company in accordance with Code of Ethics for Professional Accountants in the Philippines (the 'Code of Ethics'), as applicable to the audits of the financial statements of public interest entities, together with the ethical requirements that are relevant to our audits of the financial statements of public interest entities in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 in the financial statements, which indicates that the Parent Company has been incurring losses in current and prior years and has accumulated a deficit of ₱2,245,321,670 and ₱2,240,638,235 as at December 31, 2025 and 2024, respectively. As stated in Note 1, these events or conditions, along with other matters, indicate that a material uncertainty exists that may cast significant doubt on the Parent Company's ability to continue as a going concern. Should there be an opportunity for an interesting business acquisition, there might be a need to raise funds via a stock rights offering with the local bourse. The Parent Company also has substantial amount of advances to related parties which are realizable upon demand. We have conducted sufficient audit procedures to verify the validity of the management plan to address the material uncertainty related to going concern. Our opinion is not modified in respect of this matter.

Global Reach, Global Quality

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the Parent Company financial statements in accordance with PFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of Parent Company financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the Parent Company financial statements, management is responsible for assessing the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Parent Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Parent Company's financial reporting process.

Auditors' Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Parent Company financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Parent Company financial statements.

As part of an audit in accordance with PSA, we exercise professional judgment and maintain professional skepticism throughout the audits. We also:

- Identify and assess the risks of material misstatement of the Parent Company financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Parent Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Parent Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Parent Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Parent Company financial statements, including the disclosures, and whether the Parent Company financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audits.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Supplementary Information required by the Bureau of Internal Revenue

Our audits were conducted for the purpose of forming an opinion on the basic financial statements of **Wellex Industries Incorporated** taken as a whole. The supplementary information in Note 21 to the Parent Company financial statements is presented for the purpose of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of management. The information has been subjected to the auditing procedures applied in our audits of the basic Parent Company financial statements. In our opinion, the information is fairly stated in all material respects in relation to the basic Parent Company financial statements taken as a whole.

WELLEX INDUSTRIES INCORPORATED

Notes to Parent Company Financial Statements

As at December 31, 2025 and 2024 and for each of the three years
in the period ended December 31, 2025

1. CORPORATE INFORMATION, STATUS OF OPERATIONS AND MANAGEMENT PLANS

Wellex Industries, Incorporated (the 'Parent Company') was incorporated in the Philippines on October 19, 1956. The Parent Company engaged primarily in the business of mining and oil exploration and was known as Republic Resources and Development Corporation (REDECO). The Parent Company extended its corporate life for another fifty (50) years up to October 19, 2056 and was approved by the Securities and Exchange Commission (SEC) on July 20, 2007.

The Parent Company's shares are listed and traded in the Philippine Stock Exchange (PSE).

The Parent Company wholly owns Plastic City Industrial Corporation (PCIC). PCIC has ceased its commercial operations but PCIC subsidiaries have lease out the warehouse/ building facilities of the Group.

The registered office address of the Parent Company is located at 35th Floor, One Corporate Center, Doña Julia Vargas Ave., cor. Meralco Ave., Ortigas Center, Pasig City, Philippines.

The Parent Company's financial statements as at and for the year ended December 31, 2024, including its comparatives for 2023 and 2022, were authorized and approved for issue by the Board of Directors (BOD) of the Parent Company on April 13, 2026.

Status of Operations and Management Plans

The Parent Company has incurred losses resulting in a deficit of ₱2,245,321,670 and ₱2,240,638,235 as at December 31, 2025 and 2024, respectively. These conditions indicate that a material uncertainty exists that may cast significant doubt on the Parent Company's ability to continue as going concern and, therefore, the Parent Company may be unable to realize its assets and discharge its liabilities in the normal course of business. Albeit these conditions, management believes that the Company will be able to meet all its outstanding obligations and continue to operate as a going concern.

To continue as a going concern, the officers and major stockholders of the Parent Company have committed to provide full financial support to the Parent Company to sustain its operations, meet the working capital requirements and settle obligations as they fall due.

In prior years, the Parent Company's business of mining and oil exploration became secondary to real estate and energy development. On January 28, 2008, the BOD approved the amendment of the Parent Company's primary purpose from a holding company to a company engaged in the business of mining and oil exploration.

The purpose of the amendment of the primary purpose was essentially to enable the Parent Company to ride the crest of a resurgent mining industry including oil exploration of the country's offshore oil fields. The Parent Company's strategy is to identify mining properties with proven mineral deposits particularly nickel, chromite, gold and copper covered by Mineral Production Sharing Agreements (MPSA) and to negotiate for either a buy-out or enter into a viable joint venture arrangement. For its oil and mineral exploration activities, the Parent Company has identified and conducted initial discussions with potential investors.

However, the continuing global financial crises dampened the metal and oil prices that adversely affected the investment environment of mining and oil, and mineral exploration industry of the country. To finance its operating expenses, the Parent Company obtains advances from related parties.

The Parent Company has put on hold its plans to acquire a mining company with an existing MPSA with the Mines and Geosciences Bureau (MGB). This is due to the stringent requirements that the Department of Environment and Natural Resources (DENR) had placed on several dormant mining companies and the subsequent business slowdown in the industry as a result thereof.

Redevelopment of the Plastic City Complex in Valenzuela

On December 17, 2012, the Parent Company and other related parties entered into a Memorandum of Agreement (MOA) with Avida Land Corp (ALC) for the development of 21.3 hectares of land located in Valenzuela City into a residential clusters of condominium, townhouses, house and lots. Out of the total 21.3 hectares, 12.8 hectares (representing 60% of the aggregate area) was owned by the Group and its affiliates and around 8.47 hectares were owned by related parties.

By virtue of a Rescission Agreement dated November 29, 2019, the Group elected not to pursue their Agreement with ALC for the development of the real estate. The project will now be undertaken in a joint venture with Philippine Estate Corporation (PHES), an affiliate, and will involve the conversion of the industrial estate into a mixed-use hub with complimentary commercial, office and residential zones. The Parent Company is certain that this shift in character will greatly increase the value of their property and will encourage the development and growth of a new Central Business District for Valenzuela City. The commencement of the redevelopment, however, will depend on the strengthening of real estate demand for mid-market projects.

Business and Operations

Based on current operation, the Parent Company's cash requirements can be generated internally from rental income from remaining lease contracts of its subsidiaries. The management believes that resources are sufficient for projected leasing plans for the next twelve (12) months. However, should there be an opportunity for an interesting business acquisition as related above, there might be a need to raise funds via a stock rights offering with the local bourse. In any case, the Parent Company has substantial amount of advances to related parties which are realizable upon demand.

The Parent Company will explore new business opportunities in the development of industrial estates and logistics hubs, and to this end, ocular inspections for suitable raw land for development into industrial estates and logistics hubs are being carried out in Cavite, Laguna, Batangas and Bulacan. Discussions have been carried out with local government city planning officials in order to determine which sites are candidates for long-term success, and the Parent Company is in constant communication with urban planners and construction engineers in order to fully understand the financial feasibility models for the development of these industrial estates and logistics hubs.

Project manpower will be outsourced when needed. Technical and managerial positions will be filled when future operations commence in either the mining sector or industrial estate development. A capital-infusion and build-up program will address the Parent Company's financial standing, the size and timing of which will be directly related to the planned entry into new business endeavors.

Despite the stabilization of global travel and renewed business interest in the Philippines, new territorial issues with claim have risen at the West Philippines Sea. This, together with economic turbulence brought about by the war in Ukraine, Venezuelan conflict and civil unrest in Iran, has made management cautious about entering into new business ventures.

The Parent Company's financial statements have been prepared assuming that the Parent Company will continue as a going concern. The Parent Company's financial statements do not include any adjustments relating to the recoverability and classification of the recorded assets or the recognition and classification of liabilities that might result from the outcome of this uncertainty.

2. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies that have been used in the preparation of these financial statements are summarized below and in the succeeding pages. The policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of Compliance

The financial statements of the Parent Company have been prepared in accordance with the Philippine Financial Reporting Standards (PFRS) Accounting Standards. The term PFRS in general includes all applicable PFRS, Philippine Accounting Standards (PAS), interpretations of the Philippine Interpretations Committee (PIC), Standing Interpretations Committee (SIC) and International Financial Reporting Interpretations Committee (IFRIC) which have been approved by the Financial and Sustainability Reporting Standards Council (FSRSC) and adopted by the SEC.

These are the separate financial statements of the Parent Company. The Parent Company also prepares consolidated financial statements that include the financial statements of its subsidiaries. The Group's consolidated financial statements could be obtained from the Parent Company's registered address as disclosed in Note 1.

The Parent Company is required by the SEC to prepare both separate and consolidated financial statements which are available for public use under full PFRS Accounting Standards.

Basis of Preparation

The financial statements have been prepared on a historical cost basis, except for the Parent Company's financial assets at FVOCI, which are stated at fair value. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

Functional and Presentation Currency

The financial statements are presented in Philippine peso (₱), the Parent Company's functional currency. All amounts are rounded to the nearest peso except when otherwise indicated.

Current and Non-Current Classification

The Parent Company presents assets and liabilities in the statement of financial position based on current/non-current classification. An asset is current when it is:

- expected to be realized or intended to be sold or consumed in normal operating cycle;
- held primarily for the purpose of trading.
- expected to be realized within twelve months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- it is expected to be settled in normal operating cycle;
- it is held primarily for the purpose of trading;
- it is due to be settled within twelve months after the reporting period; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and tax liability are classified as non-current assets and non-current liabilities, respectively.

Changes in Accounting Policies and Disclosures

The Parent Company adopted for the first time the following amendments to PFRS Accounting Standards, which are mandatorily effective for annual periods beginning on or after January 1, 2025.

The Effects of Changes in Foreign Exchange Rates – Lack of Exchangeability (Amendments to PAS 21). The amendment specifies that a currency is exchangeable when an entity can exchange that currency for the other currency through markets or exchange mechanisms that create enforceable rights and obligations without undue delay at measurement date and for a specified purpose while a currency is not exchangeable into other currency if an entity can only obtain an insignificant amount of the other currency. When a currency is not exchangeable, an entity estimates the spot exchange rate as the rate that would have applied to an orderly transaction between market participants at the measurement date and that would faithfully reflect the economic conditions. The amendment requires the disclosure of additional information when a currency is not exchangeable.

The management assessed that the amendments have no significant impact to the Parent Company.

New Accounting Standards, Interpretations and Amendments to Existing Standards Effective Subsequent to January 1, 2025

PFRS 18, Presentation and Disclosure in Financial Statements. This standard supersedes *PAS 1, Presentation of Financial Statements*, and sets out requirements for the presentation and disclosure of information in general purpose financial statements (financial statements) to help ensure they provide relevant information that faithfully represents an entity's assets, liabilities, equity, income and expenses. The standard requires an entity to clearly identify the financial statements, which must be distinguished from other information in the same published document, as well as each primary financial statement and the notes to the financial statements. In addition, the following information must be displayed prominently, and repeated as necessary:

- the name of the reporting entity and any change in the name
- whether the financial statements are a group of entities or an individual entity
- information about the reporting period
- the presentation currency (as defined by *PAS 21, The Effects of Changes in Foreign Exchange Rates*)
- the level of rounding used (e.g., thousands, millions).

Retrospective application of the standard is mandatory for annual reporting periods starting from January 1, 2027 onwards but earlier application is permitted provided that this fact is disclosed. The Management assessed that the application of these amendments will have an impact on the Parent Company's financial statements in future periods.

PFRS 18 supersedes PAS 1, carrying forward many of the requirements in PAS 1 unchanged and complementing them with new requirements with movements on certain paragraphs into PAS 8 and PFRS 7. Furthermore, there were also minor amendments to PAS 7 and PAS 33 earnings per share. The new standard introduces new requirements to:

- present specified categories and defined subtotals in the statement of profit or loss
- provide disclosures on management-defined performance measures (MPMs) in the notes to the financial statements
- improve aggregation and disaggregation.

The amendment is effective for annual periods beginning on or after January 1, 2027, with earlier application permitted. The amendments to PAS 7 and PAS 33, as well as the revised IAS 8 and IFRS 7, become effective when an entity applies PFRS 18.

The Parent Company anticipate that the application of these amendments will result in change in presentation of the financial statements and disclosure in the notes to the financial statements.

PFRS 19, Subsidiaries without Public Accountability: Disclosures. The standard specifies the disclosure requirements an eligible subsidiary is permitted to apply instead of the disclosure requirements in other PFRS. A subsidiary is eligible for the reduced disclosures if it does not have public accountability and its ultimate or any intermediate.

A subsidiary has public accountability if its debt or equity instruments are traded in a public market or it is in the process of issuing such instruments for trading in a public market (a domestic or foreign stock exchange or an over-the-counter market, including local and regional markets), or it holds assets in a fiduciary capacity for a broad group of outsiders as one of its primary businesses (for example, banks, credit unions, insurance entities, securities brokers/dealers, mutual funds and investment banks often meet this second criterion).

An entity electing to apply PFRS 19 applies the requirements in other PFRS, except for the disclosure requirements. Instead of the disclosure requirements, the entity applies the requirements in PFRS 19. Therefore, an entity applying PFRS 19 is not required to apply the disclosure requirements in other PFRS nor apply any statements about, or references to, those disclosure requirements except for certain exceptions. An entity is required to consider whether to provide additional disclosures when compliance with the specific requirements in PFRS 19 is insufficient to enable users of financial statements to understand the effect of transactions and other events and conditions on the entity's financial position and financial performance.

The new standard is effective for annual periods beginning on or after January 1, 2027, with earlier application permitted provided that this fact is disclosed.

The management assessed that the amendments are not applicable to the Parent Company.

Amendments to the Classification and Measurement of Financial Instruments (Amendments to PFRS 9 and PFRS 7). The amendments address matters identified during the post-implementation review of the classification and measurement requirements of *PFRS 9, Financial Instruments*. The amendments include:

- a) derecognition of financial liability settled through electronic transfer - The amendments to the application guidance of PFRS 9 permit an entity to deem a financial liability (or part of it) that will be settled in cash using an electronic payment system to be discharged before the settlement date if specified criteria are met. An entity that elects to apply the derecognition option would be required to apply it to all settlements made through the same electronic payment system.
- b) classification of financial assets - The amendments provide guidance on how an entity can assess whether contractual cash flows of a financial asset are consistent with a basic lending arrangement, enhance description of the term 'non-recourse' and clarify the characteristics of contractually linked instruments that distinguish them from other transactions.
- c) disclosures - The requirements in PFRS 7 are amended for disclosures that an entity provides in respect of investments in equity instruments designated at fair value through other comprehensive income. The amendments also require the disclosure of contractual terms that could change the timing or amount of contractual cash flows on the occurrence (or non-occurrence) of a contingent event that does not relate directly to changes in a basic lending risks and costs.

The amendments also include amendments to *PFRS 19, Subsidiaries without Public Accountability: Disclosures*, which limit the disclosure requirements for qualifying subsidiaries.

The amendments are effective for reporting periods beginning on or after 1 January 2026, with earlier application permitted provided that this fact is disclosed.

Annual Improvements to PFRS — Volume 11. The pronouncement comprises the following amendments:

- PFRS 1: Hedge accounting by a first-time adopter - The amendment addresses a potential confusion arising from an inconsistency in wording between paragraph B6 of PFRS 1 and requirements for hedge accounting in PFRS 9 Financial Instruments.
- PFRS 7: Gain or loss on derecognition - The amendment addresses a potential confusion in paragraph B38 of PFRS 7 arising from an obsolete reference to a paragraph that was deleted from the standard when PFRS 13 Fair Value Measurement was issued.
- PFRS 7: Disclosure of deferred difference between fair value and transaction price - The amendment addresses an inconsistency between paragraph 28 of PFRS 7 and its accompanying implementation guidance that arose when a consequential amendment resulting from the issuance of PFRS 13 was made to paragraph 28, but not to the corresponding paragraph in the implementation guidance.
- PFRS 7: Introduction and credit risk disclosures - The amendment addresses a potential confusion by clarifying in paragraph IG1 that the guidance does not necessarily illustrate all the requirements in the referenced paragraphs of PFRS 7 and by simplifying some explanations.
- PFRS 9: Lessee derecognition of lease liabilities - The amendment addresses a potential lack of clarity in the application of the requirements in PFRS 9 to account for an extinguishment of a lessee's lease liability that arises because paragraph 2.1(b)(ii) of PFRS 9 includes a cross-reference to paragraph 3.3.1, but not also to paragraph 3.3.3 of PFRS 9.
- PFRS 9: Transaction price - The amendment addresses a potential confusion arising from a reference in Appendix A to PFRS 9 to the definition of 'transaction price' in PFRS 15 Revenue from Contracts with Customers while term 'transaction price' is used in particular paragraphs of PFRS 9 with a meaning that is not necessarily consistent with the definition of that term in PFRS 15.
- PFRS 10: Determination of a 'de facto agent' - The amendment addresses a potential confusion arising from an inconsistency between paragraphs B73 and B74 of PFRS 10 related to an investor determining whether another party is acting on its behalf by aligning the language in both paragraphs.
- PAS 7: Cost method - The amendment addresses a potential confusion in applying paragraph 37 of IAS 7 that arises from the use of the term 'cost method' that is no longer defined in IFRS Accounting Standards.

The amendments are effective for reporting periods beginning on or after 1 January 2026, with earlier application permitted provided that this fact is disclosed.

The Parent Company has not early adopted the previously mentioned new, amended and improved accounting standards and interpretations. The Parent Company continues to assess the impact of the above new, amended and improved accounting standards and interpretations that are effective subsequent to January 1, 2025 on its financial statements in the period of initial application. Additional disclosures required by these amendments will be included in the financial statements when these amendments are adopted.

Determination of Fair Value and Fair Value Hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or

- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible to by the Parent Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Parent Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value are measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Parent Company determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Parent Company determines the policies and procedures for both recurring fair value measurement and non-recurring measurement.

For the purpose of fair value disclosures, the Parent Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Fair value measurement disclosures of financial and non-financial assets are presented in Note 20 to the financial statements.

“Day 1” Difference

When the transaction price in a non-active market is different from the fair value of other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Parent Company recognizes the difference between the transaction price and fair value (a “Day 1” difference) in the Parent Company statements of comprehensive income unless it qualifies for recognition as some other type of asset or liability. In cases where use is made of data which is not observable, the difference between the transaction price and model value is only recognized in the Parent Company statements of comprehensive income when the inputs become observable or when the instrument is derecognized. For each transaction, the Parent Company determines the appropriate method of recognizing the “Day 1” difference amount.

Financial Instruments

Initial Recognition, Measurement and Classification

The Parent Company recognizes financial assets and financial liabilities in the statements of financial position when it becomes a party to the contractual provisions of the instrument. Purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place are recognized on the settlement date.

With the exception of trade receivables that do not contain a significant financing component, financial assets and financial liabilities are recognized initially at fair value including transaction costs, except for those financial assets and liabilities at FVPL where the transaction costs are charged to expense in the period incurred. Trade receivables that do not contain a significant financing component are recognized initially at their transaction price.

The Parent Company classifies its financial assets as subsequently measured at amortized cost, fair value through other comprehensive income (FVOCI) and FVPL.

The classification of financial assets depends on the financial asset’s contractual cash flow characteristics and the Parent Company’s business model for managing the financial assets. The Parent Company’s business model is determined at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. The Parent Company’s business model determines whether cash flows will result from collecting contractual cash flows, selling financial assets or both.

The Parent Company classifies its financial liabilities as subsequently measured at amortized cost using the effective interest method or at FVPL.

Financial Assets at Amortized Cost

Financial assets are measured at amortized cost when both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, financial assets at amortized cost are subsequently measured using the effective interest method less allowance for impairment. Gains and losses are recognized in the statements of comprehensive income when the financial assets at amortized cost are derecognized, modified or impaired. These financial assets are included in current assets if maturity is within twelve (12) months from the end of reporting period. Otherwise, these are classified as noncurrent assets.

As at December 31, 2025 and 2024, included under financial assets at amortized cost are the Parent Company's cash, receivables and advances to related parties (see Notes 4, 5 and 12).

Cash

The Parent Company's cash represents cash in bank that are not legally restricted for use, which carries interest at respective bank deposit rate.

Receivables

Receivables consist mainly of advances to third parties.

Advances to related parties

Represents non-interest bearing cash advances to related parties for working capital requirements.

Equity Instruments Designated at FVOCI

Upon initial recognition, the Parent Company may make an irrevocable election to present in other comprehensive income changes in the fair value of an equity investment that is not held for trading. The classification is determined on an instrument-by-instrument basis.

When the equity instrument is derecognized, the cumulative gain or loss previously recognized in other comprehensive income is not subsequently reclassified to profit or loss, but is transferred to retained earnings. Dividends on such investments are recognized in profit or loss when the right of payment has been established, except when the dividends represent a recovery of part of the cost of the investment, in which case, such gains are recorded in other comprehensive income. Equity instruments designated at FVOCI are not subject to impairment assessment. These financial assets are classified as noncurrent assets.

As at December 31, 2025 and 2024, the Parent Company elected to classify irrevocably its unquoted equity investments under this category (see Note 7).

Financial Liabilities at Amortized Cost

Financial liabilities that are not contingent consideration of an acquirer in a business combination, held for trading, or designated as at FVPL, are measured subsequently at amortized cost using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial liability and allocating interest expense over the relevant period.

The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortized cost of a financial liability.

As at December 31, 2025 and 2024, included in financial liabilities at amortized cost are the Parent Company's accounts payable and other liabilities, and lease liability (see Notes 11 and 12).

Accounts payable and other liabilities

Accounts payable are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Other current liabilities include government liabilities and accrued expenses.

Lease liability

Lease liability represents the Parent Company's obligation to make lease payments for all leases with a term of more than twelve (12) months, unless the underlying asset is of low value is effectively treated as a financial liability which is measured at amortized cost, using its incremental borrowing rate as the discount rate.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount reported in the statements of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

Derecognition of Financial Instruments

Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- the rights to receive cash flows from the asset have expired;
- the Parent Company retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to third party under a "pass-through" arrangement; or
- the Parent Company has transferred its rights to receive cash flows from the asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all risks and rewards of the asset, but has transferred control of the asset.

Where the Parent Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Parent Company's continuing involvement in the asset.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Parent Company could be required to repay.

Financial liabilities

A financial liability is derecognized when the obligation under the liability was discharged, cancelled or has expired.

Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in the statement of comprehensive income.

Impairment of Financial Assets

The Parent Company recognizes an allowance for expected credit losses (ECL) for all debt instruments that are measured at amortized cost or at FVOCI. ECL is a probability-weighted estimate of credit losses over the expected life of the financial asset.

Credit losses are the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Parent Company expects to receive, discounted at the original effective interest rate. The expected cash flows include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

The Parent Company assesses at each end of the reporting period whether the credit risk on a financial asset has increased significantly since initial recognition. For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is measured at an amount equal to the lifetime ECL. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, a loss allowance is measured at an amount equal to 12-month ECL. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within twelve (12) months after the reporting period.

For receivables and advances to related parties, the Parent Company applies a general approach in calculating ECL. The Parent Company recognizes a loss allowance using the management's adopted policy on ECL at the end of each reporting period.

When the credit risk on financial instruments for which lifetime ECL have been recognized subsequently improves, and the requirement for recognizing lifetime ECL is no longer met, the loss allowance is measured at an amount equal to 12-month ECL at the current reporting period, except for assets for which simplified approach was used.

The Parent Company recognizes impairment loss (reversals) in statements of comprehensive income for all financial assets with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt instruments that are measured at FVOCI, for which the loss allowance is recognized in other comprehensive income and does not reduce the carrying amount of the financial asset in the statements of financial position.

Significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Parent Company compares the risk of a default occurring on the financial instrument at the end of reporting period with the risk of a default occurring on the financial instrument at the date of initial recognition. In making this assessment, the Parent Company considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. Forward-looking information considered includes the future prospects of the industries in which the Parent Company's debtors operate, obtained from economic expert reports, financial analysts, governmental bodies, relevant think-tanks and other similar organizations, as well as consideration of various external sources of actual and forecast economic information that relate to the Parent Company's core operations.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk for a particular financial instrument, e.g. the extent to which the fair value of a financial asset has been less than its amortized cost;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- significant increases in credit risk on other financial instruments of the same debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Parent Company presumes that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are one (1) day past due, unless the Parent Company has reasonable and supportable information that demonstrates otherwise.

Despite the foregoing, the Parent Company assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the end of reporting period. A financial instrument is determined to have low credit risk if:

- the financial instrument has a low risk of default;
- the debtor has a strong capacity to meet its contractual cash flow obligations in the near term; and
- adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

The Parent Company considers a financial asset to have low credit risk when the asset has external credit rating of 'investment grade' in accordance with the globally understood definition or if an external rating is not available, the asset has an internal rating of 'performing'. Performing means that the counterparty has a strong financial position and there are no past due amounts.

The Parent Company regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

Definition of default

The Parent Company considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that financial assets that meet either of the following criteria are generally not recoverable:

- when there is a breach of financial covenants by the debtor; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Parent Company, in full (without taking into account any collateral held by the Company)

Irrespective of the above analysis, the Parent Company considers that default has occurred when a financial asset is more than one (1) year past due unless the Parent Company has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract, such as a default or past due event;
- the lenders of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concessions that the lenders would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for that financial asset because of financial difficulties.

Write-off policy

The Parent Company writes-off a financial asset when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the debtor has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables and contract assets, when the amounts are more than five (5) years past due, whichever occurs sooner.

Financial assets written off may still be subject to enforcement activities under the Parent Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognized in Parent Company's statements of comprehensive income.

Input Tax and Other Prepaid Taxes

Input VAT is the indirect tax paid by the Parent Company on the local purchase of goods or services from a VAT-registered person. Input tax is deducted against output tax in arriving at the VAT due and payable.

Creditable withholding tax pertains to taxes withheld by the customers upon payment and is to be deducted from income tax payable of the Parent Company on the same year the revenue was recognized.

The Parent Company's input tax and other prepaid taxes are initially recognized at face value and subsequently measured at face value less provision for impairment, if any. Allowance for unrecoverable input tax and other prepaid taxes, if any, are maintained by the Parent Company at a level considered adequate to provide for potential uncollectible portion of the claims. The Parent Company, on a continuing basis, makes a review of the status of the claims designed to identify those that may require provision for impairment loss.

Investments in Subsidiaries

Subsidiaries are entities over which the Parent Company has control. The Parent Company controls the subsidiaries when it is exposed, or has rights, to variable returns from its involvement with the subsidiaries and has the ability to affect those returns through its power over the subsidiaries.

The Parent Company's investments in subsidiaries are initially accounted for in these separate financial statements at cost and subsequently measured at cost less any accumulated impairment losses.

The Parent Company's accounting policy for impairment of financial assets is applied to determine whether it is necessary to recognize any impairment loss with respect to its investments in subsidiaries. When necessary, the entire carrying amount of the investments (including goodwill) are tested for impairment in accordance with the Parent Company's accounting policy on impairment of tangible and intangible assets as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs to sell) with its carrying amount, any impairment loss recognized forms part of the carrying amount of the investments. Any reversal of that impairment loss is recognized to the extent that the recoverable amount of the investments subsequently increases.

The investments in subsidiaries are derecognized upon disposal or when no future economic benefits are expected to arise from the investments. Gain or loss arising on the disposal is determined as the difference between the sales proceeds and the carrying amount of the investments in subsidiaries and are recognized in statements of comprehensive income.

Based on the management's impairment review of the Parent Company's assets, the Parent Company believes that there is no indication that an impairment loss has occurred on its investments in subsidiaries as at December 31, 2025 and 2024.

Investment Properties

Investment properties are principally for capital appreciation, and not occupied by the Parent Company.

Investment properties are measured initially at cost, including transaction costs.

The carrying amount includes the cost of replacing part of an investment property at the time the cost is incurred, if the recognition criteria are met, and excludes the costs of day-to-day servicing of an investment property. Expenditures incurred after the investment properties have been put in operation, such as repairs and maintenance costs, are normally charged against income in the period in which the costs are incurred.

Subsequent to initial recognition, land is carried at cost less any impairment in value.

Investment property is derecognized when either it has been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gain or loss on the retirement or disposal of an investment property is recognized in the profit or loss in the year of retirement or disposal.

A transfer is made to investment property when there is a change in use, evidenced by ending of owner-occupation and commencement of an operating lease to another party. A transfer is made from investment property when and only when there is a change in use, evidenced by commencement of owner-occupation or commencement of development with a view to sale. A transfer between investment property, owner-occupied property and inventory does not change the carrying amount of the property transferred nor does it change the cost of that property for measurement or disclosure purposes.

Right-of-use Asset

Right-of-use asset represents lessee's right to use an asset over the lease term.

The Parent Company recognizes right-of-use asset at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use asset is initially measured at cost which includes the amount of lease liability recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

Right-of-use asset is subsequently measured at cost less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liability.

Right-of-use asset is depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Category	In Years
Right-of-use asset	2

When right-of-use are retired or otherwise disposed of, the cost and the related accumulated depreciation and accumulated provision for impairment losses, if any, are removed from the accounts and any resulting gain or loss is credited to or charged against current operations.

Impairment of Non-financial Assets

At each reporting date, the Parent Company reviews the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When the asset does not generate cash flows that are independent from other assets, the Parent Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognized as an expense immediately.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset in prior years. A reversal of an impairment loss is recognized as income.

Equity

An equity instrument is any contract that evidences a residual interest in the assets of the Parent Company after deducting all of its liabilities. Equity instruments are measured (initial and subsequent) at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and time value of money is material, the initial measurement is on a present value basis.

Capital stock represents the par value of the shares that are issued and outstanding as of reporting date.

Additional paid-in capital includes any premiums received on the initial issuance of capital stock. Any transaction costs associated with the issuance of shares are deducted from additional paid-in capital, net of any related income tax benefits.

Deficit includes all current and prior period results as disclosed in the Parent Company statements of comprehensive income.

Revenue Recognition

Revenue is recognized to the extent that the economic benefits will flow to the Parent Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for services provided in the normal course of business.

Interest income is recognized as it accrues (using the effective interest method i.e., the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to the net carrying amount of the financial asset).

Cost and Expense Recognition

Cost and expenses are recognized in Parent Company statements of comprehensive income when decrease in future economic benefit related to a decrease in an asset or an increase in a liability has arisen that can be measured reliably.

Expenses are recognized in Parent Company statements of comprehensive income: on the basis of a direct association between the costs incurred and the earning of specific items of income; on the basis of systematic and rational allocation procedures when economic benefits are expected to arise over several accounting periods and the association with income can only be broadly or indirectly determined; or immediately when an expenditure produces no future economic benefits or when, and to the extent that, future economic benefits do not qualify, or cease to qualify, for recognition in the Parent Company statements of financial position as an asset.

Expenses in the Parent Company statements of comprehensive income are presented using the nature of expense method.

Income Taxes

The tax expense for the period comprises current and deferred tax. Tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at reporting date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities. Deferred income tax is recognized, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill; deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable income. Deferred income tax is determined using tax rates and laws, in the period the temporary difference is expected to be recovered or settled, that have been enacted or substantively enacted as at reporting period.

Deferred income tax assets are recognized only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized. At each reporting date the Parent Company reassess the need to recognize previously unrecognized deferred income tax asset.

Deferred income tax assets are recognized for all deductible temporary differences, carrying forward benefits of unused tax credits from excess of minimum corporate income tax (MCIT) over regular corporate income tax (RCIT) and unused net operating loss carryover (NOLCO), to the extent that it is probable that sufficient future taxable profits will be available against which the deductible temporary differences, carrying forward benefits of unused tax credits from excess of MCIT over RCIT and unused NOLCO can be utilized. Deferred income tax liabilities are recognized for all taxable temporary differences.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax asset against current tax liabilities and when the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

Leases

At inception of a contract, the Parent Company assesses whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Parent Company has elected to apply the practical expedient to account for each lease component and any non-lease components as a single lease component. The Parent Company recognizes a right-of-use asset and a lease liability at the lease commencement date.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined generally, the Parent Company uses its incremental borrowing rate as the discount rate.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Parent Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Parent Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Parent Company elects to apply the practical expedient not to recognize right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The lease payments associated with these leases is recognized as an expense on a straight-line basis over the lease term.

Related Parties and Related Party Transactions

A related party transaction is a transfer of resources, services, or obligations between related parties, regardless of whether a price is charged.

Related party relationship exists when: (a) a person or a close member of that person's family has control or joint control, has significant influence or is a member of the key management personnel of the reporting entity or of a parent of the reporting entity; and (b) when any of the following conditions apply: (i) the entity and the Company are members of the same group; (ii) one entity is an associate or joint venture of the other entity; (iii) both entities are joint ventures of the same third party; (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third party; (v) the entity is a post-employment benefit plan for the benefit of employees of the Company; (vi) the entity is controlled or jointly controlled by a person as identified in (a) above; (vii) the entity or any member of a group of which it is part, provides key management personnel services to the Company or to the parent of the Company; (viii) a person identified in (a) above has significant influence over the entity or is a member of the key management personnel of the entity or of a parent of the entity.

In considering each possible related party relationship, attention is directed to the substance of the relationships, and not merely the legal form.

Retirement Benefits Obligation

The Parent Company has established an unfunded and non-contributory defined benefit obligation for its qualified employees based on the amounts required by law.

Although the Parent Company do not meet the required number of employees, the estimated cost of retirement benefits required by the provisions of RA No. 7641 (Retirement Law) has been accrued. Under RA 7641, the Parent Company is required to provide minimum retirement benefits to qualified employees. The retirement cost accrued includes normal cost and estimated past service cost.

Basic Earnings (Loss) Per Share

Basic earnings (loss) per share is calculated by dividing the loss by the weighted average number of common shares in issue during the year.

Provisions and Contingencies

Provisions are recognized when the Parent Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made with the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

Where discounting is used, an increase in the provision due to the passage of time is recognized as an interest expense. When the Parent Company expects a provision or loss to be reimbursed, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain and its amount is estimable. The expense relating to any provision is presented in the statement of comprehensive income, net of any reimbursement.

Contingent liabilities are not recognized in the financial statements. These are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the financial statements, but disclosed when an inflow of economic benefits is probable. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognized in the financial statements.

Events After the Reporting Date

The Parent Company identifies post-year events as events that occurred after the reporting date but before the date when the Parent Company financial statements were authorized for issue. Post year-end events that provide additional information about the Parent Company's position at the reporting date (adjusting events) are reflected in the Parent Company financial statements. Post year-end events that are not adjusting events are disclosed in the Parent Company financial statements when material.

3. MATERIAL ACCOUNTING JUDGMENTS, AND ESTIMATES AND ASSUMPTIONS

The preparation of the Parent Company financial statements requires management to make judgments and estimates that affect amounts reported in the financial statements.

These judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Parent Company's believes the following represent a summary of these material judgments and estimate and related impact and associated risks in the Parent Company financial statements.

Material Accounting Judgments in Applying the Parent Company's Accounting Policies

In the process of applying the Parent Company's accounting policies, management has made the following judgments apart from those involving estimation, which have the most material effect on the amounts recognized in the Parent Company financial statements:

Retirement benefits obligation

The Parent Company considers that the amount recognized as retirement benefits obligation do not differ materially from the amount that would have been determined using the projected credit unit method under PAS 19 "Employee Benefits".

Investments in subsidiaries

The Parent Company clearly demonstrates control over the subsidiaries because it has rights to variable returns from its investment with the subsidiaries and has the ability to affect these returns through its power over the subsidiaries.

Realizability of Input tax

The Parent Company reviews and assesses its input tax for its recoverability. Factors which primarily the recoverability include the completeness of the supporting documentation, entitlement to claim VAT paid as input tax credit against output tax liabilities and future vatable revenue.

The Parent Company's input tax amounted to ₱2,949,707 and ₱2,521,068 as at December 31, 2025 and 2024, respectively (See note 6).

Leases

The Parent Company has entered into contract of lease for its office space it occupies. The Parent Company determines the contract if there is a substance of lease. In determining the substance of the lease, the Parent Company considered, among others, whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Based on management judgment, the Parent Company's lease for its office space has a substance of lease, thus, the Parent Company recognized right-of-use asset representing the right to use the leased asset and lease liability representing its obligation to make lease payments.

Material Accounting Estimates and Assumptions

The Parent Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Estimating allowance for ECL

The measurement of the allowance for ECL on financial assets at amortized cost is an area that requires the use of significant assumptions about the future economic conditions and credit behavior (e.g., likelihood of customers defaulting and the resulting losses). Explanation of the inputs, assumptions and estimation used in measuring ECL is further detailed in Note 18.

The carrying amount of the Parent Company's receivables amounted to ₱15,000 and ₱41,714 as at December 31, 2025 and 2024, respectively. Allowance for ECL recognized in the statements of financial position amounted to ₱52,668,238 as at December 31, 2025 and 2024 (see Note 5).

The carrying amount of the Company's advances to related parties amounted to ₱25,952,580 and ₱31,133,465 as at December 31, 2025 and 2024, respectively. Allowance for ECL recognized in the statements of financial position amounted to ₱125,463,308 as at December 31, 2025 and 2024 (see Note 12).

Impairment of investments in subsidiaries

The Parent Company carries certain investment at cost, which requires the extensive use of accounting estimates and judgments. However, the amount of changes in value would differ if the Parent Company utilized different valuation methods and assumptions. Any change in value of these investments would affect statements of comprehensive income and changes in equity.

Allowance for impairment losses on investments in subsidiaries amounted to ₱1,754,298,094 as at December 31, 2025 and 2024 (see Note 8).

The Parent Company's investment in subsidiaries amounted to ₱775,954,191 as at December 31, 2025 and 2024 (see Note 8).

Deferred tax assets

The Parent Company reviews its deferred tax assets at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized. Due to the cessation of the Parent Company's operation, management expects that the Parent Company will continue to incur losses and the related deferred tax assets will not be utilized in the near future. The Parent Company's deferred tax assets with full valuation allowance are fully discussed in Note 15.

The Parent Company's unrecognized deferred tax assets amounted to ₱48,012,571 and ₱48,380,514 as at December 31, 2025 and 2024, respectively (see Note 15).

4. CASH

Cash represents cash in bank with outstanding balance of ₱177,175 and ₱148,007 as at December 31, 2025 and 2024, respectively.

Cash in bank earns interest at the respective bank deposit rate. Interest income earned from deposit amounted to ₱100, ₱114 and ₱128 in 2025, 2024 and 2023, respectively.

There is no restriction on the Parent Company's cash in bank as at December 31, 2025 and 2024.

5. RECEIVABLES (net)

Receivables (net) as at December 31 are as follows:

	2025	2024
Advances to third party	₱52,668,238	₱52,668,238
Others	15,000	41,714
	52,683,238	52,709,952
Allowance for ECL	(52,668,238)	(52,668,238)
	₱ 15,000	₱ 41,714

The Parent Company's receivables as at December 31, 2025 and 2024 are not held as collateral for its liabilities and are free from any encumbrances.

6. OTHER CURRENT ASSETS

Other current assets as at December 31 consist of:

	2025	2024
Input tax	₱2,949,707	₱2,521,068
Creditable withholding tax	996,326	1,014,960
Refundable deposit	200,000	—
Prepaid insurance	10,165	—
Prepaid withholding tax	7,766	7,766
	₱4,163,964	₱3,543,794

Refundable deposit pertains to construction bond in relation to the improvements made to one of its investment properties.

Management believes that the input taxes are fully realizable or recoverable because of the revenue expected to be generated by the Company from its services.

7. FINANCIAL ASSET AT FVOCI

Financial assets at FVOCI as at December 31 consist of:

	2025	2024
Unquoted shares		
Cost	₱12,500,000	₱12,500,000
Unrealized fair value loss	(506,250)	(506,250)
	₱11,993,750	₱11,993,750

The Parent Company's financial asset at FVOCI consists of investment in unquoted shares of stock in Bulacan Harbour Dev't. Corp. This investment is irrevocably designated at FVOCI as the Parent Company considers this investment to be strategic in nature and it holds this investment to foreseeable future.

The Parent Company's financial assets at FVOCI as at December 31, 2025 and 2024 are not held as collateral for its financial liabilities.

8. INVESTMENTS IN SUBSIDIARIES (net) – at cost

The Parent Company, as at December 31, 2025 and 2024, has the following wholly-owned subsidiaries which are all located in the Philippines.

PCIC

PCIC was incorporated in the Philippines and registered with SEC on November 18, 1975. Initially, PCIC was registered as a mere holding company on January 10, 1995 under the name of Plastic City Holdings, Inc. until its corporate name was changed to Plastic City Industrial Corporation and its primary and secondary purpose was likewise changed, from a mere holding company to that in the business of manufacturing.

It became the sole marketing arm of its subsidiaries engaged in the manufacture of various plastic products. PCIC has the following subsidiaries as at December 31:

PCIC Subsidiaries

Subsidiaries	% Owned by PCIC		Nature and status of operation
	2025	2024	
Inland Container Corp. (ICC)	100%	100%	Engage in the manufacture of plastic containers. The Company ceased commercial operations on July 30, 2000, and had leased out its buildings as warehouse.
Pacific Plastic Corp. (PPC)	100%	100%	Manufactures plastic raw materials, rigid and non-rigid plastic products, plastic compounds, derivatives and other related substances. The Company ceased commercial operation on May 16, 2002 and had leased out its buildings as warehouse.
Rexlon Industrial Corp. (RIC)	100%	100%	Engage in the business of manufacturing and molding plastic products. The Company ceased its commercial operations on April 30, 2002.
Kennex Container Corp. (KCC)	100%	100%	Established to manufacture all kinds of plastic containers. The Company ceased its commercial operations on April 30, 2002, and had leased out its buildings as warehouses.

After PCIC and subsidiaries ceased commercial operations they had not resumed thereafter. PCIC and subsidiaries were all located at T. Santiago Street, Canumay, Valenzuela City.

The components of the carrying values of investments in subsidiaries accounted for under the cost method as at December 31 are as follows:

	2025	2024
PCIC and subsidiaries		
% of ownership	100%	100%
Acquisition cost	₱2,530,252,285	₱2,530,252,285
Accumulated impairment loss	(1,754,298,094)	(1,754,298,094)
	₱ 775,954,191	₱ 775,954,191

The recognized accumulated impairment loss arose mainly from the difference between the Parent Company's equity in the underlying consolidated net assets of PCIC and subsidiaries over its acquisition cost.

No impairment loss was recognized in 2025 and 2024 in as much as the Parent Company's equity in the underlying consolidated net assets of PCIC and subsidiaries exceeded the net carrying amounts of investments in PCIC and subsidiaries as at December 31, 2025 and 2024.

Summarized financial information of the subsidiaries is as follows:

	2025	2024
PCIC and subsidiaries		
Total assets	₱ 1,733,754,489	₱ 1,745,667,424
Total liabilities	(707,149,901)	(713,886,989)
Net assets	₱ 1,026,604,588	₱1,031,780,435
Revenues	₱ 24,003,357	₱32,596,860
Expenses	(29,179,505)	(31,271,821)
Net loss for the year	(₱5,176,148)	₱ 1,325,039

9. INVESTMENT PROPERTIES

Details of investment properties as at December 31 are as follows:

	2025	2024
At beginning of year	₱ 238,202,495	₱ 51,782,495
Additions	1,300,813	—
Other movement – note 12	—	186,420,000
At end of year	₱239,503,308	₱238,202,495

The Parent Company's investment properties consist of parcels of land located at Montalban, Rizal and Pasig with an area of 405,620 sq. meters as at December 31, 2025 and 2024. Portion of the land was received in exchange for its shares of stock in accordance with stock-for-assets swap arrangements entered into with various affiliates.

In 2024, certain investment property consisting of a parcel of land with an area of 2,868 sq. meters, which was foreclosed to secure payment of loan of an affiliate by virtue of the real estate mortgage, was returned and reinstated to the Parent Company upon finality of the civil case involving a related party (see Note 12).

On April 14, 2023, the Parent Company sold a parcel of land with an area of 49,884 sq. meters for ₱5,790,121 resulting to a loss of ₱694,799. On the same date, the Parent Company purchased a parcel of land with an area of 50,060 sq. meters.

The fair value of land as at December 31, 2025 and 2024 amounted to ₱935,553,013 and ₱1,316,866,600, respectively.

The fair value of the land was determined based combination of independent third-party appraisal report and market comparable approach that reflects recent transaction prices for similar properties. In estimating the fair value of the properties, the highest and best use of the properties is their current use.

As at December 31, 2025 and 2024, the Parent Company's investment properties are not subject to any liens or encumbrances.

The Parent Company has not entered into any contractual commitments for the acquisition of investment properties as at December 31, 2025 and 2024.

10. RIGHT OF USE ASSET (net)

The reconciliation of right-of-use asset as at December 31 is as follows:

	2025	2024
Cost		
Balance at beginning of year	₱272,934	₱285,077
Additions	–	272,934
Write-off	–	(285,077)
Balance at end of year	272,934	272,934
Accumulated depreciation		
At beginning of year	90,977	237,564
Depreciation – note 12	136,467	138,490
Write-off	–	(285,077)
At end of year	227,444	90,977
Net carrying amounts, December 31	₱45,490	₱181,957

Write-off of right-of-use assets pertains to expired lease contracts.

Based on the impairment review of the Parent Company's assets, the Parent Company believes that there is no indication of impairment on its right-of-use asset as at December 31, 2025 and 2024.

11. ACCOUNTS PAYABLE AND OTHER LIABILITIES

Accounts payable and other liabilities as at December 31 are as follows:

	2025	2024
Accrued expenses	₱1836,934	₱444,000
Deferred output VAT	340,021	340,021
Due to government agencies	15,990	15,726
	₱2,192,945	₱799,747

Accrued expenses mainly represent accruals of professional fees.

There were no assets of the Parent Company that were collateralized for the above accounts payable and other liabilities.

12. RELATED PARTY TRANSACTIONS

The Parent Company, in the normal course of business, has transactions with related parties. The following are the specific relationship, amount of transaction, account balances, the terms and conditions and the nature of the consideration to be provided in settlement.

Details of the related party transactions and balances are as follows:

	Amount of transactions		Outstanding Receivables		Terms	Conditions
	2025	2024	2025	2024		
Working capital cash advances:						
Advances to subsidiaries						
Plastic City Industrial Corp.	₱ -	₱ -	₱ 34,980,262	₱ 34,980,262	(a)	Unsecured; partially impaired
PCIC Subsidiaries:						
Inland Container Corp.	-	-	38,894,446	38,894,446	(a)	Unsecured; partially impaired

	₱ 810,177	(₱105,060,000)	₱121,615,659	₱ 120,805,482		
Advances to stockholder						
The Wellex Group, Inc.	(5,991,062)	(2,687,065)	29,800,229	35,791,291	(c)	Unsecured; partially covered by impairment
	(5,180,885)	(107,747,066)	₱ 151,415,888	₱ 156,596,773		
Allowance for impairment	-	(66,968,721)	(125,463,308)	(125,463,308)	(d)	
	(₱5,180,885)	(₱174,715,787)	₱ 25,952,580	₱ 31,133,465		

(a) Subsidiaries

The Parent Company has non-interest bearing cash advances granted to Plastic City Industrial Corp. (PCIC) and its subsidiaries. The advances are intended for payment of operating expenses, collectible upon demand and are settled through cash payment depending on the availability of funds. These amounts are also settled through offsetting upon approval of the Parent Company. The advances are not guaranteed.

(b) Common key management

In prior years, the Parent Company provided non-interest bearing cash advances to companies with common key management intended to finance its operating expenses and to pay its outstanding borrowings. The Parent Company has not made any arrangement for the terms, security and guarantee on the advances. The advances are settled through cash payment depending on the availability of funds.

Polymax Worldwide Limited

The Parent Company acted as a third-party mortgagor on a ₱350 million loan obtained by its affiliates, Metro Alliance Holdings & Equities Corp. (MAHEC) and Polymax Worldwide Limited (Polymax), from Philippine Veterans Bank (PVB) on December 29, 2006. A parcel of land owned by the Parent Company located in Pasig City, under Title No. TCT PT-101589, with a total area of 2,868 sqm. was used as a collateral for the loan.

Due to default in payments, PVB foreclosed the property on November 24, 2009, despite legal efforts by MAHEC and Polymax to prevent the foreclosure. PVB subsequently sold the foreclosed property to a third party in March 2012.

The Parent Company recognized advances to Polymax of ₱105.06 million for the net carrying value of the land foreclosed to settle the affiliate loan with the bank. Prior to the foreclosure, the Parent Company recognized impairment losses on the property amounting to ₱57.36 million in 2006, based on an appraisal as of September 18, 2006, and an additional ₱24.00 million in 2008 due to further decline in the prevailing market value. The total impairment loss recognized as of foreclosure date amounted to ₱81.36 million.

Legal proceedings continued and culminated in a decision by the Supreme Court (SC) on September 15, 2021, which affirmed with modifications the earlier rulings that declared the loan as fully paid and voided the foreclosure and sale of the property.

On October 30, 2024, the Sheriff enforced the SC's Writ of Execution, and PVB formally relinquished its claim and turned over the title and collateral documents to the Sheriff. This action allowed the Parent Company to regain possession of the Pasig property. Consequently, the Parent Company recognized the return of the investment property based on the original cost amounting to ₱186.42 million (see Note 9). Previously recorded impairment loss amounting to ₱81.36 million was reversed, accordingly.

(c) Stockholder

On December 16, 2020, TWGI issued promissory note amounting to ₱46,578,262 for five years maturing on December 15, 2025 and bear an interest of 2% per annum. The promissory note was extended for another five (5) years from December 16, 2025. Interest income earned amounted to ₱931,665 for the years ended December 31, 2025, 2024 and 2023.

To settle the outstanding advances, the Parent Company entered into the following contracts with TWGI, which in return, amounts incurred will be applied to the outstanding advances:

- The Parent Company entered into a Consultancy Agreement with TWGI which is valid until April 30, 2026. Total consultancy fees incurred for the years ended December 31, 2025, 2024 and 2023 amounted to ₱480,000, shown under 'Professional fees' account in the statements of comprehensive income.
- Lease Agreement for the Parent Company's office space for a monthly rental of ₱12,500, utilities of ₱5,000, and storage fee of ₱1,000 which is valid until April 30, 2026.

The present value of the lease liability as at December 31 is as follows:

	2025	2024
Current	₱ 46,930	₱ 137,908
Noncurrent	–	46,930
	₱ 46,930	₱ 184,838

The future minimum lease payments as at December 31 is as follows:

	2025	2024
Not later than one year	₱ 50,000	₱ 150,000
Later than one year but not later than five years	–	50,000
Future minimum lease payments	50,000	200,000
Amounts representing finance charges	(3,070)	(15,162)
	₱ 46,930	₱ 184,838

The net carrying amount of the right-of-use asset recognized as at December 31, 2025 and 2024 is disclosed in Note 9.

Total finance costs charged to operations for the years ended December 31, 2025, 2024 and 2023 amounted to ₱12,092, ₱13,581 and ₱6,651, respectively.

(d) *Advances to related party is net of allowance for ECL as follows:*

	2024	2024
At beginning of year	₱125,463,308	₱192,432,029
Recovery of ECL	–	(66,968,721)
	₱125,463,308	₱125,463,308

The recovery of ECL is a non-cash income arising from the reversal of allowance for ECL, in accordance with the adoption of PFRS 9 as presented in the Parent Company's statements of comprehensive income.

(e) *Directors' fees*

Directors' fees paid for the years ended December 31, 2025, 2024 and 2023 amounted to ₱50,000, are included as part of "Professional fees" in the statements of comprehensive income.

(f) Other key management personnel compensation

With the cessation of the subsidiaries' commercial operations in prior years, the Parent Company's primary source of revenue comes only from interest income from bank deposits. Further, the Parent Company advanced from related parties to pay its operating expenses. In view of the Parent Company's tight cash position, the management decided to suspend any form of compensation to key management and officers effective in 2004.

13. CAPITAL STOCK

The details of the capital account are as follows:

	2025	2024
Common stock – ₱1 par value		
Authorized – 3.5 billion shares	₱3,500,000,000	₱3,500,000,000
Issued and fully paid – 3,276,045,637 shares at ₱1 per share	₱3,276,045,637	₱3,276,045,637

Track record of registration of securities

The Parent Company was originally registered as REDECO with the SEC on October 19, 1956. The Parent Company was listed with the PSE on January 9, 1958 with an initial registered 200,000,000 shares.

On May 25, 1995, the BOD and stockholders approved a reverse stock split and a subsequent increase in the authorized capital stock in line with its recapitalization program. Accordingly, on November 15, 1995, the Parent Company filed with the SEC a motion to affect a 1-for-5 reverse stock split which decreased its authorized capital from ₱75 million divided into 75 million shares to ₱15 million divided into 15 million shares, both with a par value of ₱1 per share. It was approved by the SEC on January 15, 1996. This was also done in order to recall all outstanding stock certificates and be able to account for the over-issuance of shares which management has decided to be absorbed by the Parent Company.

On January 8, 1996, the Parent Company filed with the SEC a motion to increase its authorized capital stock from ₱15 million divided into 15 million shares to ₱1 billion divided into 1 billion shares with a par value of ₱1. The increase was approved by the SEC on May 16, 1996. Subscriptions to the increase in authorized capital stock were made through stocks-for-assets swap. On September 2, 1996, the BOD and the stockholders approved a resolution to amend the Parent Company's Articles of Incorporation changing the par value per share of its capital stock from ₱0.01 to ₱1.00, removing the pre-emptive rights of shareholders and increasing the authorized capital stock from ₱500 million divided by 50 billion shares with a par value of ₱0.01 per share to ₱2.0 billion divided into 2.0 billion shares with a par value of ₱1.00 per share. The proposed amendments were approved by the SEC on September 27, 1996.

Relative to the approval of the proposed amendment, any part of such stock or other securities may, at any time, be issued, optioned for sale and sold or disposed of by the Parent Company pursuant to resolution of the BOD, to such persons and upon such terms as the BOD may deem proper, without first offering such stock or securities or any part thereof to existing stockholders.

On August 22, 1997, the BOD and the stockholders approved a further increase in the Parent Company's authorized capital stock from ₱2.0 billion to ₱3.5 billion divided into 3.5 billion shares with a par value of ₱1.00 per share. On March 11, 1998, the SEC approved the increase in the Parent Company's authorized capital stock.

As at December 31, 2025, 2024 and 2023, the Parent Company has 3,271,952,740 shares under its name. Remaining unconverted shares under REDECO as at December 31, 2025, 2024, and 2023, is 4,092,897 shares. Outstanding shares owned by the public are 1,415,857,414 shares, 1,417,900,305 shares and 1,413,817,408 shares in 2025, 2024 and 2023, respectively.

The Parent Company has one class of common shares which carry no right to fixed income.

Outstanding 10,000 shares issued by the Parent Company were held by Rexlon Industrial Corp., a subsidiary of PCIC.

14. RETIREMENT BENEFITS OBLIGATION

The Parent Company adopted RA No. 7641 as its arrangement to provide retirement benefits to all its regular employees. In case of retirement, employees shall be entitled to receive such retirement benefits as may have been earned under the existing laws. The movements in the defined benefit obligation recognized and presented as accrued retirement benefits under the noncurrent liabilities in the Parent Company statements of financial position are as follows:

	2025	2024
At beginning of year	₱917,400	₱875,700
Provision for retirement benefits for the year	41,700	41,700
At end of year	₱959,100	₱917,400

The provision for retirement benefits in 2025, 2024 and 2023, were included under salaries, wages and employee benefits in the Parent Company statements of comprehensive income. Management believes that the defined benefit obligation computed using the provisions of R.A 7641 is not materially different with the amount computed using the projected unit credit method required under PAS 19, Employee Benefits.

15. INCOME TAXES

Reconciliation of income tax expense

The reconciliation of income (loss) before income tax computed at the statutory tax rate to provision for income tax as shown in the statement of comprehensive income follows:

	2025	2024	2023
Income (loss) before tax	(P4,664,443)	P145,661,035	(P9,700,682)
Income tax computed at statutory rate	(1,166,111)	36,415,259	(2,425,170)
Tax effect on:			
Expired NOLCO	1,535,004	—	—
Expired MCIT	9,316	9,316	581
Nondeductible expense	8,751	—	—
Interest income subjected to final tax	(25)	(30)	(32)
Changes in unrecognized deferred tax assets	(367,943)	(16,066,432)	2,438,797
Nontaxable income	—	(20,340,000)	—
	P 18,992	P 18,113	P 14,176

The composition of deferred tax assets (net) and is as follows:

	2025	2024
<i>Deferred tax assets</i>		
Allowance for ECL	P 44,532,887	P44,532,887
NOLCO	3,188,674	3,576,357
Retirement benefits obligation	239,775	229,350
MCIT	51,235	41,920
Lease liability	11,732	46,210
	48,024,303	48,426,723
Unrecognized deferred tax assets	(48,012,571)	(48,380,514)
	P 11,732	P 46,210
<i>Deferred tax liability</i>		
Right-of-use asset (net)	(P 11,373)	(P 45,489)

As at December 31, 2025, the Parent Company has NOLCO that can be claimed as deduction from future taxable income as follows:

Year Incurred	Expiration Date	Beginning Balance	Additions	Expired	Ending Balance
2025	2028	P —	P 4,589,285	P —	P 4,589,285
2024	2027	2,624,029	—	—	2,624,029
2023	2026	3,091,740	—	—	3,091,740
2022	2025	2,451,012	—	(2,451,012)	—
2021	2026	2,449,641	—	—	2,449,641
2020	2025	3,689,005	—	(3,689,005)	—
		P14,305,427	P4,589,285	(P6,140,017)	P12,754,695

As at December 31, 2025, the Company's MCIT that can be claimed as deduction from future income tax payable as follows:

Year of Incurrence	Year of Expiry	Beginning Balance	Additions	Expired/ Applied	Ending Balance
2025	2028	₱	₱ 18,631	₱ —	₱ 18,631
2024	2027	18,631	—	—	18,631
2023	2026	13,973	—	—	13,973
2022	2025	9,316	—	(9,316)	—
		₱ 41,920	₱ 18,631	(₱ 9,316)	₱ 51,235

Deferred tax assets and liability are determined using the income tax rates in the period the temporary differences are expected to be recovered or settled.

Except on the effect of adoption of PFRS 16, a corresponding full valuation allowance had been established since management believes, that it is more likely than not, that the carry-forward benefits will not be realized in the future.

16. EARNINGS (LOSS) PER SHARE

The following table presents information necessary to calculate the earnings (loss) per share:

	2025	2024	2023
Net income (loss) for the year	(₱ 4,683,435)	₱ 145,642,922	(₱ 9,714,858)
Weighted average number of shares outstanding	3,276,045,637	3,276,045,637	3,276,045,637
Earnings (loss) per share	(₱ 0.0014)	₱ 0.0445	(₱ 0.0030)

17. COMMITMENTS AND CONTINGENCIES

Commitments, guarantees and contingent liabilities that arise in the normal course of operations of the Parent Company are not reflected in the accompanying Parent Company financial statements. Management is of the opinion that losses, if any, from these commitments and contingencies will not have a material effect on the Parent Company financial statements.

On September 7, 1999, the Board of Directors approved the execution of a third-party real estate mortgage on the Parent Company's properties located in Quezon City with an actual area of 6,678 square meters to secure the loan of Waterfront Philippines, Incorporated (WPI), an affiliate, with the Social Security System (SSS) amounting to ₱375 million. In 2003, SSS foreclosed the asset mortgaged in the amount of ₱198,639,000.

The Parent Company filed a civil case against SSS on the foreclosed property claiming for sum of money and damages in the amount of ₱500 million. On January 12, 2015, the contract of loan and real estate mortgage were declared null and void by the RTC. Thus, WPI was directed to return the amount of ₱375 million to SSS and for SSS to return the properties and shares used as collateral. SSS filed an appeal to the Court of Appeals.

On August 30, 2019, the Court of Appeals issued its Decision reversing the RTC's Decision dated January 13, 2015 and Order dated May 11, 2015. The CA declared that the October 28, 1999 "Contract of Loan with Real Estate Mortgage and Assignment of Shares with Option to Convert to Shares of Stock" and the extra judicial foreclosure sale of the Green Meadows properties covered by Transfer Certificate of Title Nos. N-153395 and N-153396 are valid.

The CA ordered WPI to satisfy the deficiency under the October 28, 1999 "Contract of Loan with Real Estate Mortgage and Assignment of Shares with Option to Convert to Shares of Stock" in the sum of ₱841,567,136.85 due to SSS as of April 30, 2010. This obligation shall earn the stipulated interest and penalty charges, in accordance with the terms and conditions of the October 28, 1999 "Contract of Loan with Real Estate Mortgage and Assignment of Shares with Option to Convert to Shares of Stock", computed from April 30, 2010 until finality of the Decision.

On November 4, 2019, the Parent Company together with WPI and TWGI filed a Petition for Review on Certiorari before the Supreme Court (SC). The SC in its decision dated July 6, 2021 granted the petition and the CA's Decision dated August 30, 2019 was reversed and set aside. SSS filed its Motion for Reconsideration dated January 28, 2022 praying for the dismissal of WPI's Petition for Certiorari. On September 21, 2022, the SC issued a resolution denying SSS's Motion for Reconsideration with finality. On December 20, 2022, the SC issued an Entry of Judgment.

In compliance with the SC's Decision, both parties submitted their respective proposed computation of all amounts to be paid as well as a list of all properties to be returned by each party before the RTC. Thereafter, the RTC issued an Order dated 17 August 2023, to order WPI to pay ₱258,117,749.89 to SSS. In the same Order, SSS was ordered to return to the Parent Company the original copies of Transfer Certificate of Title (TCT) Nos. N-153395 AND 153396, T-558207, T-186142, T-180250, T-180246, T-180247, T-180248, T-180249 and T-180250, together with the original tax declarations, if any, within a period of ten (10) days from receipt of this Order and reconvey to the Parent Company the properties covered by TCT Nos. N-153395 and N-153396 within a period of sixty (60) days from receipt of this Order. Regina Capital Corporation is ordered to release to TWGI the Stock Certificates representing 235,000,000 shares of WPI within a period of ten (10) days from receipt of this Order; and to release to the Parent Company the Stock Certificates representing the 80,000,000 shares of the Parent Company within a period of TEN (10) days from receipt of this Order.

SSS filed a Motion for Reconsideration to the aforesaid Order but the same was denied by the RTC in its Order dated January 12, 2024. SSS filed its Manifestation of Conditional Acceptance. The Parent Company together with WPI and TWGI then filed a Motion to Direct the Register of Deeds of Quezon City to cancel TCT Nos. N-281261 and N-281262 and to reinstate TCT Nos. N-153395 and N-153396 to which the Court granted in its Order dated August 6, 2024.

Thereafter, SSS filed its Urgent Omnibus Motion for Reconsideration of the August 6, 2024 and for Inhibition of Hon. Presiding Judge Renato M. Pambid ("Hon. Pambid"). The said Motion was denied by the Court on October 3, 2024.

On December 3, 2024, SSS filed a Petition for Certiorari (with Application for Temporary Restraining Order and/or Preliminary Injunction) against Hon. Pambid, WPI, TWGI and the Parent Company before the CA, docketed as CA G.R. SP No. 187166.

On May 19, 2025, the Corporate Counsels, Philippines Law Offices filed Notices of Withdrawal in both CA G.R. SP No. 183716 and CA G.R. SP No. 187166, informing the CA of its withdrawal of appearance as counsel for WPI, TWGI and the Parent Company.

18. FINANCIAL RISKS MANAGEMENT OBJECTIVES AND POLICIES

The Parent Company is exposed to a variety of financial risks which results from both its operating and financing activities. The Parent Company's risk management is coordinated with the Group, in close cooperation with the BOD, and focuses on actively securing the short-term cash flows by minimizing the exposure to financial markets.

The Parent Company does not actively engage in the trading of financial assets for speculative purposes nor does it write options.

The most significant financial risks to which the Parent Company is exposed to are described below.

Credit risk

Credit risk refers to the risk that a counterparty will default its contractual obligation resulting in financial loss to the Parent Company. The Parent Company credit risk is primarily attributable to its financial assets which composed of cash, receivables and advances to related parties.

The Parent Company's exposure to credit risk arises from default of the counterparty with a maximum exposure equal to the carrying amount of these instruments, as summarized below:

Credit risk exposure

The Parent Company's maximum exposure to credit risk without taking into account any collateral held or other credit enhancements arises from the carrying amount of financial assets recognized in the Parent Company statements of financial position.

In order to minimize credit risk, the Parent Company has developed and maintained internal credit risk grading to categorize exposures according to their degree of risk of default. The Parent Company uses its own trading records to rate its major customers and other debtors.

The maximum credit risk exposure of the financial assets is the carrying amount of the financial assets shown on the face of statement of financial position, as summarized below:

December 31, 2025					
		Basis of recognizing ECL	Gross carrying amount	Loss allowance	Net carrying amount
Cash in bank – note 4	(a)		₱ 177,175	₱ –	₱ 177,175
Receivables – note 5	(b)	Lifetime ECL	52,683,238	(52,668,238)	15,000
Advances to related parties – note 12	(b)	Lifetime ECL	151,415,888	(125,463,308)	25,952,580
Total			₱204,276,301	(₱178,131,546)	₱ 26,144,755

December 31, 2024

		Basis of recognizing ECL	Gross carrying amount	Loss allowance	Net carrying amount
Cash in bank – note 4	(a)		₱ 148,007	₱ –	₱ 148,007
Receivables – note 5	(b)	Lifetime ECL	52,709,952	(52,668,238)	41,714
Advances to related parties – note 12	(b)	Lifetime ECL	156,596,773	(125,463,308)	31,133,465
Total			₱209,454,732	(₱178,131,546)	₱ 31,323,186

None of the Parent Company's financial assets are secured by collateral or other credit enhancements, except for cash as described below.

(a) Cash in bank

The credit risk for cash in bank is considered negligible, since the counterparties are reputable banks with high quality external credit ratings. Cash in bank is insured by the Philippine Deposit Insurance Corporation up to a maximum coverage of ₱1,000,000 for every depositor per banking institution.

(b) Receivables and advances to related parties

For receivables and advances to related parties, the Parent Company has applied the general approach to measure the loss allowance using the management's adopted policy on ECL.

Equity price risk

Equity price risk is the risk that the fair value of equity instrument decreases as a result of changes in the value of individual stocks. The Parent Company's exposure to equity price risk arises from investments held by the Parent Company and classified in the Parent Company's statements of financial position as financial asset at FVOCI.

Equity instruments designated at FVOCI in unquoted price are held for strategic rather than trading purposes. The Parent Company does not actively trade these investments.

If the price of the financial assets at FVOCI had been 10% higher/lower the other comprehensive income for the years ended December 31, 2025 and 2024 would decrease/increase by ₱1,199,375.

Liquidity risk

The Parent Company obtains funds for its working capital requirements through cash advances from its stockholders. The Parent Company's exposure to liquidity risk is insignificant as accounts payable and other liabilities are normally settled the next financial year.

Capital Risk Objective and Management

The Parent Company's objectives when managing capital are to safeguard the Parent Company's ability to continue as a going concern, so that it can continue to provide returns for stockholders and to maintain an optimal capital structure to reduce the cost of capital.

Consistently with others in the industry, the Parent Company monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (includes accounts payable and other liabilities less cash). Total capital is calculated as 'Equity' as shown in the Parent Company statements of financial position plus 'Net debt'.

Gearing ratio compares some form of owner's equity to borrowed funds. It is a measure of financial leverage demonstrating the degree to which the Parent Company's activities are funded by owner's funds versus creditors' funds.

In 2025, the Parent Company's strategy, which was unchanged from 2024, was to keep the gearing ratio below 1% as proportion to net debt to capital. The gearing ratios as at December 31 were as follows:

	2025	2024
Debt	₱ 3,210,348	₱ 1,947,474
Cash	(177,175)	(148,007)
Net debt	3,033,173	1,799,467
Total equity	1,054,710,518	1,059,393,953
Gearing ratio	0.0029:1	0.0017:1

The minimal gearing ratio of the Parent Company as at December 31, 2025 and 2024, illustrates that the Parent Company's activities are fully funded by the owner's capital and not relying on borrowed funds.

The Parent Company is subject to externally imposed capital requirement amounting to ₱6,250,000 which is the minimum paid-up capital requirement of SEC for mining companies. As at December 31, 2025 and 2024, the Parent Company is in compliance with this externally imposed capital requirement.

19. RECONCILIATION OF LIABILITIES ARISING FROM FINANCING ACTIVITIES

The reconciliation about the changes in the Parent Company's liabilities arising from financing activities, including both cash and non-cash changes for the years ended December 31 is as follows:

	Balance as at January 1, 2025	New leases	Changes from financing cash flows	Balance as at December 31, 2025
Lease liability	₱ 184,838	—	(₱ 137,908)	₱ 46,930
	Balance as at January 1, 2024	New leases	Changes from financing cash flows	Balance as at December 31, 2024
Lease liability	₱ 48,323	₱ 272,934	(₱ 136,419)	₱ 184,838

20. FAIR VALUE INFORMATION

The following table gives information about how the fair values of the Parent Company's assets and liabilities, which are not measured at fair value but the fair values are disclosed at the end of each reporting period, are determined.

Assets measured at fair value

The following table gives information about how the fair values of the Company's assets, which are measured at fair value at the end of each reporting period, are determined (in particular, the valuation technique(s) and inputs used).

	Fair value as at December 31		Fair value hierarchy	Valuation techniques
	2025	2024		
Financial assets at FVOCI				
Unquoted shares	₱11,993,750	₱11,993,750	Level 3	Adjusted net asset method
2025				
	Carrying Value	Fair Value	Fair value hierarchy	Valuation techniques
Financial Assets				
Advances to related parties	₱ 25,952,580	₱ 24,707,542	Level 2	(b)
Investment properties	239,503,308	935,553,013	Level 2	(c)
	₱ 265,455,888	₱ 960,260,555		
2024				
	Carrying Value	Fair Value	Fair value hierarchy	Valuation techniques
Financial Assets				
Advances to related parties	₱31,133,465	₱29,322,065	Level 2	(b)
Investment properties	238,202,495	1,316,866,600	Level 2	(c)
	₱ 192,633,786	₱ 1,350,575,491		

The fair values of cash in bank, receivables, accounts payable and other liabilities, and current portion of lease liability approximate carrying values due to relatively short-term maturities.

Fair value estimation

The methods and assumptions used by the Parent Company in estimating the fair value of the financial instruments are as follows:

- The fair value of advances to related parties and lease liability is determined based on the discounted value using the applicable rate for fixed income government. The discounted rates used are 5.0391% in 2025 and 6.1776% in 2024.
- The fair value is determined using the market approach, in which the fair value is based on prices recently paid for similar assets, with adjustment made to the indicated market prices to reflect condition and utility of the appraised assets relative to the market comparable.

21. SUPPLEMENTAL INFORMATION REQUIRED BY BUREAU OF INTERNAL REVENUE

The following information is presented for the purpose of filing with the BIR and is not a required part of the basic financial statements.

Supplementary information required by Revenue Regulation (RR) No. 15-2010

On December 28, 2010, Revenue Regulations (RR) No. 15-2010 became effective and amended certain provisions of RR No. 21-2002 prescribing the manner of compliance with any documentary and/or procedural requirements in connection with the preparation and submission of financial statements and income tax returns. Section 2 of RR No. 21-2002 was further amended to include in the Notes to Financial Statements information on taxes, duties and license fees paid or accrued during the year in addition to what is mandated by PFRS Accounting Standards.

a) Output Value-Added Tax

	2025
Gross revenues subject to VAT:	
Vatable sales	₱ 931,565
Output VAT	₱ 111,788

b) Input Value-Added Tax

	2025
At beginning of year	₱2,401,366
Current purchases and payments for:	
Domestic purchase of services	540,426
	3,061,495
Input VAT claimed against output VAT	(111,788)
At end of year	₱2,949,707

c) Importations

The Parent Company did not pay nor accrue custom duties or tariff fees as the Parent Company did not import any goods or equipment for the year ended December 31, 2025.

d) Excise Tax

The Parent Company did not pay nor accrue any excise tax as there was no related transaction that requires the payment of the said tax for the year ended December 31, 2025.

e) Documentary Stamp Tax

The Company paid DST amounting to ₱234 for the payment of insurance for the year ended December 31, 2025.

f) All other local and national taxes

	2025
Real property tax	₱ 825,618
Mayor's permit	28,300
Others	1,558
	₱ 855,476

g) Withholding taxes

The details of total withholding taxes for the year ended December 31, 2025 is shown below:

Expanded withholding tax	₱ 132,946
Withholding tax on compensation	7,766
	₱ 140,712

h) Deficiency Tax Assessment and Tax Cases

The Parent Company had no any deficiency tax assessments with the Bureau of Internal Revenue (BIR) or tax cases outstanding or pending in courts or bodies outside of the BIR as at December 31, 2025.

i) Other Information

All other information prescribed to be disclosed by the BIR has been included in this Note.

**Independent Auditors' Report on
Components of Financial Soundness Indicators**

To the Board of Directors and Stockholders of
WELLEX INDUSTRIES INCORPORATED
35th Floor, One Corporate Center
Doña Julia Vargas Ave., cor. Meralco Ave.
Ortigas Center, Pasig City, Philippines

We have audited in accordance with Philippine Standards on Auditing, the financial statements of **Wellex Industries Incorporated** (the 'Parent Company') as at December 31, 2025 and 2024, and for each of the three years in the period ended December 31, 2025 and have issued our report thereon dated April 13, 2026. Our audits were made for the purpose of forming an opinion on the financial statements taken as a whole. The Supplementary Schedule on Financial Soundness Indicators, including their definitions, formulas, calculation, and their appropriateness or usefulness to the intended users, is the responsibility of the Parent Company's management. These financial soundness indicators are not measures of operating performance defined by Philippine Financial Reporting Standards (PFRS) Accounting Standards and may not be comparable to similarly titled measures presented by other companies. This schedule is presented for the purpose of complying with the Revised Securities Regulation Code Rule 68 issued by the Securities and Exchange Commission and is not a required part of the financial statements prepared in accordance with PFRS Accounting Standards. The components of these financial soundness indicators have been traced to the Parent Company's financial statements as at December 31, 2025 and 2024, and for each of the three years in the period ended December 31, 2025 and no material exceptions were noted.

Independent Auditors' Report

WELLEX INDUSTRIES, INC.
LISTED IN THE PHILIPPINE STOCK EXCHANGE

**STATEMENT OF MANAGEMENT'S RESPONSIBILITY
FOR FINANCIAL STATEMENTS**

The management of **WELLEX INDUSTRIES, INCORPORATED AND SUBSIDIARIES** is responsible for the preparation and fair presentation of the consolidated financial statements including the schedules attached therein, for the years ended **December 31, 2025 and 2024**, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, of has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the consolidated financial statements including the schedules attached therein, and submits the same to the stockholders or members.

Diaz Murillo Dalupan and Company, the independent auditors, appointed by the stockholders has audited the consolidated financial statements of the Company in accordance with Philippine Standards on Auditing, and in its report to the stockholders, has expressed its opinion on the fairness of presentation upon completion of such audit.

Independent Auditors' Report

To the Board of Directors and Stockholders of
WELLEX INDUSTRIES INCORPORATED AND SUBSIDIARIES
35th Floor, One Corporate Center
Doña Julia Vargas Ave., cor. Meralco Ave.
Ortigas Center, Pasig City, Philippines

Report on the Audits of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of **Wellex Industries Incorporated and Subsidiaries** (the 'Group'), which comprise the consolidated statements of financial position as at December 31, 2025 and 2024, and the consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for each of the three years in the period ended December 31, 2025, and notes to consolidated financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2025 and 2024, and its consolidated financial performance and its consolidated cash flows for each of the three years in the period ended December 31, 2025, in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSA). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with Code of Ethics for Professional Accountants in the Philippines (the 'Code of Ethics'), as applicable to the audits of the consolidated financial statements of public interest entities, together with the ethical requirements that are relevant to our audits of the consolidated financial statements of public interest entities in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 in the consolidated financial statements, which indicates that the Group has been incurring losses in current and prior years and has accumulated a deficit of ₱1,908,945,535 and ₱1,897,821,614 as at December 31, 2025 and 2024, respectively. As stated in Note 1, these events or conditions, along with other matters, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Should there be an opportunity for an interesting business acquisition, there might be a need to raise funds via a stock rights offering with the local bourse. The Group also has substantial amount of advances to related parties which are realizable upon demand. We have conducted sufficient audit procedures to verify the validity of the management plan to address the material uncertainty related to going concern. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the *Material Uncertainty Related to Going Concern* section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Adequacy of Allowance for Expected Credit Losses on Receivables and Advances to Related Parties

The Group's assumptions used in calculating the allowance for expected credit losses (ECL) is significant to our audit as it involves the exercise of significant management judgement. Key judgment areas include, historical credit loss experience based on past due status of debtors and current conditions and estimates of future economic conditions. Allowance for ECL on trade and other receivables amounted to ₱82,324,388 and ₱82,283,167 as at December 31, 2025 and 2024, respectively. Allowance for ECL on advances to related parties amounted to ₱7,860,250 as at December 31, 2025 and 2024.

The disclosures related to allowance for ECL on receivables and advances to related parties are included in Note 24.

Our Response

Our audit procedures to address the adequacy of allowance for ECL, includes the following:

- Obtained understanding of the approved methodologies used by the Group and assessed whether these are acceptable under the requisites of PFRS 9.
- For trade and other receivables, checked the methodology used in applying the simplified approach by evaluating the key inputs, assumptions, and formulas used.
- For advances to related parties, recalculated the allowance for ECL based on management assertions and policy of the Group in adopting general approach.
- Tested the definition of default against historical analysis of accounts and credit risk management policies and practices.
- Tested loss given default by inspecting historical recoveries including the timing, related costs, and write-offs.

Other information

Management is responsible for the other information. The other information comprises the information included in the SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2025, but does not include the consolidated financial statements and our auditors' report thereon. The SEC Form 20-IS, SEC Form 17-A and Annual Report for the year ended December 31, 2025 are expected to be made available to us after the date of this auditors' report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audits of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained in the audits or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with PFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audits of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with PSA, we exercise professional judgment and maintain professional skepticism throughout the audits. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audits.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

(The accompanying notes are an integral part of these consolidated financial statements.)

WELLEX INDUSTRIES INCORPORATED AND SUBSIDIARIES

Notes to Consolidated Financial Statements

As at December 31, 2025 and 2024 and for each of the three years
in the period ended December 31, 2025

1. CORPORATE INFORMATION, STATUS OF OPERATIONS AND MANAGEMENT PLANS

Wellex Industries Incorporated (the 'Parent Company') was incorporated in the Philippines on October 19, 1956. The Parent Company engaged primarily in the business of mining and oil exploration and was known as Republic Resources and Development Corporation (REDECO). The Parent Company extended its corporate life for another fifty (50) years up to October 19, 2056 which was approved by the Securities and Exchange Commission (SEC) on July 20, 2007.

The Parent Company's shares are listed and traded in the Philippine Stock Exchange (PSE).

The Parent Company wholly-owns Plastic City Industrial Corporation (PCIC). PCIC has ceased its commercial operations, but PCIC subsidiaries have leased out their warehouse and building facilities.

The financial position and results of operations of the Parent Company and its Subsidiaries, (herein referred to as the 'Group') are consolidated in these financial statements.

The registered office address of the Parent Company is located at 35th Floor, One Corporate Center, Doña Julia Vargas Ave., cor. Meralco Ave., Ortigas Center, Pasig City, Philippines.

The consolidated financial statements as at and for the year ended December 31, 2025, including its comparatives for 2024 and 2023, were authorized and approved for issue by the Board of Directors (BOD) of the Parent Company on April 13, 2026.

Status of Operations and Management Plans

The Group has incurred losses resulting in a deficit of ₱1,908,945,535 and ₱1,897,821,614 as at December 31, 2025 and 2024, respectively. These conditions indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as going concern and, therefore, the Group may be unable to realize its assets and discharge its liabilities in the normal course of business. Albeit these conditions, management believes that the Group will be able to meet all its outstanding obligations and continue to operate as a going concern.

To continue as a going concern, the officers and major stockholders of the Group have committed to provide full financial support to the Group to sustain its operations, meet the working capital requirements and settle obligations as they fall due.

In prior years, the Parent Company's business of mining and oil exploration became secondary to real estate and energy development. On January 28, 2008, the BOD approved the amendment of the Parent Company's primary purpose from a holding company to a company engaged in the business of mining and oil exploration.

The purpose of the amendment of the primary purpose was essentially to enable the Group to ride the crest of a resurgent mining industry including oil exploration of the country's offshore oil fields. The Group's strategy is to identify mining properties with proven mineral deposits particularly nickel, chromite, gold and copper covered by Mineral Production Sharing Agreements (MPSA) and to negotiate for either a buy-out or enter into a viable joint venture arrangement. For its oil and mineral exploration activities, the Group has identified and conducted initial discussions with potential investors.

However, the continuing global financial crises dampened the metal and oil prices that adversely affected the investment environment of mining and oil, and mineral exploration industry of the country. To finance its operating expenses, the Group obtains advances from related parties.

The Group has put on hold its plans to acquire a mining company with an existing MPSA with the Mines and Geosciences Bureau (MGB). This is due to the stringent requirements that the Department of Environment and Natural Resources (DENR) had placed on several dormant mining companies and the subsequent business slowdown in the industry as a result thereof.

Redevelopment of the Plastic City Complex in Valenzuela

On December 17, 2012, the Group and other related parties entered into a Memorandum of Agreement (MOA) with Avida Land Corp (ALC) for the development of 21.3 hectares of land located in Valenzuela City into a residential cluster of condominium, townhouses, house and lots. Out of the total 21.3 hectares, 12.8 hectares (representing 60% of the aggregate area) was owned by the Group and its affiliates and around 8.47 hectares were owned by related parties.

By virtue of a Rescission Agreement dated November 29, 2019, the Group elected not to pursue their Agreement with ALC for the development of the real estate. The project will now be undertaken in a joint venture with Philippine Estate Corporation (PHES), an affiliate, and will involve the conversion of the industrial estate into a mixed-use hub with complimentary commercial, office and residential zones. The Parent Company is certain that this shift in character will greatly increase the value of their property and will encourage the development and growth of a new Central Business District for Valenzuela City. The commencement of the redevelopment, however, will depend on the strengthening of real estate demand for mid-market projects.

Business and Operations

Based on current operation, the Group's cash requirements can be generated internally from rental income from remaining lease contracts of its subsidiaries. The management believes that resources are sufficient for projected leasing plans for the next twelve (12) months. However, should there be an opportunity for an interesting business acquisition as related above, there might be a need to raise funds via a stock rights offering with the local bourse. In any case, the Group has substantial amount of advances to related parties which are realizable upon demand.

The Group will explore new business opportunities in the development of industrial estates and logistics hubs, and to this end, ocular inspections for suitable raw land for development into industrial estates and logistics hubs are being carried out in Cavite, Laguna, Batangas and Bulacan. Discussions have been carried out with local government city planning officials in order to determine which sites are candidates for long-term success, and the Group is in constant communication with urban planners and construction engineers in order to fully understand the financial feasibility models for the development of these industrial estates and logistics hubs.

Project manpower will be outsourced when needed. Technical and managerial positions will be filled when future operations commence in either the mining sector or industrial estate development. A capital-infusion and build-up program will address the Group's financial standing, the size and timing of which will be directly related to the planned entry into new business endeavors.

Despite the stabilization of global travel and renewed business interest in the Philippines, new territorial issues with claim have risen at the West Philippines Sea. This, together with economic turbulence brought about by the war in Ukraine, Venezuelan conflict and civil unrest in Iran, has made management cautious about entering into new business ventures.

The Group's consolidated financial statements have been prepared assuming that the Group will continue as a going concern. The Group's consolidated financial statements do not include any adjustments relating to the recoverability and classification of the recorded assets or the recognition and classification of liabilities that might result from the outcome of this uncertainty.

2. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies that have been used in the preparation of these consolidated financial statements are summarized below and in the succeeding pages. The policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of Compliance

The consolidated financial statements of the Group have been prepared in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards. The term PFRS in general includes all applicable PFRS, Philippine Accounting Standards (PAS) and Interpretations issued by the former Standing Interpretations Committee (SIC), the Philippine Interpretations Committee (PIC) and the International Financial Reporting Interpretations Committee (IFRIC), which have been approved by the Financial and Sustainability Reporting Standards Council (FSRSC) and adopted by the SEC.

Basis of Preparation

The consolidated financial statements have been prepared on a historical cost basis. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

Functional and Presentation Currency

The consolidated financial statements are presented in Philippine peso (₱), the Group's functional currency. All amounts are rounded to the nearest peso except when otherwise indicated.

Current and Non-Current Classification

The Group presents assets and liabilities in the consolidated statement of financial position based on current/non-current classification. An asset is current when it is:

- expected to be realized or intended to be sold or consumed in normal operating cycle;
- held primarily for the purpose of trading.

- expected to be realized within twelve months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- it is expected to be settled in normal operating cycle;
- it is held primarily for the purpose of trading;
- it is due to be settled within twelve months after the reporting period; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and tax liability are classified as non-current assets and non-current liabilities, respectively.

Basis of Consolidation

The consolidated financial statements incorporate the financial statements of the Parent Company and subsidiaries it controls. Control is achieved when the Parent Company has power over the investee, is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to use its power to affect its returns. The Parent Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of these three elements of control.

When the Parent Company has less than a majority of the voting rights of an investee, it considers that it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Parent Company considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- the contractual arrangement with the other vote holders of the investee;
- rights arising from other contractual arrangements; and
- the Group's voting rights and potential voting rights.

Consolidation of subsidiaries begins when the Parent Company obtains control over the subsidiaries and ceases when the Parent Company loses control of the subsidiaries. Income and expenses of subsidiaries acquired or disposed of during the year are included in the consolidated statements of comprehensive income from the date the Parent Company gains control until the date when the Parent Company ceases to control the subsidiaries.

The financial statements of the subsidiaries are prepared for the same reporting year, using accounting policies that are consistent with those of the Parent Company. Intra-group balances, transactions, income and expenses, and profits and losses resulting from intra-group transactions are eliminated in full in the consolidation.

Changes in the ownership interests in subsidiaries that do not result in the loss of control are accounted for as equity transactions.

If the Parent Company loses control over its subsidiaries, it derecognizes the related assets (including goodwill), liabilities, non-controlling interest and other components of equity while any resulting gain or loss is recognized in consolidated statements of comprehensive income.

Composition of the Group

The consolidated financial statements comprise the financial statements of the Parent Company and its subsidiaries as at December 31, 2025 and 2024. The details of its subsidiaries are as follows:

Subsidiaries	Principal Activity	Ownership	
		2025	2024
Direct Ownership			
PCIC	Manufacturing	100%	100%
Indirect Ownership (Subsidiaries of PCIC)			
ICC	Manufacturing	100%	100%
KCC	Manufacturing	100%	100%
PPC	Manufacturing	100%	100%
Rexlon Industrial Corporation (RIC)	Manufacturing	100%	100%

a) Direct ownership

PCIC

PCIC and its subsidiaries have ceased operations but have leased out their warehouse facilities. The intention of the Group is to continue its operation by focusing on “injection molding” due to its very encouraging prospect and which has shown to have a high viability rating that will contribute highly towards the Group’s maximum operation and financial position. Management is continuously searching for reliable joint venture partners who have the means to continue its operations.

b) Indirect ownership

ICC

ICC was incorporated in the Philippines and registered with the SEC on June 23, 1981, primarily to engage in the manufacture of plastic containers. The Company ceased its commercial operations on July 30, 2000, and has leased out its buildings as warehouses.

KCC

KCC was incorporated in the Philippines and registered with the SEC on February 14, 1983. The Company was established to manufacture all kinds of plastic containers. The Company ceased its commercial operations on April 30, 2002, and has leased out its buildings as warehouses.

PPC

PPC was incorporated in the Philippines and registered with the SEC on October 1, 1982. The Company was established primarily to manufacture plastic raw materials, rigid and non-rigid plastic products, plastic compounds, derivatives and other related chemical substances. The Company ceased its commercial operations on May 16, 2002, and has leased out its buildings as warehouses.

RIC

RIC was incorporated in the Philippines and registered with the SEC on October 9, 1984. The Company was engaged in the business of manufacturing and molding plastic products. The Company ceased its commercial operations on April 30, 2002.

Changes in Accounting Policies and Disclosures

The Group adopted for the first time the following amendments to PFRS, which are mandatorily effective for annual periods beginning on or after January 1, 2025.

Classification of Liabilities as Current or Noncurrent (Amendments to PAS 1). The narrow-scope amendments to PAS 1, *Presentation of Financial Statements* clarify that liabilities are classified as either current or noncurrent, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the expectations of the entity or events after the reporting date (e.g. the receipt of a waiver or a breach of covenant). The amendments also clarify what PAS 1 means when it refers to the 'settlement' of a liability. The amendments could affect the classification of liabilities, particularly for entities that previously considered management's intentions to determine classification and for some liabilities that can be converted into equity. The amendments are effective for annual periods beginning on or after January 1, 2025, with earlier application permitted.

The amendments affect only the presentation of liabilities as current or non-current in the statements of financial position and not the amount or timing of recognition of any asset, liability, income or expenses, or the information disclosed about those items.

Noncurrent Liabilities with Covenants (Amendments to PAS 1). The amendment clarifies how conditions with which an entity must comply within twelve months after the reporting period affect the classification of liability. Only covenants with which an entity is required to comply on or before the reporting date affect the classification of a liability as either current or non-current. In addition, an entity has to disclose information in the notes that enable users of financial statements to understand the risk that non-current liabilities with covenants could become repayable within twelve months. The amendments are effective for annual periods beginning on or after January 1, 2025. The management assessed that the amendments have no significant impact to the Group.

Lease Liability in a Sale and Leaseback (Amendments to PFRS 16). The amendment clarifies the how a seller-lessee subsequently measures sale and leaseback transactions that satisfy the requirements in PFRS 15 to be accounted for as a sale. The amendments to PFRS 16 specify that, in subsequently measuring the lease liability, the seller-lessee determines 'lease payments' and 'revised lease payments' in a way that does not result in the seller-lessee recognizing any amount of the gain or loss that relates to the right of use it retains. The amendments do not affect the gain or loss recognized by the seller-lessee relating to the partial or full termination of a lease. Without these new requirements, a seller-lessee may have recognized a gain on the right of use it retains solely because of a remeasurement of the lease liability (for example, following a lease modification or change in the lease term) applying the general requirements in PFRS 16. This could have been particularly the case in a leaseback that includes variable lease payments that do not depend on an index or rate. The amendments are effective for annual periods beginning on or after January 1, 2025. The management assessed that the amendments have no significant impact to the Group.

Cash Flow Statements and PFRS 7 (Amendments), Financial Instruments: Disclosures – Supplier Finance Arrangements. The amendment notes that arrangements that are solely credit enhancements for the entity or instruments used by the entity to settle directly with a supplier the amounts owed are not supplier finance arrangements. The entities will have to disclose in the notes information that enables users of the financial statements to assess how supplier finance arrangements affect an entity's liabilities and cash flows and understand its effect on exposure to liquidity risk and how the entity may be affected if the arrangements were no longer available.

The amendments are effective for annual periods beginning on or after January 1, 2025, with earlier application permitted.

The amendments contain specific transition provisions for the first annual reporting period in which the group applies the amendments. Under the transitional provisions an entity is not required to disclose:

- comparative information for any reporting periods presented before the beginning of the annual reporting period in which the entity first applies those amendments.
- the information otherwise required by PAS as at the beginning of the annual reporting period in which the entity first applies those amendments.

The management assessed that the amendments have no significant impact to the Group.

New Accounting Standards, Interpretations and Amendments to Existing Standards Effective Subsequent to January 1, 2025

The Effects of Changes in Foreign Exchange Rates – Lack of Exchangeability (Amendments to PAS 21). The amendment specifies that a currency is exchangeable when an entity can exchange that currency for the other currency through markets or exchange mechanisms that create enforceable rights and obligations without undue delay at measurement date and for a specified purpose while a currency is not exchangeable into other currency if an entity can only obtain an insignificant amount of the other currency. When a currency is not exchangeable, an entity estimates the spot exchange rate as the rate that would have applied to an orderly transaction between market participants at the measurement date and that would faithfully reflect the economic conditions. The amendment requires the disclosure of additional information when a currency is not exchangeable.

The amendment is effective for annual periods beginning on or after January 1, 2025, with earlier application permitted. The Management assessed that the application of these amendments will not have an impact on the Group's consolidated financial statements in future periods.

PFRS 18, Presentation and Disclosure in Financial Statements. This standard supersedes *PAS 1, Presentation of Financial Statements*, and sets out requirements for the presentation and disclosure of information in general purpose financial statements (financial statements) to help ensure they provide relevant information that faithfully represents an entity's assets, liabilities, equity, income and expenses. The standard requires an entity to clearly identify the financial statements, which must be distinguished from other information in the same published document, as well as each primary financial statement and the notes to the financial statements. In addition, the following information must be displayed prominently, and repeated as necessary:

- the name of the reporting entity and any change in the name
- whether the financial statements are a group of entities or an individual entity
- information about the reporting period
- the presentation currency (as defined by *PAS 21, The Effects of Changes in Foreign Exchange Rates*)

- the level of rounding used (e.g., thousands, millions).

Retrospective application of the standard is mandatory for annual reporting periods starting from January 1, 2027 onwards but earlier application is permitted provided that this fact is disclosed. The Management assessed that the application of these amendments will have an impact on the Group's consolidated financial statements in future periods.

PFRS 18 supersedes PAS 1, carrying forward many of the requirements in PAS 1 unchanged and complementing them with new requirements with movements on certain paragraphs into PAS 8 and PFRS 7. Furthermore, there were also minor amendments to PAS 7 and PAS 33 earnings per share. The new standard introduces new requirements to:

- present specified categories and defined subtotals in the statement of profit or loss
- provide disclosures on management-defined performance measures (MPMs) in the notes to the financial statements
- improve aggregation and disaggregation.

The amendment is effective for annual periods beginning on or after January 1, 2027, with earlier application permitted. The amendments to PAS 7 and PAS 33, as well as the revised IAS 8 and IFRS 7, become effective when an entity applies PFRS 18.

The Group anticipate that the application of these amendments may have an impact on the Group's consolidated financial statements in future periods.

PFRS 19, Subsidiaries without Public Accountability: Disclosures. The standard specifies the disclosure requirements an eligible subsidiary is permitted to apply instead of the disclosure requirements in other PFRS. A subsidiary is eligible for the reduced disclosures if it does not have public accountability and its ultimate or any intermediate.

A subsidiary has public accountability if its debt or equity instruments are traded in a public market or it is in the process of issuing such instruments for trading in a public market (a domestic or foreign stock exchange or an over-the-counter market, including local and regional markets), or it holds assets in a fiduciary capacity for a broad group of outsiders as one of its primary businesses (for example, banks, credit unions, insurance entities, securities brokers/dealers, mutual funds and investment banks often meet this second criterion).

An entity electing to apply PFRS 19 applies the requirements in other PFRS, except for the disclosure requirements. Instead of the disclosure requirements, the entity applies the requirements in PFRS 19. Therefore, an entity applying PFRS 19 is not required to apply the disclosure requirements in other PFRS nor apply any statements about, or references to, those disclosure requirements except for certain exceptions. An entity is required to consider whether to provide additional disclosures when compliance with the specific requirements in PFRS 19 is insufficient to enable users of financial statements to understand the effect of transactions and other events and conditions on the entity's financial position and financial performance.

The new standard is effective for annual periods beginning on or after January 1, 2027, with earlier application permitted provided that this fact is disclosed.

The management assessed that the amendments are not applicable to the Group.

Amendments to the Classification and Measurement of Financial Instruments (Amendments to PFRS 9 and PFRS 7). The amendments address matters identified during the post-implementation review of the classification and measurement requirements of *PFRS 9, Financial Instruments*. The amendments include:

- a) derecognition of financial liability settled through electronic transfer - The amendments to the application guidance of PFRS 9 permit an entity to deem a financial liability (or part of it) that will be settled in cash using an electronic payment system to be discharged before the settlement date if specified criteria are met. An entity that elects to apply the derecognition option would be required to apply it to all settlements made through the same electronic payment system.
- b) classification of financial assets - The amendments provide guidance on how an entity can assess whether contractual cash flows of a financial asset are consistent with a basic lending arrangement, enhance description of the term 'non-recourse' and clarify the characteristics of contractually linked instruments that distinguish them from other transactions.
- c) disclosures - The requirements in PFRS 7 are amended for disclosures that an entity provides in respect of investments in equity instruments designated at fair value through other comprehensive income. The amendments also require the disclosure of contractual terms that could change the timing or amount of contractual cash flows on the occurrence (or non-occurrence) of a contingent event that does not relate directly to changes in a basic lending risks and costs.

The amendments also include amendments to *PFRS 19, Subsidiaries without Public Accountability: Disclosures*, which limit the disclosure requirements for qualifying subsidiaries.

The amendments are effective for reporting periods beginning on or after January 1, 2026, with earlier application permitted provided that this fact is disclosed.

Annual Improvements to PFRS — Volume 11. The pronouncement comprises the following amendments:

- PFRS 1: Hedge accounting by a first-time adopter - The amendment addresses a potential confusion arising from an inconsistency in wording between paragraph B6 of PFRS 1 and requirements for hedge accounting in PFRS 9 Financial Instruments.
- PFRS 7: Gain or loss on derecognition - The amendment addresses a potential confusion in paragraph B38 of PFRS 7 arising from an obsolete reference to a paragraph that was deleted from the standard when PFRS 13 Fair Value Measurement was issued.
- PFRS 7: Disclosure of deferred difference between fair value and transaction price - The amendment addresses an inconsistency between paragraph 28 of PFRS 7 and its accompanying implementation guidance that arose when a consequential amendment resulting from the issuance of PFRS 13 was made to paragraph 28, but not to the corresponding paragraph in the implementation guidance.
- PFRS 7: Introduction and credit risk disclosures - The amendment addresses a potential confusion by clarifying in paragraph IG1 that the guidance does not necessarily illustrate all the requirements in the referenced paragraphs of PFRS 7 and by simplifying some explanations.
- PFRS 9: Lessee derecognition of lease liabilities - The amendment addresses a potential lack of clarity in the application of the requirements in PFRS 9 to account for an extinguishment of a lessee's lease liability that arises because paragraph 2.1(b)(ii) of PFRS 9 includes a cross-reference to paragraph 3.3.1, but not also to paragraph 3.3.3 of PFRS 9.

- PFRS 9: Transaction price - The amendment addresses a potential confusion arising from a reference in Appendix A to PFRS 9 to the definition of 'transaction price' in PFRS 15 Revenue from Contracts with Customers while term 'transaction price' is used in particular paragraphs of PFRS 9 with a meaning that is not necessarily consistent with the definition of that term in PFRS 15.
- PFRS 10: Determination of a 'de facto agent' - The amendment addresses a potential confusion arising from an inconsistency between paragraphs B73 and B74 of PFRS 10 related to an investor determining whether another party is acting on its behalf by aligning the language in both paragraphs.
- PAS 7: Cost method - The amendment addresses a potential confusion in applying paragraph 37 of IAS 7 that arises from the use of the term 'cost method' that is no longer defined in IFRS Accounting Standards.

The amendments are effective for reporting periods beginning on or after January 1, 2026, with earlier application permitted provided that this fact is disclosed.

The Group has not early adopted the previously mentioned new, amended and improved accounting standards and interpretations. The Group continues to assess the impact of the above new, amended and improved accounting standards and interpretations that are effective subsequent to January 1, 2025 on its consolidated financial statements in the period of initial application. Additional disclosures required by these amendments will be included in the consolidated financial statements when these amendments are adopted.

Determination of Fair Value and Fair Value Hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible to by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group determines the policies and procedures for both recurring fair value measurement and for non-recurring measurement.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Fair value measurement disclosures of financial and non-financial assets are presented in Note 26 to the consolidated financial statements.

“Day 1” Difference

When the transaction price in a non-active market is different from the fair value of other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Group recognizes the difference between the transaction price and fair value (a “Day 1” difference) in the consolidated statements of comprehensive income unless it qualifies for recognition as some other type of asset or liability. In cases where use is made of data which is not observable, the difference between the transaction price and model value is only recognized in the consolidated statements of comprehensive income when the inputs become observable or when the instrument is derecognized. For each transaction, the Group determines the appropriate method of recognizing the “Day 1” difference amount.

Financial Instruments

Initial Recognition, Measurement and Classification

The Group recognizes financial assets and financial liabilities in the consolidated statements of financial position when it becomes a party to the contractual provisions of the instrument. Purchases or sales of financial assets, that require delivery of assets within the time frame established by regulation or convention in the marketplace, are recognized on the settlement date.

With the exception of trade receivables that do not contain a significant financing component, financial assets and financial liabilities are recognized initially at fair value including transaction costs, except for those financial assets and liabilities at FVPL where the transaction costs are charged to expense in the period incurred. Trade receivables that do not contain a significant financing component are recognized initially at their transaction price.

The Group classifies its financial assets as subsequently measured at amortized cost, fair value through other comprehensive income (FVOCI) and FVPL.

The classification of financial assets depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing the financial assets. The Group's business model is determined at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. The Group's business model determines whether cash flows will result from collecting contractual cash flows, selling financial assets or both.

The Group classifies its financial liabilities as subsequently measured at amortized cost using the effective interest method or at FVPL.

The Group does not have any financial instruments that are measured and classified at FVPL.

Financial Assets at Amortized Cost

Financial assets are measured at amortized cost when both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, financial assets at amortized cost are subsequently measured using the effective interest method less allowance for impairment. Gains and losses are recognized in the statements of comprehensive income when the financial assets at amortized cost are derecognized, modified or impaired. These financial assets are included in current assets if maturity is within twelve (12) months from the end of reporting period. Otherwise, these are classified as noncurrent assets.

As at December 31, 2025 and 2024, included under financial assets at amortized cost are the Group's cash, trade and other receivables, and advances to related parties (see Notes 4, 5 and 19).

Cash

The Group's cash includes cash on hand and in banks. Cash in banks earn interest at respective bank deposit rates.

Trade and other receivables

Receivables consist of trade receivable, advances to third parties, rental receivable and utilities receivable.

Advances to related parties

Represent non-interest bearing cash advances to related parties for working capital requirements.

Equity Instruments Designated at FVOCI

Upon initial recognition, the Group may make an irrevocable election to present in other comprehensive income changes in the fair value of an equity investment that is not held for trading. The classification is determined on an instrument-by-instrument basis.

When the equity instrument is derecognized, the cumulative gain or loss previously recognized in other comprehensive income is not subsequently reclassified to profit or loss, but is transferred to retained earnings. Dividends on such investments are recognized in profit or loss when the right of payment has been established, except when the dividends represent a recovery of part of the cost of the investment, in which case, such gains are recorded in other comprehensive income. Equity instruments designated at FVOCI are not subject to impairment assessment. These financial assets are classified as noncurrent assets.

As at December 31, 2025 and 2024, the Group elected to classify irrevocably its unquoted equity investments under this category (see Note 7).

Financial Liabilities at Amortized Cost

Financial liabilities that are not contingent consideration of an acquirer in a business combination, held for trading, or designated as at FVPL, are measured subsequently at amortized cost using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial liability and allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortized cost of a financial liability.

As at December 31, 2025 and 2024, included in financial liabilities at amortized cost are the Group's accounts payable and other liabilities, advances from related parties, lease liability and advances from lessees (see Notes 11, 19 and 21).

Accounts payable and other liabilities

Accounts payable are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Other current liabilities include non-trade payables and accrued expenses.

Advances from related parties

Represents cash advances to related parties for working capital requirements.

Advances from lessees

Represent payment of advance rental which shall be refunded without interest on the expiration of the lease or pre-termination of the lease period.

Borrowings

Borrowings are recognized initially at the transaction price which is composed of the present value of cash payable to the bank, including transaction costs. Borrowings are subsequently stated at amortized cost.

All borrowing costs are recognized as an expense in profit or loss in the period incurred. Borrowing costs are recognized on the basis of the effective interest method and are included under 'Finance costs' in the consolidated statements of comprehensive income.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Lease liability

Lease liability represents the Group's obligation to make lease payments for all leases with a term of more than twelve (12) months, unless the underlying asset is of low value is effectively treated as a financial liability which is measured at amortized cost, using its incremental borrowing rate as the discount rate.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount reported in the consolidated statements of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

Derecognition of Financial Instruments

Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- the rights to receive cash flows from the asset have expired;
- the Group retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to third party under a "pass-through" arrangement; or
- the Group has transferred its rights to receive cash flows from the asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all risks and rewards of the asset but has transferred control of the asset.

Where the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Group's continuing involvement in the asset. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Financial liabilities

A financial liability is derecognized when the obligation under the liability was discharged, cancelled or has expired.

Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in the consolidated statement of comprehensive income.

Impairment of Financial Assets

The Group recognizes an allowance for ECL for all debt instruments that are measured at amortized cost or at FVOCI. ECL is a probability-weighted estimate of credit losses over the expected life of the financial asset.

Credit losses are the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate. The expected cash flows include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

The Group assesses at each end of the reporting period whether the credit risk on a financial asset has increased significantly since initial recognition. For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is measured at an amount equal to the lifetime ECL. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, a loss allowance is measured at an amount equal to 12-month ECL. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within twelve (12) months after the reporting period.

For trade and other receivables, the Group applies a simplified in calculating ECL. The ECL on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment, including time value of money where appropriate.

For advances to third parties and related parties, the Group applies a general approach in calculating ECL. The Company recognizes a loss allowance using management's adopted policy on ECL at the end of each reporting period.

When the credit risk on financial instruments for which lifetime ECL have been recognized subsequently improves, and the requirement for recognizing lifetime ECL is no longer met, the loss allowance is measured at an amount equal to 12-month ECL at the current reporting period, except for assets for which simplified approach was used.

The Group recognizes impairment loss (reversals) in consolidated statements of comprehensive income for all financial assets with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt instruments that are measured at FVOCI, for which the loss allowance is recognized in other comprehensive income and does not reduce the carrying amount of the financial asset in the consolidated statements of financial position.

Significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument at the end of reporting period with the risk of a default occurring on the financial instrument at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. Forward-looking information considered includes the future prospects of the industries in which the Group's debtors operate, obtained from economic expert reports, financial analysts, governmental bodies, relevant think-tanks and other similar organizations, as well as consideration of various external sources of actual and forecast economic information that relate to the Group's core operations.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk for a particular financial instrument, e.g. the extent to which the fair value of a financial asset has been less than its amortized cost;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- significant increases in credit risk on other financial instruments of the same debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are one (1) day past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

Despite the foregoing, the Group assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the end of reporting period. A financial instrument is determined to have low credit risk if:

- the financial instrument has a low risk of default;
- the debtor has a strong capacity to meet its contractual cash flow obligations in the near term; and
- adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

The Group considers a financial asset to have low credit risk when the asset has external credit rating of 'investment grade' in accordance with the globally understood definition or if an external rating is not available, the asset has an internal rating of 'performing'. Performing means that the counterparty has a strong financial position and there is no past due amounts.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

Definition of default

The Group considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that financial assets that meet either of the following criteria are generally not recoverable:

- when there is a breach of financial covenants by the debtor; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collateral held by the Group)

Irrespective of the above analysis, the Group considers that default has occurred when a financial asset is more than one (1) year past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract, such as a default or past due event;
- the lenders of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession that the lenders would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for that financial asset because of financial difficulties.

Write-off policy

The Group writes-off a financial asset when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the debtor has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables and contract assets, when the amounts are over five (5) years past due, whichever occurs sooner.

Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognized in consolidated statements of comprehensive income.

Prepayments and Other Current Assets

Prepayments are expenses paid in advance and recorded as assets before they are utilized. Prepayments are initially recognized at cost and subsequently measured at cost less any utilized portion and impairment loss. This account comprises prepaid items which are apportioned over the period covered by the payment and charged to the appropriate accounts in the consolidated statements of comprehensive income when incurred.

Prepayments that are expected to be realized for not more than twelve (12) months after the reporting period are classified as current assets; otherwise, these are classified as other noncurrent assets.

An impairment loss is recognized for the amount by which the assets carrying amount exceeds its recoverable amount. Prepaid expenses are derecognized upon consumption and usage.

Input value-added tax (VAT) and Other Prepaid Taxes

Input VAT is the indirect tax paid by the Group on the local purchase of goods or services from a VAT-registered person. Creditable withholding tax pertains to taxes withheld by the customers upon payment and is to be deducted from income tax payable of the Group.

The Group's input tax and other prepaid taxes are initially recognized at face value and subsequently measured at face value less provision for impairment, if any. Allowance for unrecoverable input tax and other prepaid taxes, if any, are maintained by the Group at a level considered adequate to provide for potential uncollectible portion of the claims. The Group, on a continuing basis, makes a review of the status of the claims designed to identify those that may require provision for impairment loss.

Property and Equipment

Property and equipment are tangible assets that are held for use supply of services, for rental to others, or for administrative purposes, and are expected to be used during more than one (1) period.

Property and equipment are initially measured at cost. The cost of property and equipment comprises its purchase price, including import duties, taxes and any directly attributable costs of bringing the asset to its working condition and location of its intended use.

Subsequent to initial recognition, property and equipment are carried at cost less accumulated depreciation and any impairment in value.

Expenses that provide incremental future economic benefits to the Group are added to the carrying amount of an item of property and equipment. All other expenses are recognized in the consolidated statements of comprehensive income as incurred.

Depreciation of property and equipment commences once the property and equipment are available for use and computed using the straight-line basis over the estimated useful life of property and equipment as follows:

	In Years
Buildings and improvements	5 to 50
Machinery and equipment	4 to 32
Transportation equipment and tools	5 to 10
Furniture and fixtures	3 to 10
Right-of-use asset	2

The useful lives and depreciation method are reviewed annually to ensure that the period and method of depreciation are consistent with the expected pattern of economic benefits from items of property and equipment.

When property and equipment are retired or otherwise disposed of, the cost and the related accumulated depreciation and accumulated provision for impairment losses, if any, are removed from the accounts and any resulting gain or loss is credited to or charged against current operations. Fully depreciated property and equipment are retained in the accounts until they are no longer in use and no further depreciation is charged against current operations.

Investment Properties

Investment properties are for rental and capital appreciation, and not occupied by the Group.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties (except land) are carried at cost less accumulated depreciation and any impairment in value. Land is carried at cost less any impairment in value.

Expenses that provide incremental future economic benefits to the Group are added to the carrying amount of an item of property and equipment. All other expenses are recognized in the consolidated statements of comprehensive income as incurred.

Depreciation is computed using the straight-line method over the following estimated useful lives:

	In Years
Land improvements	5
Buildings and improvements	50

Investment properties are derecognized when either they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. Any gains or losses on the retirement or disposal of an investment property are recognized in the consolidated statement of comprehensive income in the year of retirement or disposal.

A transfer is made to investment property when there is a change in use, evidenced by ending of owner-occupation and commencement of an operating lease to another party. A transfer is made from investment property when and only when there is a change in use, evidenced by commencement of owner-occupation or commencement of development with a view to sale. A transfer between investment property, owner-occupied property and inventory does not change the carrying amount of the property transferred nor does it change the cost of that property for measurement or disclosure purposes.

Interest in Joint Operation

The Group has entered into joint operations for the development of properties.

A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

When a Group undertakes its activities under joint operations, the Group as a joint operator recognizes in relation to its interest in a joint operation:

- Its assets, including its share of any assets held jointly.
- Its liabilities, including its share of any liabilities incurred jointly.
- Its revenue from the sale of its share of the output arising from the joint operation.
- Its share of the revenue from the sale of the output by the joint operation.
- Its expenses, including its share of any expenses incurred jointly.

The Group accounts for the assets, liabilities, revenues and expenses relating to its interest in a joint operation in accordance with the PFRS applicable to the particular assets, liabilities, revenues and expenses.

When a group entity transacts with a joint operation in which a group entity is a joint operator (such as a sale or contribution of assets), the Group is considered to be conducting the transaction with the other parties to the joint operation, and gains and losses resulting from the transactions are recognized in the Group's consolidated financial statements only to the extent of other parties' interests in the joint operation.

When a group entity transacts with a joint operation in which a group entity is a joint operator (such as a purchase of assets), the Group does not recognize its share of the gains and losses until it resells those assets to a third party.

Impairment of Non-financial Assets

At the end of each reporting period, the Group reviews the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of the impairment loss (if any). When the asset does not generate cash flows that are independent from other assets, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted at their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognized as an expense immediately.

When an impairment loss subsequently reverses, the carrying amount of the asset or cash generating unit is increase to the revised estimate of its recoverable amount, but only to the extent of the carrying amount that would have been determined (net of any depreciation) had no impairment loss been recognized for the asset or cash-generating unit in prior years. A reversal of an impairment loss is recognized as income.

Equity

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are measured (initial and subsequent) at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

Capital stock

Capital stock represents the par value of the shares of the Parent Company that are issued and outstanding as of reporting date.

Additional paid-in capital

Additional paid-in capital includes any premium received on the initial issuance of capital stock. Any transaction costs associated with the issuance of shares are deducted from additional paid-in capital, net of any related income tax benefits.

Treasury shares

Treasury shares are own equity instruments which are reacquired and are recognized at cost and deducted from equity. No gain or loss is recognized in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognized in additional paid-in capital. Voting rights related to treasury shares are nullified for the Group and no dividends are allocated to them respectively. When the shares are retired, the capital stock account is reduced by its par value and the excess of cost over par value upon retirement is debited to additional paid-in capital to the extent of the specific or average additional paid-in capital when the shares were issued and to retained earnings for the remaining balance.

Treasury shares represent capital stock of the Parent Company that is owned by its subsidiary.

Deficit

Deficit includes all current and prior period results of operation as disclosed in the consolidated statements of comprehensive income.

Revenue Recognition

Revenue is recognized to the extent that it is probable that economic benefits will flow to the entity and the amount of revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, and represents amounts receivable for services provided in the normal course of business.

Rental income

Rental from investment properties that is leased to a third party under an operating lease is recognized in the consolidated statements of comprehensive income on a straight-line basis over the lease term. Rental received in advance is treated as advances from lessees and recognized as income when actually earned.

Interest income

Interest income is accrued on a time proportion basis, by reference to the principal amount outstanding and at the effective interest rate applicable.

Other income

Other income is income generated outside the normal course of business and is recognized when it is probable that the economic benefits will flow to the Group and it can be measured reliably.

Expense Recognition

Cost and expenses are recognized in the consolidated statements of comprehensive income when the decrease in future economic benefits related to a decrease in an asset or an increase of a liability has arisen that can be measured reliably. Expenses in the consolidated statements of comprehensive income are presented using the functional method.

Direct cost and expenses

Direct cost and expenses are recognized as expense when the related services are rendered.

Operating expenses

Operating expenses constitute costs of operating and administering the business and are expensed as incurred.

Income Tax

The tax expense for the period comprises current tax only. Tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at reporting date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is recognized, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill; deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable income. Deferred income tax is determined using tax rates and laws, in the period the temporary difference is expected to be recovered or settled, that have been enacted or substantively enacted as at reporting period.

Deferred income tax assets are recognized only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized. At each reporting date, the Group reassesses the need to recognize previously unrecognized deferred income tax asset.

Deferred income tax assets are recognized for all deductible temporary differences, carrying forward benefits of unused tax credits from excess of minimum corporate income tax (MCIT) over regular corporate income tax (RCIT) and unused net operating loss carryover (NOLCO), to the extent that it is probable that sufficient future taxable profits will be available against which the deductible temporary differences, carrying forward benefits of unused tax credits from excess of MCIT over RCIT and unused NOLCO can be utilized. Deferred income tax liabilities are recognized for all taxable temporary differences.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax asset against current tax liabilities and when the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

Leases

Group as Lessee

At inception of a contract, the Group assesses whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Group has elected to apply the practical expedient to account for each lease component and any non-lease components as a single lease component.

The Group recognizes a right-of-use asset and a lease liability at the lease commencement date.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined generally, the Group uses its incremental borrowing rate as the discount rate.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Group applies the practical expedient not to recognize right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The lease payments associated with these leases is recognized as an expense on a straight-line basis over the lease term.

Group as Lessor

Leases wherein the Group substantially transfers to the lessee all risks and benefits incidental to ownership of the leased item are classified as finance leases and are presented as receivable at an amount equal to the Group's net investment in the lease. Finance income is recognized based on the pattern reflecting a constant periodic rate of return on the Group's net investment outstanding in respect of the finance lease.

Leases which do not transfer to the lessee substantially all the risks and benefits of ownership of the asset are classified as operating lease. Lease income from operating lease is recognized in the consolidated statement of comprehensive income on a straight-line basis over the lease term.

The Group determines whether an arrangement is, or contains a lease based on the substance of the arrangement. It makes an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset.

The Group is a party to operating leases as a lessor. Rentals received under operating leases are charged to consolidated statements of comprehensive income (net of any incentives).

Related Party Relationships and Transactions

A related party transaction is a transfer of resources, services or obligations between related parties, regardless of whether a price is charged.

Related party relationship exists when: (a) a person or a close member of that person's family has control or joint control, has significant influence or is a member of the key management personnel of the reporting entity or of a parent of the reporting entity; and (b) when any of the following conditions apply: (i) the entity and the Group are members of the same group; (ii) one entity is an associate or joint venture of the other entity; (iii) both entities are joint ventures of the same third party; (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third party; (v) the entity is a post-employment benefit plan for the benefit of employees of the Group; (vi) the entity is controlled or jointly controlled by a person as identified in (a) above; (vii) the entity or any member of a group of which it is part, provides key management personnel services to the Group or to the parent of the Company; (viii) a person identified in (a) above has significant influence over the entity or is a member of the key management personnel of the entity or of a parent of the entity.

In considering each possible related party relationship, attention is directed to the substance of the relationships, and not merely the legal form.

Retirement Benefits Obligation

The Group has no formal retirement plan for its employees as it does not meet the minimum number of employees required for the establishment of a retirement benefit plan, but accrues the estimated cost of retirement benefits required by the provisions of Republic Act (RA) No. 7641 (Retirement Law). Under RA 7641, the Group is required to provide minimum retirement benefits to qualified employees. The retirement cost accrued includes current service cost and estimated past service cost as determined under RA 7641.

Segment Reporting

A business segment is a Group of assets and operations engaged in providing products or services that are subject to risks and returns that are different from those of other business segments. A geographical segment is engaged in providing products or services within a particular economic environment that are subject to risks and return that are different from those of segments operating in other economic environments.

Operating segments are reported on the basis upon which the Group reports its primary segment information. Financial information on business segments is presented in Note 20.

Earnings (Loss) Per Share

Earnings (loss) per share are determined by dividing net income (loss) for the year by the weighted average number of common shares outstanding during the year, excluding common shares purchased by the Group and held as treasury shares.

Provisions and Contingencies

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

Where discounting is used, the increase in the provision due to the passage of time is recognized as interest expense. When the Group expects a provision or loss to be reimbursed, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain and its amount is estimable. The expense relating to any provision is presented in the consolidated statements of comprehensive income, net of any reimbursement.

Contingent liabilities are not recognized in the consolidated financial statements. They are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the consolidated financial statements but disclosed when an inflow of economic benefits is probable. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognized in the consolidated financial statements.

Events After the Reporting Date

The Group identifies post-year events as events that occurred after the reporting date but before the date when the consolidated financial statements were authorized for issue. Post year-end events that provide additional information about the Group's position at the reporting date (adjusting events) are reflected in the consolidated financial statements. Post year-end events that are not adjusting events are disclosed in the consolidated financial statements when material.

3. MATERIAL ACCOUNTING JUDGMENTS AND CRITICAL ACCOUNTING ESTIMATES AND ASSUMPTIONS

The preparation of the Group's consolidated financial statements requires management to make judgments and estimates that affect amounts reported in the consolidated financial statements. These judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Group believes the following represent a summary of these material judgments and estimate and related impact and associated risks in the consolidated financial statements.

Material Accounting Judgments in Applying the Group's Accounting

In the process of applying the Group's accounting policies, management has made the following judgments apart from those involving estimation, which have the most significant effect on the amounts recognized in the consolidated financial statements:

Leases

Group as lessee

The Group has entered into contract of lease for its office space it occupies. In determining the substance of the lease, the Group considered, among others, whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Based on management judgment, the Group's lease for its office space has substance of lease, thus, the Group recognized right-of-use asset representing the right to use the leased asset and lease liability representing its obligation to make lease payments.

Group as lessor

The Group has entered into property leases on its buildings classified as investment properties. The Group has determined that it retains all significant risks and rewards of ownership of the property as the Group considered, among others, the length of the lease term as compared with the estimated life of the assets. The Group's operating lease contracts are accounted for as non-cancellable operating leases. In determining whether a lease contract is non-cancellable, the Group considers the provisions in the lease contract which among others, the payment of rental corresponding to the unexpired portion of the lease period. The Group accounts the lease of its buildings under operating lease in accordance with the provision of lease contract and terms of the lease.

Distinction between investment properties and interest in joint operation

The Group determines whether a property contributed to joint venture operations will be classified as investment properties or investment in joint venture. In making this judgment, the Group considers whether the property generates cash flows largely independent of the other assets held by the Group or whether it will be retained as part of the Group's asset and treated as the Group's share in the joint venture, based on the provisions governing the joint venture agreement. The Group considers land contributed to the joint venture as its investment. The Group, in the normal course of business does not hold land to earn rentals or for capital appreciation; accordingly, land invested in the joint venture is classified as interest in joint operation (see Note 9).

Realizability of input VAT

The Group reviews and assesses its input VAT for its recoverability. Factors which primarily affect the recoverability include the completeness of the supporting documentation, entitlement to claim VAT paid as input tax credit against output tax liabilities and future taxable revenue. As at December 31, 2025 and 2024, the Group assessed that its input VAT is recoverable in future periods.

The Group's input VAT amounted to ₱5,837,805 and ₱4,953,133 as at December 31, 2025 and 2024, respectively (see Note 6).

Operating segments

The Group is organized and managed separately according to the nature of business. The Group reports its segment information according to its activities. Reportable segment operation pertains to the Group's leasing activity, while the non-reportable segment operation pertains to manufacturing operation, and mining and oil exploration (see Note 20).

Provisions and contingencies

Judgment is exercised by management to distinguish between provisions and contingencies. Policies on recognition and disclosure of provision and disclosure of contingencies are discussed in Note 2.

Significant Accounting Estimates and Assumptions

Determination of ECL on trade and other receivables, and advances to related parties

The measurement of the allowance for ECL on financial assets at amortized cost is an area that requires the use of significant assumptions about the future economic conditions and credit behavior (e.g., likelihood of customers defaulting and the resulting losses). Explanation of the inputs, assumptions and estimation used in measuring ECL is further detailed in Note 24.

The carrying amount of the Group's trade and other receivables amounted to ₱30,736,176 and ₱30,503,323 as at December 31, 2025 and 2024, respectively. Allowance for ECL recognized in the statements of financial position amounted to ₱82,324,388 and ₱82,283,167 as at December 31, 2025 and 2024, respectively (see Note 5).

The carrying amount of the Group's advances to related parties amounted to ₱29,155,628 and ₱34,336,512 as at December 31, 2025 and 2024, respectively. Allowance for ECL recognized in the statements of financial position amounted to ₱7,860,250 as at December 31, 2025 and 2024 (see Note 19).

Useful lives of property and equipment, and investment properties

The Group estimates the useful lives of property and equipment, and investment properties, except land, are based on the period over which the assets are expected to be available for use. The estimated useful lives are reviewed and updated if expectations differ from previous estimates due to physical wear and tear. The estimation of the useful lives of the property and equipment, and investment properties is based on a collective assessment of industry practice and experience with similar assets. It is possible, however, that future results of operations could be materially affected by changes in estimates brought about by changes in factors mentioned above.

The amounts and timing of recorded expenses for any period would be affected by changes in these factors and circumstances. A reduction in the estimated useful lives of the property and equipment, and investment properties would increase recorded operating expenses and decrease noncurrent assets.

The net carrying values of the Group's investment properties (except land) and property and equipment as at December 31 are as follows:

	2025	2024
Investment properties - note 8	₱38,875,632	₱40,381,968
Property and equipment - note 10	140,481	401,650
	₱39,016,113	₱40,783,618

Impairment of non-financial assets

Non-financial assets are periodically reviewed to determine any indication of impairment. Though management believes that the assumptions used in the estimation of fair values are reasonable and appropriate, significant changes in these assumptions may materially affect the assessment of the recoverable amounts and any resulting impairment loss could have a material adverse effect in the results of operations.

The accumulated impairment losses on investment properties, investment in joint operation, and property and equipment amounted to ₱365,169,438 and ₱365,169,438, and ₱47,641,000 respectively, as at December 31, 2025, 2024 and 2023 (see Notes 8, 9 and 10).

Retirement benefits obligation

The determination of the Group's obligation and cost of pension benefits is dependent on certain assumptions used by management in calculating such amounts. Any changes in these assumptions will impact the carrying amount of retirement benefit obligation. In estimating the Group's retirement benefit obligation, the Group used the minimum required retirement payment of 22 ½ days for every year of service as mandated by RA 7641. The Group also the employees' current salary rate and the employees' number of service years considers.

Retirement benefits obligation as at December 31, 2025 and 2024, amounted to ₱959,100 and ₱917,400, respectively (see Note 17). The Group believes that the retirement benefits obligation and retirement expense would not materially differ had the Group used projected unit credit method for the computation of retirement benefits because of minimal number of employees.

Deferred tax assets

The Group reviews its deferred tax assets at the end of each reporting period and reduces the carrying amount to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. The recognition of deferred tax assets is based on the assessment that the Group will generate sufficient taxable profit to allow all or part of the deferred tax assets to be utilized.

The Group looks at its projected performance in assessing the sufficiency and timing of future taxable income. Based on management assessment, the Group would not be able to realize the deferred tax assets in the near future. as at December 31, 2025 and 2024, the Group's unrecognized deferred tax assets amounted to ₱144,327,964 and ₱147,135,798, respectively, is disclosed in Note 18.

4. CASH

Cash as at December 31 are as follows:

	2025	2024
Cash on hand	₱ 20,000	₱ 20,000
Cash in banks	5,076,638	12,640,454
	₱ 5,096,638	₱ 12,660,454

Cash in banks earn interest at the respective bank deposit rates ranging from 0.16% to 0.24% per annum in 2025, 2024 and 2023. Interest income earned from deposit amounted to ₱9,794, ₱10,904, and ₱10,391 in 2025, 2024, and 2023 respectively (see Note 15).

There is no restriction on the Group's cash in banks as at December 31, 2025 and 2024.

5. TRADE AND OTHER RECEIVABLES (net)

Trade and other receivables (net) as at December 31 are as follows:

	2025	2024
Trade receivable – note 19	₱ 318,506	₱ 318,506
Advances to third parties	111,910,177	111,239,168
Rental receivable – note 21	538,062	615,895
Utilities receivable	241,169	522,307
Others	52,650	90,614
	113,060,564	112,786,490
Allowance for ECL	(82,324,388)	(82,283,167)
	₱30,736,176	₱ 30,503,323

Rent receivables are non-interest bearing and are collectible within thirty (30) days.

Advances to third parties represent receivable from previously disposed subsidiaries.

Other receivables include advances to employees and reimbursable expenses from PCIC subsidiaries' tenants.

Certain receivables were found to be impaired using the provisional matrix as determined by the management, hence, adequate amounts of allowance for impairment have been recognized (see Note 24).

The movement in the allowance for ECL is as follows:

	2025	2024
Balance at beginning of year	₱82,283,167	₱82,216,857
Provision for ECL – note 15	41,221	66,310
At end of year	₱82,324,388	₱82,283,167

The Group's trade and other receivables as at December 31, 2025 and 2024 are not held as collateral for its liabilities and are free from any encumbrances.

6. PREPAYMENTS AND OTHER CURRENT ASSETS

Prepayments and other current assets as at December 31 are as follows:

	2025	2024
Creditable withholding tax	₱11,377,595	₱12,071,579
Input VAT	5,837,085	4,953,133
Refundable deposit	200,000	–
Prepaid withholding tax	70,268	69,842
Prepaid insurance	10,165	–
	₱17,495,113	₱17,094,554

Refundable deposit pertains to construction bond in relation to the improvements made to one of its investment properties.

As at December 31, 2025 and 2024, respectively, no provision for impairment has been recorded since management believes that the accounts are fully realizable.

7. FINANCIAL ASSET AT FVOCI

Financial assets at FVOCI as at December 31 consist of:

	2025	2024
Unquoted shares		
Cost	₱12,500,000	₱12,500,000
Unrealized fair value loss	(506,250)	(506,250)
	₱11,993,750	₱11,993,750

The Group's financial asset at FVOCI consists of investment in unquoted shares of stock in Bulacan Harbour Dev't. Corp. This investment is irrevocably designated at FVOCI as the Group considers this investment to be strategic in nature and it holds this investment to foreseeable future.

The Group's financial assets at FVOCI as at December 31, 2025 and 2024 are not held as collateral for its financial liabilities.

8. INVESTMENT PROPERTIES (net)

Details of investment properties as at December 31 are as follows:

December 31, 2025	Land	Land improvements	Buildings and improvements	Total
Cost				
Balance at beginning of year	₱1,210,621,504	₱3,290,824	₱ 312,179,250	₱1,526,091,578
Additions	—	1,300,813	—	1,300,813
Balance at end of year	1,210,621,504	4,591,637	312,179,250	1,527,392,391
Accumulated depreciation				
Balance at beginning of year	—	3,290,824	95,199,693	98,490,517
Depreciation – note 13	—	—	2,807,149	2,807,149
Balance at end of year	—	3,290,824	98,006,842	101,297,666
Accumulated impairment loss				
Balance at beginning and end of year	60,810,650	—	176,597,589	237,408,239
Net carrying amounts, December 31, 2025	₱1,149,810,854	₱1,300,813	₱37,574,819	₱1,188,686,486

December 31, 2024	Land	Land improvements	Buildings and improvements	Total
Cost				
Balance at beginning of year	₱1,024,201,504	₱ 3,290,824	₱ 312,179,250	₱1,339,671,578
Other movement	186,420,000	—	—	186,420,000
Balance at end of year	1,210,621,504	3,290,824	312,179,250	1,526,091,578
Accumulated depreciation				
Balance at beginning of year	—	3,290,824	92,392,544	95,683,368
Depreciation – note 13	—	—	2,807,149	2,807,149
Balance at end of year	—	3,290,824	95,199,693	98,490,517
Accumulated impairment loss				
Balance at beginning and end of year	60,810,650	—	176,597,589	237,408,239
Net carrying amounts, December 31, 2024	₱1,149,810,854	₱ —	₱ 40,381,968	₱1,190,192,822

In 2023, the Group sold parcels of land for ₱27,890,121 resulting to a gain of ₱11,332,213 (see Note 15).

In 2024, certain investment property consisting of a parcel of land with an area of 2,868 sq. meters, which was foreclosed to secure payment of loan of an affiliate by virtue of the real estate mortgage, was returned and reinstated to the Parent Company upon finality of the civil case involving a related party (see Note 19).

Rental income earned on the above investment properties amounted to ₱24,003,357, ₱32,563,156, and ₱25,749,089 for the years ended December 31, 2025, 2024, and 2023, respectively (see Note 21). While direct costs and expenses incurred on the buildings amounted to ₱8.00 million, ₱12.76 million, and ₱12.39 million in 2025, 2024, and 2023 respectively, shown under “Direct costs and expenses” in the consolidated statements of comprehensive income (see Note 13).

Fully depreciated investment properties still in use as at December 31, 2025 and 2024 amounted to ₱3,290,824.

The aggregate fair value of the investment properties amounted to ₱4,012,200,013 and ₱4,393,513,600 as at December 31, 2025 and 2024, respectively.

The fair values are based on combination of appraisal done by an independent appraiser on various dates in 2024 and 2022 and using the market approach, in which the fair value is based on prices recently paid for similar assets, with adjustment made to the indicated market prices to reflect condition and utility of the appraised assets relative to the market comparable.

The fair value of the land was arrived using the sales comparison approach. This comparative approach considers the sales of similar or substitute properties and related market data, and establishes a value estimate by process involving comparison. The value of the building and improvements was arrived at using cost approach. In the cost approach, an estimate is made of the current replacement/reproduction cost, new of the replaceable property in accordance with the prevailing market prices for materials, equipment, labor, contractor's overhead, profit, fees and all other attendant costs associated with its acquisition, installation and construction in place, but without provision for overtime or bonuses for labor and premiums for materials.

The fair value information of investment properties is disclosed in Note 26.

Except from restrictions described above, there are no other restrictions on the realizability of its investment properties and no other contractual obligations to purchase, construct or develop investment properties or for repairs, maintenance, and enhancements.

9. INTEREST IN JOINT OPERATION (net)

The Group's interest in joint operation represents land contributed to the Joint Operation.

In July 1997, the Group, together with International Polymer Corp. (IPC), Pacific Rehouse Corp. (PRC) and Ropeman International Corp. (RIC), entered into a Joint Venture Agreement (the "Agreement") as Owners with Philippine Estates Corporation (PHES), as Developer. Under the Agreement, the owners contributed land with an approximate area of 29.5629 hectares located in Canumay, Valenzuela City, whereby PHES will develop an industrial estate in accordance with the plans mutually agreed by venturers.

The developer is entitled to forty percent (40%) of the net proceeds after deducting all relevant taxes, marketing and administrative expenses, and the remaining sixty percent (60%) of shall constitute the owners share, divided proportionately to the areas of property contributed.

The carrying amount of land held for joint operation is as follows:

	2025	2024
Cost		
Balance at beginning and end of year	₱570,557,369	₱570,557,369
Accumulated impairment loss		
Balance at beginning and end of year	47,641,000	47,641,000
Net carrying amounts, December 31	₱522,916,369	₱522,916,369

The fair value information of investment in joint operation is disclosed in Note 27.

No liabilities, revenue and expenses recognized in relation to the joint venture in 2025 and 2024.

10. PROPERTY AND EQUIPMENT (net)

The reconciliation of property and equipment (net) as at December 31 as follows:

	Building and Improvements	Machinery and Equipment	Transportation Equipment and Tools	Furniture and Fixtures	Right-of- use asset	Total
Cost						
Balance at beginning and end of year	P 800,000	P547,522,657	P 9,917,567	P 10,043,310	P 272,934	P568,556,468
Accumulated depreciation						
Balance at beginning of year	800,000	467,402,458	9,917,567	9,823,617	90,977	488,034,619
Depreciation – note 14	–	–	–	124,702	136,467	261,169
Balance at end of year	800,000	467,402,458	9,917,567	9,948,319	227,444	488,295,788
Impairment loss						
Balance at beginning and end of year	–	80,120,199	–	–	–	80,120,199
Net carrying amounts, December 31, 2025	P –	P –	P –	P 94,991	P 45,490	P 140,481

	Building and Improvements	Machinery and Equipment	Transportation Equipment and Tools	Furniture and Fixtures	Right-of- use asset	Total
Cost						
Balance at beginning of year	P 800,000	P547,522,657	P 9,917,567	P 10,043,310	P 285,077	P568,568,611
Additions	–	–	–	–	272,934	272,934
Reversal	–	–	–	–	(285,077)	(285,077)
Balance at end of year	800,000	547,522,657	9,917,567	10,043,310	272,934	568,556,468
Accumulated depreciation						
Balance at beginning of year	800,000	467,402,458	9,917,567	9,629,178	237,564	487,986,767
Depreciation – note 14	–	–	–	194,439	138,490	332,929
Reversal	–	–	–	–	(285,077)	(285,077)
Balance at end of year	800,000	467,402,458	9,917,567	9,823,617	90,977	488,034,619
Impairment loss						
Balance at beginning and end of year	–	80,120,199	–	–	–	80,120,199
Net carrying amounts, December 31, 2024	P –	P –	P –	P 219,693	P 181,957	P 401,650

Reversal of right-of-use assets pertains to expired lease contract.

Fully depreciated property and equipment still in use as at December 31, 2025 and 2024 amounted P567,909,424.

11. ACCOUNTS PAYABLE AND OTHER LIABILITIES

Accounts payable and other liabilities as at December 31 are as follows:

	2025	2024
Accounts payable	P 4,273,736	P 1,947,173
Deferred rental – note 21	2,029,505	4,598,670
Government liabilities	828,787	1,800,756
	P 7,132,028	P 8,346,599

Accounts payable pertain to the amount due to suppliers which are payable from thirty (30) to ninety (90) days from the date of purchase and do not bear any interest.

Deferred rental represents advance rental paid by the lessees.

Government liabilities include Social Security System (SSS) payables, Home Development Mutual Fund (HDMF) payables, Philippine Health Insurance Corporation (PhilHealth) payables, withholding taxes and other taxes payable to government agencies

There were no assets of the Group that were collateralized for the above accounts payable and other liabilities as at December 31, 2025 and 2024.

12. CAPITAL STOCK

Details of the Parent Company's capital stock as at December 31 are as follows:

	2025	2024	2023
Authorized – 3,500,000,000 shares at ₱1 par value per share	₱ 3,500,000,000	₱ 3,500,000,000	₱ 3,500,000,000
Issued and fully paid – 3,276,045,637 shares at ₱1 par value per share	₱ 3,276,045,637	₱ 3,276,045,637	₱ 3,276,045,637
Treasury stock – 10,000 shares	(10,000)	(10,000)	(10,000)
	₱ 3,276,035,637	₱ 3,276,035,637	₱ 3,276,035,637

Track record of registration of securities

The Parent Company was originally registered as REDECO with the SEC on October 19, 1956. The Parent Company was listed with the PSE on January 9, 1958 with an initial registered 200,000,000 shares.

On May 25, 1995, the BOD and stockholders approved a reverse stock split and a subsequent increase in the authorized capital stock in line with its recapitalization program. Accordingly, on November 15, 1995, the Parent Company filed with the SEC a motion to effect a 1-for-5 reverse stock split which decreased its authorized capital from ₱75 million divided into 75 million shares to ₱15 million divided into 15 million shares, both with a par value of P1 per share. It was approved by the SEC on January 15, 1996. This was also done in order to recall all outstanding stock certificates and be able to account for the over-issuance of shares which management has decided to be absorbed by the Parent Company.

On January 8, 1996, the Parent Company filed with the SEC a motion to increase its authorized capital stock from ₱15 million divided into 15 million shares to ₱1 billion divided into 1 billion shares with a par value of P1. The increase was approved by the SEC on May 16, 1996. Subscriptions to the increase in authorized capital stock were made through stocks-for-assets swap.

On September 2, 1996, the BOD and the stockholders approved a resolution to amend the Parent Company's Articles of Incorporation changing the par value per share of its capital stock from ₱0.01 to ₱1.00, removing the pre-emptive rights of shareholders and increasing the authorized capital stock from ₱500 million divided by 50 billion shares with a par value of ₱0.01 per share to ₱2.0 billion divided into 2.0 billion shares with a par value of ₱1.00 per share. The proposed amendments were approved by the SEC on September 27, 1996.

Relative to the approval of the proposed amendment, any part of such stock or other securities may, at any time, be issued, optioned for sale and sold or disposed of by the Parent Company pursuant to resolution of the BOD, to such persons and upon such terms as the BOD may deem proper, without first offering such stock or securities or any part thereof to existing stockholders.

On August 22, 1997, the BOD and the stockholders approved a further increase in the Parent Company's authorized capital stock from ₱2.0 billion to ₱3.5 billion divided into 3.5 billion shares with a par value of ₱1.00 per share. On March 11, 1998, the SEC approved the increase in the Parent Company's authorized capital stock.

As at December 31, 2025, 2024 and 2023, the Parent Company has 3,271,952,740 shares under its name. Remaining unconverted shares under REDECO as at December 31, 2025, 2024, and 2023, is 4,092,897 shares. Outstanding shares owned by the public are 1,415,857,414 shares, 1,417,900,305 shares and 1,413,817,408 shares in 2025, 2024 and 2023, respectively.

The historical market values of the Group's shares as published in the PSE are as follows:

	Market value per share
December 31, 2025	₱0.26
December 31, 2024	0.21
December 31, 2023	0.23

Treasury shares

Treasury shares represent 29,486,633 Parent Company's shares of stock acquired by RIC, a wholly owned subsidiary of PCIC, in prior years. In 2007 and 2009, RIC sold 13,000,000 and 16,476,633 shares of the Parent Company to a third party.

	₱25,550,427	₱19,490,546	₱17,334,069

Miscellaneous expenses mainly pertain to penalties paid.

15. OTHER INCOME— (net)

Other income (net) for the years ended December 31 is as follows:

	2025	2024	2023
Interest income			
Cash in banks – note 4	₱ 9,794	₱ 10,904	₱ 10,391
Advances to related party – note 19	931,565	931,565	931,565
Recovery of (provision for) ECL:			
Trade and other receivables – note 5	(41,221)	(66,310)	(743,999)
Advances to related parties – note 19	—	119,772,360	1,378,081
Reversal of allowance for impairment of investment properties	—	81,360,000	—
Gain on sale of investment properties – note 8	—	—	11,332,213
	₱ 900,138	₱202,008,519	₱12,908,251

16. FINANCE COSTS

Details of finance costs for the years ended December 31 is as follows:

	2025	2024	2023
Advances from related parties – note 19	₱ 760,468	₱ 760,468	₱712,482
Lease liability – note 19	12,092	13,581	6,651
Borrowings	—	—	21,486
	₱ 772,560	₱ 774,049	₱740,619

17. RETIREMENT BENEFITS OBLIGATION

The Group adopted RA No. 7641 as its arrangement to provide retirement benefits to all its regular employees. In case of retirement, employees shall be entitled to receive such retirement benefits as may have been earned under the existing laws.

The movements in the defined benefit obligation recognized and presented as accrued retirement benefit obligation in the consolidated statements of financial position are as follows:

	2025	2024	2023
Balance at beginning of year	₱917,400	₱875,700	₱834,000
Provision for retirement	41,700	41,700	41,700
Balance at end of year	₱959,100	₱917,400	₱875,700

The provision for retirement benefits in 2025, 2024, and 2023 were included under salaries and wages account in the consolidated statements of comprehensive income. Management believes that the defined benefit obligation computed using the provisions of R.A. 7641 is not materially different with the amount computed using the projected unit credit method as required under PAS 19, *Employee Benefits*.

18. INCOME TAX

Reconciliation of tax expense

The reconciliation of income (loss) before tax is computed at the regular corporate tax rate to the provision for income tax as shown in the consolidated statements of comprehensive income as follows:

	2025	2024	2023
Income (loss) before tax	(₱9,421,698)	₱ 201,543,945	₱ 8,189,583
Tax benefit at its statutory rate	(₱2,355,425)	₱ 50,385,986	₱ 2,047,396
Tax effect on:			
Expired NOLCO	6,628,782	—	—
Non-deductible expenses	8,751	269,591	15,769
Expired MCIT	40,280	12,530	4,598
Non-deductible portion of interest expense	190,117	190,117	178,121
Non-taxable income	—	(20,340,000)	—
Income subject to final tax	(2,448)	(2,726)	(2,598)
Changes in unrecognized deferred tax assets	(2,807,834)	(27,923,746)	2,340,754
	₱1,702,223	₱ 2,591,752	₱ 4,584,040

The component of the Group's deferred tax assets (net) and deferred tax liability as at December 31 are as follows:

	2025	2024
Recognised deferred tax asset		
Lease liability	₱ 11,732	₱ 46,210
Unrecognised deferred tax assets		
Allowance for:		
ECL	₱22,546,159	₱ 22,535,854
Impairment loss on properties	109,550,831	109,550,831
NOLCO	11,530,450	14,469,732
Accrued retirement benefits	239,775	229,350
MCIT	460,749	350,031
Unrecognized deferred tax assets	₱144,327,964	₱147,135,798
Deferred tax liability		
Right-of-use asset (net)	(₱11,373)	(₱45,489)

As at December 31, 2025, the Group's NOLCO that can be claimed as deduction from future taxable income as follows:

Year Incurred	Expiration Date	Beginning balance	Additions	Expired	Claimed	Ending balance
2025	2028	₱ —	₱14,758,002	₱ —	₱ —	₱14,758,002
2024	2027	9,549,748	—	—	—	9,549,748
2023	2026	9,534,762	—	—	—	9,534,762
2022	2025	13,217,337	—	(13,217,337)	—	—
2021	2026	12,279,289	—	—	—	12,279,289
2020	2025	13,297,793	—	(13,297,793)	—	—
		₱57,878,929	₱14,758,002	(₱26,515,130)	₱ —	₱46,121,801

As at December 31, 2025, the Group's MCIT that can be claimed as deduction from future income tax payable as follows:

Year Incurred	Expiration Date	Beginning balance	Additions	Expired	Claimed	Ending balance
2025	2028	₱ —	₱150,998	₱ —	₱ —	₱150,998
2024	2027	199,995	—	—	—	199,995
2023	2026	109,756	—	—	—	109,756
2022	2025	40,280	—	(40,280)	—	—
		₱350,031	₱150,998	(₱40,280)	₱ —	₱460,749

Deferred tax assets and liability are determined using the income tax rates in the period the temporary differences are expected to be recovered and settled.

19. RELATED PARTY TRANSACTIONS

The Group, in the normal course of business, has transactions with related parties. The specific relationships, amount of transaction, account balances, the terms and conditions and the nature of the consideration to be provided in settlement are shown below.

(a) Receivable from related parties with common key management

The Group pays operating expenses on behalf of GMC. These receivables are normally collected the following year, unsecured, non-interest bearing and with no guarantee and to be settled in cash. The Group has also made offsetting arrangements to settle intercompany receivables and payables.

(b) Advances to related parties with common key management

PWL

The Parent Company acted as a third-party mortgagor on a P350 million loan obtained by its affiliates, Metro Alliance Holdings & Equities Corp. (MAHEC) and PWL, from Philippine Veterans Bank (PVB) on December 29, 2006. A parcel of land owned by the Parent Company located in Pasig City, under Title No. TCT PT-101589, with a total area of 2,868 sqm. was used as a collateral for the loan.

Due to default in payments, PVB foreclosed the property on November 24, 2009, despite legal efforts by MAHEC and PWL to prevent the foreclosure. PVB subsequently sold the foreclosed property to a third party in March 2012.

The Parent Company recognized advances to PWL of P105.06 million for the net carrying value of the land foreclosed to settle the affiliate loan with the bank. Prior to the foreclosure, the Parent Company recognized impairment losses on the property amounting to P57.36 million in 2006, based on an appraisal as of September 18, 2006, and an additional P24.00 million in 2008 due to further decline in the prevailing market value. The total impairment loss recognized as of foreclosure date amounted to P81.36 million.

Legal proceedings continued and culminated in a decision by the Supreme Court (SC) on September 15, 2021, which affirmed with modifications the earlier rulings that declared the loan as fully paid and voided the foreclosure and sale of the property.

On October 30, 2024, the Sheriff enforced the SC's Writ of Execution, and PVB formally relinquished its claim and turned over the title and collateral documents to the Sheriff. This action allowed the Parent Company to regain possession of the Pasig property. Consequently, the Parent Company recognized the return of the investment property based on the original cost amounting to ₱186.42 million (see Note 8). Previously recorded impairment loss amounting to ₱81.36 million was reversed, accordingly.

TWGI

On December 16, 2020, TWGI issued promissory note amounting to ₱46,578,262 for five years maturing December 15, 2025 and bear an interest of 2% per annum. Interest income earned amounted to ₱931,565 for the years ended December 31, 2025, 2024 and 2023 (see Note 15).

To settle the outstanding advances, the Group entered into the following contracts with TWGI, which in return, amounts incurred will be applied to the outstanding advances:

- The Group entered into a Consultancy Agreement with TWGI which is valid until April 30, 2024. Total consultancy fees incurred for the years December 31, 2025, 2024 and 2023 amounted to ₱480,000, shown under 'Professional fees' account in operating expenses.
- Lease Agreement for the Group's office space for a monthly rental of ₱12,500, utilities of ₱5,000, and storage fee of ₱1,000 which is valid until April 30, 2024. Total utilities amounted ₱72,000 for the years ended December 31, 2025, 2024 and 2023. The Group recognized the asset as 'right-of-use asset' and corresponding lease liability.

The present value of the lease liability as at December 31 is as follows:

	2025	2024
Current	₱ 46,930	₱ 137,908
Noncurrent	–	46,930
	₱ 46,930	₱ 184,838

The future minimum lease payments as at December 31 are as follows:

	2025	2024
Not later than one year	₱ 50,000	₱ 150,000
Later than one year but not later than five years	–	50,000
Future minimum lease payments	50,000	200,000
Amounts representing finance charges	(3,070)	(15,162)
	₱ 46,930	₱ 184,838

The net carrying amount of the right-of-use assets recognized as at December 31, 2025 and 2024 is disclosed in Note 10.

Total finance costs charged to operations for the years ended December 31, 2025, 2024 and 2023 amounted to ₱12,092, ₱13,581 and ₱6,651, respectively (see Note 16).

CMC

The Group provided non-interest bearing and unguaranteed advances to CMC for working capital requirements. The advances are unsecured, with no definite terms of repayment and with no guarantee.

Certain advances to related parties were found to be impaired using the provisional matrix as determined by the management, hence, adequate amounts of allowance for ECL have been recognized (see Note 24).

The movement in the allowance for ECL is as follows:

	2025	2024
Balance at beginning of year	₱ 7,860,250	₱127,632,610
Recovery of ECL – note 15	–	(119,772,360)
At end of year	₱ 7,860,250	₱ 7,860,250

(c) Advances from related parties

In prior years, the Group obtained unguaranteed and non-interest-bearing cash advances from related parties intended to finance its operating expenses, capital expenditures and payment of outstanding obligations. The Group has not made any arrangement for the terms, security and guarantee on the advances as the subsidiaries have ceased its manufacturing operations. The advances are payable in cash upon settlement depending on the availability of funds. The Group was granted an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. The management assessed that the advances from the related parties are not expected to be settled within 12 months from the reporting period.

(d) PHES

In 2009, the Group and PHES executed unsecured promissory note (PN) for the advances from PHES with a term of five (5) years, and bear interest of three percent (3%) per annum, renewable upon agreement of the parties. This PN was renewed in 2014 with a three-year term which matured during 2018 at interest of two percent (2%) per annum. This cash advance is to be settled through cash payments. On December 29, 2016, the PN was renewed for three (3) years and matured in 2020. The promissory note is extended for an additional three (3) years from January 31, 2021 to January 31, 2024. On January 31, 2024, the promissory note is extended for an additional three (3) years from January 31, 2024 to January 31, 2027. Finance cost recognized in the statements of comprehensive income amounted to ₱760,468, ₱760,468 and ₱712,482 in 2025, 2024, and 2023, respectively (see Note 16).

(e) Advances from stockholders/ key management personnel

The Group obtains non-interest bearing and unsecured advances from stockholders and key officers for working capital purposes. The advances have no guarantee and definite terms of repayment. Payment will depend on the availability of funds. The Group was granted an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. The management assessed that the advances from the related parties are not expected to be settled within 12 months from the reporting period.

(f) Remuneration of key management personnel.

Directors' fees paid for the years ended December 31, 2025, 2024 and 2023 amounted to ₱50,000, ₱50,000 and ₱50,000, respectively.

With the cessation of the subsidiaries commercial operations in prior years and the Group is in tight cash position, management decided to suspend any form of compensation to key management and officers effective in 2004.

20. BUSINESS SEGMENT INFORMATION

a) Segment information

The Group's operating business segments are organized and managed separately according to business activities. The Group's management monitors the operating result of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss and is measured consistently with operating profit or loss in the consolidated financial statements. However, Group's financing which includes finance cost, impairment of assets and income taxes are managed on a group basis and are not allocated to operating segments.

The Group has no geographical segment for segment reporting format as the Group's risks and rates of return are in the same economic and political environment, with the Group is incorporated and operating in the Philippines.

The Group has only one (1) operating segment representing the Group's leasing activity on its idle properties as warehouses to third parties. Non-reportable segments represent the Parent Company's discontinued operations of the manufacturing operation and mining and oil exploration which is under development. The Parent Company does not earn revenue or may earn revenue that is only incidental to activities such as interest income.

The segment information on reportable segment is as follows:

	2025	2024	2023
Revenue of reportable segment	₱ 24,003,357	₱ 32,563,156	₱ 25,749,089
Other income (expense)	(155,555)	(2,424,241)	8,758,608
Depreciation	(2,914,291)	(3,745,783)	(3,658,938)
Direct costs and expenses	(6,489,864)	(11,250,793)	(8,862,968)
Operating expenses	(12,995,844)	(12,633,974)	(9,582,874)
Finance cost	(760,468)	(760,468)	(733,968)
Income tax	(1,676,802)	(2,567,210)	(4,565,043)
Segment net income (loss)	(₱ 989,467)	(₱ 819,313)	₱ 7,103,906
Total segment assets	₱1,380,118,210	₱1,388,832,929	₱ 1,395,186,160
Expenditure for non-current assets	₱ —	₱ —	₱ —
Total segment liabilities	₱ 536,291,607	₱ 544,016,859	₱ 554,057,028

As at December 31, 2025, 2024, and 2023, the Group has no intersegment revenue to be reported.

The following reconciliations were provided for additional segment information:

Net income (loss)

	2025	2024	2023
Net income (loss) of reportable segment	(P989,467)	P 3,686,938	P 7,871,586
Net loss (income) of non-reportable segment	(8,870,116)	143,281,022	(12,103,215)
Intercompany income/expenses eliminated in the consolidation	(1,264,338)	51,984,233	7,837,172
Net income (loss) reported in the consolidated statements of comprehensive income	(P11,123,921)	P 198,952,193	P3,605,543

Assets

	2025	2024
Assets of reportable segment	P1,380,118,210	P1,388,741,673
Assets of non-reportable segment	1,411,557,145	1,418,175,743
Intercompany receivables eliminated in the consolidation	(985,339,308)	(986,675,928)
Assets reported in the consolidated statements of financial position	P1,806,336,047	P1,820,241,488

Liabilities

	2025	2024
Liabilities of reportable segment	P536,291,607	P 543,925,603
Liabilities of non-reportable segment	174,068,642	171,817,604
Intercompany liabilities eliminated in the consolidation	(295,100,855)	(297,702,293)
Liabilities reported in the consolidated statements of financial position	P415,259,394	P418,040,914

b) Entity-wide information

The Group is domiciled in the Philippines. All revenues generated are from the Philippines. The revenue shown above represents the total Group's revenue from lease of real properties.

21. LEASES

The Group entered into lease contracts with various tenants for the rental of the Group's warehouse and building facilities. The lease term ranges from three (3) months to one (1) year and is renewable under such terms and conditions as the parties may agree, provided that at least ninety (90) days prior to the expiration of the lease period, the lessee shall inform the lessor in writing of his desire to renew the lease.

Lease contracts include payment of advance rental by the lessee which shall be refunded without interest on the expiration of the lease or pre-termination of the lease period, less any corresponding obligation and damages. Outstanding advances from lessees amounted to P2,893,062 and P5,658,449 as at December 31, 2025 and 2024, respectively, as shown in the consolidated statements financial position.

Deferred rental income relative to the lease amounted to P2,029,505 and P4,598,670 as at December 31, 2025 and 2024, respectively, as shown under 'Accounts payable and other liabilities' account (see Note 11).

The future minimum lease receivables are as follows:

	2025	2024	2023
Due within 1 year	₱2,029,505	₱4,598,670	₱3,873,553
Due beyond 1 year but not more than 5 years	—	—	—
	₱2,029,505	₱4,598,670	₱3,873,553

Outstanding balance of receivable from tenants as at December 31, 2025 and 2024 amounted to ₱538,062 and ₱615,895, respectively (see Note 5). Total rental income is ₱24,003,357, ₱32,563,156, and ₱25,749,089 in 2025, 2024, and 2023, respectively (see Note 8).

22. EARNINGS (LOSS) PER SHARE

The following table presents information necessary to calculate the earnings (loss) per share:

	2025	2024	2023
Consolidated net income (loss) for the year	(₱11,123,921)	₱ 198,952,193	₱3,605,543
Weighted average number of common shares outstanding during the year	3,276,035,637	3,276,035,637	3,276,035,637
Earnings (loss) per share	₱0.0034	₱0.0607	₱ 0.0011

23. COMMITMENTS AND CONTINGENCIES

Commitments, guarantees and contingent liabilities that arise in the normal course of operations of the Group are not reflected in the accompanying Group consolidated financial statements. Management is of the opinion that losses, if any, from these commitments and contingencies will not have a material effect on the Group consolidated financial statements.

- a. On September 7, 1999, the BOD approved the execution of a third-party real estate mortgage on the Group's properties located in Quezon City with an actual area of 6,678 square meters to secure the loan of Waterfront Philippines, Incorporated (WPI), an affiliate, with the Social Security System (SSS) amounting to ₱375 million. In 2003, SSS foreclosed the asset mortgaged in the amount of ₱198,639,000.

The Group filed a civil case against SSS on the foreclosed property claiming for sum of money and damages in the amount of ₱500 million. On January 12, 2015, the contract of loan and real estate mortgage were declared null and void by the RTC. Thus, WPI was directed to return the amount of ₱375 million to SSS and for SSS to return the properties and shares used as collateral. SSS filed an appeal to the Court of Appeals.

On August 30, 2019, the Court of Appeals issued its Decision reversing the RTC's Decision dated January 13, 2015 and Order dated May 11, 2015. The CA declared that the October 28, 1999 "Contract of Loan with Real Estate Mortgage and Assignment of Shares with Option to Convert to Shares of Stock" and the extra judicial foreclosure sale of the Green Meadows properties covered by Transfer Certificate of Title Nos. N-153395 and N-153396 are valid.

The CA ordered WPI to satisfy the deficiency under the October 28, 1999 "Contract of Loan with Real Estate Mortgage and Assignment of Shares with Option to Convert to Shares of Stock" in the sum of ₱841,567,136.85 due to SSS as of April 30, 2010. This obligation shall earn the stipulated interest and penalty charges, in accordance with the terms and conditions of the October 28, 1999 "Contract of Loan with Real Estate Mortgage and Assignment of Shares with Option to Convert to Shares of Stock", computed from April 30, 2010 until finality of the Decision.

On November 4, 2019, the Group together with WPI and TWGI filed a Petition for Review on Certiorari before the Supreme Court (SC). The SC in its decision dated July 6, 2021 granted the petition and the CA's Decision dated August 30, 2019 was reversed and set aside. SSS filed its Motion for Reconsideration dated January 28, 2022 praying for the dismissal of WPI's Petition for Certiorari. On September 21, 2022, the SC issued a resolution denying SSS's Motion for Reconsideration with finality. On December 20, 2022, the SC issued an Entry of Judgment.

In compliance with the SC's Decision, both parties submitted their respective proposed computation of all amounts to be paid as well as a list of all properties to be returned by each party before the RTC. Thereafter, the RTC issued an Order dated August 17, 2023, to order WPI to pay ₱258,117,750 to SSS. In the same Order, SSS was ordered to return to the Group the original copies of Transfer Certificate of Title (TCT) Nos. N-153395 and N-153396, T-558207, T-186142, T-180250, T-180246, T-180247, T-180248, T-180249 and T-180250, together with the original tax declarations, if any, within a period of ten (10) days from receipt of the Order and reconvey to the Group the properties covered by TCT Nos. N-153395 and N-153396 within a period of sixty (60) days from receipt of the Order. Regina Capital Corporation is ordered to release to TWGI the Stock Certificates representing 235,000,000 shares of WPI within a period of ten (10) days from the date of receipt of the Order; and to release to the Group the Stock Certificates representing the 80,000,000 shares of the Parent Company within a period of ten (10) days from the date of receipt of the Order.

SSS filed a Motion for Reconsideration to the aforesaid Order but the same was denied by the RTC in its Order dated January 12, 2024. SSS filed its Manifestation of Conditional Acceptance. The Parent Company together with WPI and TWGI then filed a Motion to Direct the Register of Deeds of Quezon City to cancel TCT Nos. N-281261 and N-281262 and to reinstate TCT Nos. N-153395 and N-153396 to which the Court granted in its Order dated August 6, 2024.

Thereafter, SSS filed its Urgent Omnibus Motion for Reconsideration of the August 6, 2024 and for Inhibition of Hon. Presiding Judge Renato M. Pambid ("Hon. Pambid"). The said Motion was denied by the Court on October 3, 2024.

On December 3, 2024, SSS filed a Petition for Certiorari (with Application for Temporary Restraining Order and/or Preliminary Injunction) against Hon. Pambid, WPI, TWGI and the Parent Company before the CA, docketed as CA G.R. SP No. 187166.

On May 19, 2025, the Corporate Counsels, Philippines Law Offices filed Notices of Withdrawal in both CA G.R. SP No. 183716 and CA G.R. SP No. 187166, informing the CA of its withdrawal of appearance as counsel for WPI, TWGI and the Parent Company.

As of the reporting date, the cases remain pending before the Court of Appeals, and management continues to monitor developments.

24. FINANCIAL RISKS MANAGEMENT OBJECTIVES AND POLICIES

The Group is exposed to a variety of financial risks which results from both its operating and financing activities. The Group's risk management is coordinated with the Group, in close cooperation with the BOD, and focuses on actively securing the short-term cash flows by minimizing the exposure to financial markets.

The Group does not actively engage in the trading of financial assets for speculative purposes nor does it write options.

The most significant financial risks to which the Group is exposed to are described below.

Credit risk

Credit risk refers to the risk that counterparty will default its contractual obligation resulting in financial loss to the Group. The Group's credit risk is primarily attributable to its financial assets which composed of cash, trade and other receivables and advances to related parties.

The Group's exposure to credit risk arises from default of the counterparty with a maximum exposure equal to the carrying amount of these instruments, as summarized below:

Credit risk exposure

The Group's maximum exposure to credit risk without taking into account any collateral held or other credit enhancements arises from the carrying amount financial assets recognized in the consolidated statements of financial position.

In order to minimize credit risk, the Group has developed and maintained internal credit risk grading to categorize exposures according to their degree of risk of default. The Group uses its own trading records to rate its major customers and other debtors.

The Group's current credit risk grading framework is as follows:

Category	Description	Basis for recognizing ECLs	Base	Minimum allowance for credit losses	Stage
Performing	The counterparty has a low risk of default and does not have any past due amounts	12-month ECL	0%	0%	1
Doubtful	Amount is 1-30 days past due or there has been a significant increase in credit risk since initial recognition	Lifetime ECL – not credit-impaired	25%	1%	2
	Amount is 31-90 days past due or there is evidence indicating the asset is credit-impaired	Lifetime ECL – not credit-impaired	25%	5%	2
	Amount is 91-180 days past due or there is evidence indicating the asset is credit-impaired	Lifetime ECL – not credit-impaired	25%	10%	2
	Amount is 181-360 days past due or there is evidence indicating the asset is credit-impaired	Lifetime ECL – not credit-impaired	25%	25%	2
In default	Amount is over 1 year to 2 years past due or there is evidence indicating the asset is credit-impaired	Lifetime ECL – credit-impaired	50%	25%	3

	Amount is over 2 year to 3 years past due or there is evidence indicating the asset is credit-impaired	Lifetime ECL – credit-impaired	100%	25%	3
	Amount is over 3 year to 5 years past due or there is evidence indicating the asset is credit-impaired	Lifetime ECL – credit-impaired	100%	50%	3
Write off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery	Amount is written off	100%	100%	3

The maximum credit risk exposure of the financial assets is the carrying amount of the financial assets shown on the face of consolidated statements of financial position, as summarized below:

December 31, 2025					
		Basis of recognizing ECL	Gross carrying amount	Loss allowance	Net carrying amount
Cash in banks – note 4	(a)		₱5,076,638	₱ –	₱5,076,638
Trade and other receivables – note 5	(b)	Lifetime ECL	113,060,564	(82,324,388)	30,736,176
Advances to related parties – note 19	(b)	Lifetime ECL	37,015,878	(7,860,250)	29,155,628
Total			₱155,153,080	(₱90,184,638)	₱64,968,442

December 31, 2024					
		Basis of recognizing ECL	Gross carrying amount	Loss allowance	Net carrying amount
Cash in banks – note 4	(a)		₱ 12,640,454	₱ –	₱12,640,454
Trade and other receivables – note 5	(b)	Lifetime ECL	112,786,490	(82,283,167)	30,503,323
Advances to related parties – note 19	(b)	Lifetime ECL	42,196,762	(7,860,250)	34,336,512
Total			₱167,623,706	(₱90,143,417)	₱77,480,289

None of the Group's financial assets are secured by collateral or other credit enhancements, except for cash as described below.

(a) *Cash in banks*

The credit risk for cash in banks is considered negligible, since the counterparties are reputable banks with high quality external credit ratings. Cash in banks are insured by the Philippine Deposit Insurance Corporation up to a maximum coverage of ₱1,000,000 for every depositor per banking institution.

(b) Trade and other receivables and advances to related parties

Trade and other receivables

Credit risk arising from rental income from leasing of buildings is primarily managed through a tenant selection process. Prospective tenants are evaluated on the basis of payment track record and other credit information. In accordance with the provisions of the lease contracts, the lessees are required to deposit with the Group security deposits and advance rentals which helps reduce the Group's credit risk exposure in case of defaults by the tenants.

For existing tenants, the Group has put in place a monitoring and follow-up system. Receivables are aged and analyzed on a continuous basis to minimize credit risk associated with these receivables.

The Group has applied simplified approach to measure the loss allowance using management's adopted policy on ECL on trade and other receivables.

Advances to related parties

For advances to related parties, the Group has applied the general approach to measure the loss allowance using management's adopted policy on ECL. The Group determines the ECL on these items by using historical credit loss experience based on the past due status of the debtors, adjusted as appropriate to reflect current conditions and estimates of future economic conditions.

To measure the ECL, trade and other receivables have been grouped based on shared credit risk characteristics and the days past due. The Group has therefore concluded that the expected loss rates for trade and other receivables parties are a reasonable approximation of the loss rates for the financial assets.

Equity price risk

Equity price risk is the risk that the fair value of equity instrument decreases as a result of changes in the value of individual stocks. The Group's exposure to equity price risk arises from investments held by the Group and classified in the Group's consolidated statements of financial position as financial asset at FVOCI.

Equity instruments designated at FVOCI in unquoted price are held for strategic rather than trading purposes. The Group does not actively trade these investments.

If the price of the financial assets at FVOCI had been 10% higher/lower the other comprehensive income for the years ended December 31, 2025 and 2024 would decrease/increase by ₹1,199,375.

Liquidity risk

The Group's policy is to maintain a balance between continuity of funding through cash advances from related parties.

The following table details the Group's remaining contractual maturity for its financial liabilities. The table below has been drawn up based on undiscounted cash flows of financial liabilities based on earliest date on which the Group can be required to pay.

December 31, 2025	With indefinite term of maturity	With definite term of maturity		Total
		Due within one year	More than one year	
Accounts payable and other liabilities*	₱ —	₱6,303,241	₱ —	₱6,303,241
Lease liability		46,930	—	46,930
Advances from related parties	404,216,901	—	—	404,216,901
Advances from lessees	—	2,893,062	—	2,893,062
	₱404,216,901	₱9,243,233	₱ —	₱413,460,134

*excluding government liabilities

December 31, 2024	With indefinite term of maturity	With definite term of maturity		Total
		Due within one year	More than one year	
Accounts payable and other liabilities*	₱ —	₱ 6,545,843	₱ —	₱ 6,545,843
Lease liability	—	137,908	46,930	184,838
Advances from related parties	402,888,139	—	—	402,888,139
Advances from lessees	—	5,658,449	—	5,658,449
	₱ 402,888,139	₱12,342,200	₱ 46,930	₱415,277,269

*excluding government liabilities

Substantial portion of the Group's financial liabilities consist of advances from related parties. There is no specific terms of advances agreed with the related parties. The Group does not expect to pay its liabilities to related parties nor expect related parties to collect within twelve (12) months after the reporting date. Furthermore, advances from affiliates and stockholders were settled through assignment and offsetting among the Group.

25. CAPITAL RISKS MANAGEMENT

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for stockholders and to maintain an optimal capital structure to reduce the cost of capital.

The Group defines capital as share capital and deficit for the purpose of capital management.

Consistently with others in the industry, the Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total liabilities as shown in the consolidated statements of financial position less cash. Total capital is calculated as Equity as shown in the consolidated statements of financial position plus Net debt.

Gearing ratio compares some form of owner's equity to borrowed funds. It is a measure of financial leverage demonstrating the degree to which the Group's activities are funded by owner's funds versus creditors' funds.

In 2025, the Group's strategy, which was unchanged from 2024, was to keep the gearing ratio below 50% as proportion to net debt to capital. The gearing ratios as at December 31 were as follows:

	2025	2024
Debt	₱415,259,394	₱ 418,132,170
Cash	(5,096,638)	(12,660,454)
Net debt	410,162,756	405,471,716
Total equity	1,391,076,653	1,402,200,574
Total capital	1,801,239,409	1,807,672,290
Gearing ratio	0.23:1.00	0.22:1.00

The status of the Group's operation and management plan is fully disclosed in Note 1.

The Parent Company is subject to externally imposed capital requirement amounting to ₱6,250,000 which is the minimum paid-up capital requirement of SEC for mining companies. as at December 31, 2025 and 2024, the Parent Company is in compliance with this externally imposed capital requirement.

On the other hand, the Parent Company's subsidiaries are not subject to any externally imposed capital requirements.

26. FAIR VALUE INFORMATION

Assets measured at fair value

The following table gives information about how the fair values of the Company's assets, which are measured at fair value at the end of each reporting period, are determined (in particular, the valuation technique(s) and inputs used).

	Fair value as at December 31		Fair value hierarchy	Valuation techniques
	2025	2024		
Financial assets at FVOCI				
Unquoted shares	₱11,993,750	₱11,993,750	Level 3	Adjusted net asset method

Assets and liabilities not measured at fair value

The following table gives information about how the fair values of the Group's assets and liabilities, which are not measured at fair value but the fair values are disclosed at the end of each reporting period, are determined.

	2025		Fair value hierarchy	Valuation techniques
	Carrying Value	Fair Value		
Financial Assets				
Advances to related parties	₱ 29,155,628	₱27,539,760	Level 2	(a)
Non-Financial Assets				
Investment properties	1,188,686,486	4,012,200,013	Level 2	(b)
Interest in joint operation	522,916,369	2,406,850,000	Level 2	(b)
	₱1,711,602,855	₱6,419,050,013		

	2025		Fair value hierarchy	Valuation techniques
	Carrying Value	Fair Value		
Financial Liabilities				
Advances from related parties	₱ 404,216,901	₱381,814,327	Level 2	(a)
	2024		Fair value hierarchy	Valuation techniques
	Carrying Value	Fair Value		
Financial Assets				
Advances to related parties	₱ 34,336,512	₱ 32,433,508	Level 2	(a)
Non-Financial Assets				
Investment properties	1,190,192,822	4,393,513,600	Level 2	(b)
Interest in joint operation	522,916,369	2,406,850,000	Level 2	(b)
	₱1,713,109,191	₱6,800,363,600		
	2024		Fair value hierarchy	Valuation techniques
	Carrying Value	Fair Value		
Financial Liabilities				
Advances from related parties	₱402,888,139	₱ 380,559,208	Level 2	(a)

The methods and assumptions used by the Group in estimating the fair value of the financial instruments are as follows:

- (a) The fair values of advances to related parties and advances from related parties are determined based on the discounted value of future cash flows using the prevailing PHP BVAL rates that are specific to the tenor of the instruments' cash flow as at reporting date. Discount rates used is 5.04% in 2025 and 6.18% in 2024.
- (b) The fair values are based on combination of appraisal done by an independent appraiser on various dates in 2025 and 2024 and using the market approach, in which the fair value is based on prices recently paid for similar assets, with adjustment made to the indicated market prices to reflect condition and utility of the appraised assets relative to the market comparable.

The fair value of cash in banks, trade and other receivables, accounts payable and other liabilities (excluding government liabilities), lease liability, borrowings and advances from lessees approximate carrying value due to relatively short-term maturities.

27. RECONCILIATION OF LIABILITIES ARISING FROM FINANCING ACTIVITIES

The reconciliation about the changes in the Group's liabilities arising from financing activities, including both cash and non-cash changes for the years ended December 31 are as follows:

	Balance as at January 1, 2025	Changes from financing cash flows	Balance as at December 31, 2025
December 31, 2025			
Advances from related parties	₱402,888,139	₱ 1,328,762	₱404,216,901
Lease liability	184,838	(137,908)	46,930
	₱403,072,977	₱ 1,190,854	₱404,263,831

December 31, 2024	Balance as at January 1, 2024	Changes from financing cash flows	Balance as at December 31, 2024
Advances from related parties	₱400,207,716	₱2,680,423	₱402,888,139
Lease liability	48,323	136,515	184,838
	₱400,256,039	₱2,816,938	₱403,072,977

**Independent Auditors' Report on
Components of Financial Soundness Indicators**

To the Board of Directors and Stockholders of
WELLEX INDUSTRIES INCORPORATED AND SUBSIDIARIES
35th Floor, One Corporate Center
Doña Julia Vargas Ave., cor. Meralco Ave.
Ortigas Center, Pasig City, Philippines

We have audited in accordance with Philippine Standards on Auditing, the consolidated financial statements of **Wellex Industries Incorporated and Subsidiaries** (the 'Group') as at December 31, 2025 and 2024, and for each of the three years in the period ended December 31, 2025, and have issued our report thereon dated April 13, 2026. Our audits were made for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The Supplementary Schedule on Financial Soundness Indicators, including their definitions, formulas, calculation, and their appropriateness or usefulness to the intended users, is the responsibility of the Group's management. These financial soundness indicators are not measures of operating performance defined by Philippine Financial Reporting Standards (PFRS) Accounting Standards and may not be comparable to similarly titled measures presented by other companies. This schedule is presented for the purpose of complying with the Revised Securities Regulation Code Rule 68 issued by the Securities and Exchange Commission and is not a required part of the consolidated financial statements prepared in accordance with PFRS Accounting Standards. The components of these financial soundness indicators have been traced to the Group's consolidated financial statements as at December 31, 2025 and 2024, and for each of the three years in the period ended December 31, 2025 and no material exceptions were noted.

Reporting Period	For the year ended 2025
Highest Ranking Person responsible for this report	Annabelle Abunda – Finance and Compliance Officer

**If you are a holding company, you could have an option whether to report on the holding company only or include the subsidiaries. However, please consider the principle of materiality when defining your report boundary.*

Materiality Process

Explain how you applied the materiality principle (or the materiality process) in identifying your material topics. ¹
The Company, Wellex Industries Inc. and its subsidiaries (collectively referred to as 'the Group'), will initially submit its Sustainability Report, considering the materiality impact related to economic, environmental and social topics. They consider different aspects in evaluating the materiality such as company policies, laws and regulations of the local government and current issues in the economy. The Sustainability Accounting Standards Board (SASB) Map used by the Group is reference in the SEC Memorandum Circular No. 4, Series of 2019 on the Sustainability Reporting Guidelines for Publicly Listed Companies. As per management assessment, the Group identified that the following matters as most likely to affect the economic, environmental and social impacts of the Company: A. Economic Impact – Economic Performance, Procurement Practices B. Environmental – Energy and Water Management C. Social Impact – Employee Management, Supply Chain Management, Customer Management and Data Security

¹ See [GRI 102-46](#) (2016) for more guidance.

ECONOMIC

Economic Performance

Direct Economic Value Generated and Distributed

Disclosure	Amount	Units
Direct economic value generated (revenue)	24,003,357	PhP
Direct economic value distributed:		
a. Operating costs	4,982,714	PhP
b. Employee wages and benefits	4,455,565	PhP
c. Payments to suppliers, other operating costs	15,629,041	PhP
d. Dividends given to stockholders and interest payments to loan providers	-	PhP
e. Taxes given to government	8,450,313	PhP
f. Investments to community (e.g. donations, CSR)	35,000	PhP

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
Only the subsidiaries of PCIC generate income by leasing out its warehouses. It also gives employment opportunities to people around the area.	Stockholders, Lessees and Employees	Management and its directors have dedicated to provide financial support to WIN and PCIC, which has no operation, in order to meet its working capital requirements and to be able to settle obligations as they fall due. Management chose to leased out the subsidiaries' warehouses in order to continually generate income and sustain its expenses. It also employs people who are residents within the area.
Procurement from local goods and services that is essential to the business.	Suppliers and Government	The Group relies on its suppliers and service providers such as banks and utilities service providers.
What are the Risk/s Identified?	Which stakeholders are affected?	Management Approach
Availability of goods and services as certain skills and capabilities are required by the Group.	Directors, Service Providers/Suppliers and Government	The Group commits to continuously pay government and suppliers on time to maintain good relationship and to avoid penalties in the future.
What are the Opportunity/ies Identified?	Which stakeholders are affected?	Management Approach
The Group is committed to support third-parties who needed warehouses for rent.	Lessees and Government	The Group not only gained income from leasing but also helped third parties to store their products/items. They also make a good relationship with the lessees who follow strict compliance to government regulations.

Climate-related risks and opportunities²

The Company has not yet implement certain metrics and targets to assess and manage the relevant climate-related risks and opportunity at this moment as Parent Company has no mining operations yet.

² Adopted from the Recommendations of the Task Force on Climate-Related Financial Disclosures. The TCFD Recommendations apply to non-financial companies and financial-sector organizations, including banks, insurance companies, asset managers and asset owners.
